2. PUBLIC HEARINGS

2a. AMERESCO KELLER CANYON RNG, LLC (Applicant) – REPUBLIC SERVICES (Owner), County File CDLP18-02022: The applicant requests approval of a Land Use Permit application for a renewable natural gas processing facility and pipeline (RNGPFP) at the Keller Canyon Landfill (KCL), that would amend the approved KCL Land Use Permit LP89-2020. KCL is required by permits and regulations to collect and control landfill gas (LFG) to minimize impacts to the community and environment. The proposed RNGPFP would process LFG to a sufficient quality to allow it to be placed into the regional natural gas network. The design of the RNGPFP would meet or exceed all regulatory requirements and/or industry standards. The proposed project has been developed in accordance with the conditions of approval of LP89-2020. The pipeline would carry RNG from the proposed processing facility to a connection with the existing PG&E Line 191-1 natural gas transmission pipeline located on PG&E property east of KCL. The total pipeline length would be approximately 2.85 miles. Construction of the Ameresco RNGPFP would take 8 to 12 months. The property is located at 901 Bailey Road in the Pittsburg area in unincorporated Contra Costa County.
