REQUEST FOR PROPOSALS # 1302-007

**PLANNING OF (3) ONE-STOP CENTERS
FOR AB 109 PROGRAM**

Project Description

I. Introduction

The Contra Costa County Administrator's Office, on behalf of the Board of Supervisors, is issuing this Request for Proposals (RFP) # 1302-007 to receive proposals from service providers for a specific set of reentry services related to the implementation of AB 109 Public Safety Realignment in Contra Costa County. Based on the response to this solicitation for proposals, Contra Costa County (County) plans to contract with service providers for an initial period of June 1, 2013 to June 30, 2014. The County will retain the discretion to renew any contract issued, contingent on availability of funding and demonstrated successful performance by funded entities during the initial contract period.

Private, not-for-profit organizations, for-profit organizations, public agencies, and not-for-profit institutions of education who offer programs that serve the needs of the AB 109 population, with demonstrated effectiveness in providing evidence-based and research-informed services that address criminogenic needs and are designed to reduce recidivism, and with a commitment to working within collaborative efforts, are invited to submit proposals.

If your organization is interested and capable of providing the requested services by contract with the County, please carefully review the Request for Proposals (RFP) and submit your proposal as directed in the "Proposal Preparation Instructions." This solicitation is not in any way to be construed as an agreement, obligation, or contract between the County and any party submitting a proposal, nor will the County pay for any costs associated with the preparation of any proposal.

II. Synonymous Terms

As used throughout this bid and its attachments, the following terms are synonymous:

1.
 - a. Supplier, Vendor, Contractor, Successful Bidder, Operator
 - b. Purchase Order, Contract, Agreement
 - c. Services, Work, Scope, and Project
 - d. Proposer, Responder, Respondent, Bidder
2. "The County" refers to the County of Contra Costa, California.

III. Background

The California Legislature passed the Public Safety Realignment Act (Assembly Bill 109), which transferred responsibility for supervising specific low-level inmates and parolees from the California Department of Corrections and Rehabilitation to counties. This Act tasked local government at the county level with developing a new approach to reducing recidivism among certain low-level felony criminal offenders. AB 109 took effect October 1, 2011 and realigned three major areas of the criminal justice system.

On a prospective basis, the legislation:

- Transferred the location of incarceration for lower-level offenders (specified non-violent, non-serious, non-sex offenders) from state prison to local county jail pursuant to Penal Code 1170 (h) and provides for an expanded role for post-release Mandatory Supervision for these offenders;
- Transferred responsibility for post-release supervision of lower-level offenders (those released from prison after having served a sentence for a non-violent, non-serious, and non-sex offense) from the state to the county level by creating a new category of supervision called Post-Release Community Supervision (PRCS);
- Transferred the housing responsibility for parole and PRCS revocations to local jail custody.

AB 109 also tasked the local Community Corrections Partnership (CCP) with recommending to the County Board of Supervisors a plan for implementing public safety Realignment. The Board of Supervisors adopted the Contra Costa County Realignment Plan on October 4, 2011 (Agenda Item No. D.5), as recommended by the Executive Committee of the CCP.

The Executive Committee of the CCP is presently composed of the County Probation Officer (Chair), Sheriff-Coroner, a Chief of Police (represented by the Richmond Police Chief), District Attorney, Public Defender, Presiding Judge of the Superior Court or designee (represented by the Court Executive Officer), and the County Behavioral Health Director.

In June 2012, Contra Costa County was informed that the estimated FY 2012/13 and FY 2013/14 Realignment funding allocations were increased to \$19,285,330 from the FY 2011/12 allocation of \$4,572,950 (9-month allocation). The Executive Committee of the CCP met monthly to discuss program objectives and created an Ad Hoc Committee to develop an operational plan as a means to evaluate programming options. On November 9, 2012, the CCP Executive Committee adopted a finalized Operational Plan and on December 4, 2012 adopted a 2012/13 Public Safety Realignment Budget for recommendation to the Board of Supervisors. At its January 15, 2013 meeting, the Contra Costa County Board of Supervisors approved the FY 2012/13 AB 109 Public Safety Realignment Budget.

The approved FY 2012/13 AB 109 Public Safety Realignment Budget included \$4,035,000 for Community Programs as follows:

- | | |
|---|-------------|
| • Employment Support and Placement Services | \$2,000,000 |
| • Planning and Implementation of (3) One-Stop Centers | \$1,320,000 |
| • Short and Long-Term Housing Access | \$500,000 |
| • Peer and Mentoring Services | \$200,000 |
| • Development of a “Reentry Resource Guide” | \$15,000 |

IV. Service Delivery Model

The service delivery model developed by the CCP will involve multiple organizations working in collaboration to provide services to address the specific criminogenic needs of the AB 109 population. Applicants should incorporate the evidence-based practice of service delivery prior to community release, whenever possible.

A dedicated unit of AB 109 Probation Officers will serve as lead case managers to coordinate and track services provided by County and community-based partner organizations. The AB 109 Probation Officers will interview clients using a comprehensive, validated risk and needs assessment tool. Areas of criminogenic need will be identified and prioritized in developing an individualized case plan that addresses specific goals and needed services.

Throughout the past year, AB 109 Probation Officers have worked closely with the County's Behavioral Health Division's Forensic Team to coordinate service referrals. The Forensic Team was formed to address the needs of criminal justice involved individuals with co-occurring mental health and substance abuse disorders. In addition to mental health counseling and medication management, clients can access residential and out-patient substance abuse treatment, short term housing through homeless shelters, as well as assistance with enrollment in state and federal benefits including health care and income supports. This innovative partnership between County agencies will be further supported by RFP funded employment, housing, mentoring services as well as access to the Reentry Resource Centers in each region of Contra Costa County.

For Penal Code 1170(h) individuals sentenced to Mandatory Supervision, AB 109 Probation Officers will initiate case management pre-release including completing Criminal Assessment & Intervention System (CAIS) risk and needs assessments and developing a transition plan. Where appropriate, AB 109 individuals will access comprehensive Forensic Team services. AB 109 individuals who are not dually diagnosed with co-occurring disorders can still access the AB 109 designated shelter beds and substance abuse programs with Probation Officer referral to the County Behavioral Health Division. Both AB 109 Probation Officers and Forensic Team staff will make direct referrals and coordinate services with agencies funded through this RFP to provide employment, mentoring and housing services.

On August 24, 2012 the Executive Committee of the CCP unanimously agreed that the goals established by the *Contra Costa County Reentry Strategic Plan* would guide the planning for Public Safety Realignment. These goals are:

- Use a holistic, systemic, and inclusive approach that involves federal, state and local government stakeholders, community organizations, advocates, the formerly incarcerated, and family and community members;
- Adopt strategies that draw on evidenced-based approaches and practices;
- Target high- to moderate-risk probationers and parolees through the use of evidence-based tools;

- Emphasize geographic areas from which a disproportionate number of formerly incarcerated people are drawn and return;
- Incorporate assessment and case management tools targeting continuous reentry planning, beginning at the point of admission to the criminal justice system, and working through pre- and post-release;
- Embrace a commitment to the continuous and appropriate delivery of drug treatment, medical care, job training and placement, educational services, cognitive behavioral therapy and/or other service essential to reentry;
- Provide for independent evaluations of reentry programs using, when feasible, random assignment and controlled studies to determine effectiveness of programs and services provided; and
- Reduce crime, increase public protection, and protect people from further victimization.

V. Target Population

The target population to be served includes offenders released from state prison on or after October 1, 2011 who are placed on PRCS provided by the Probation Department and offenders convicted of a non-violent, non-serious, non-sex offense pursuant to Penal Code 1170(h) that are incarcerated in County jail and/or assigned to Mandatory Supervision by Probation.

Demographic Highlights

The County seeks to partner with eligible entities that have expertise in delivering reentry services to a diverse population assessed as moderate or high risk to re-offend. Respondents must demonstrate understanding of the demographics and criminogenic needs of justice-involved individuals and clearly articulate a track record of experience providing commensurate evidence-based services and interventions.

Since October 1, 2011, the AB 109 unit of the Contra Costa County Probation Department has supervised 738 clients, 425 under Post-Release Community Supervision and 313 on Mandatory Supervision under Penal Code 1170(h)(5)(b). A majority (90%) of AB 109 clients are male. Even so, services that are gender-responsive to the needs of female clients are encouraged. While clients range in age from 18 to over 65, the average age is 37 and the majority of clients are in the 18 to 45 age range.

Ninety-two (92) percent of currently supervised AB 109 clients are assessed as moderate to high-risk for recidivism using the CAIS tool. CAIS determines risk through a semi-structured interview that identifies gender responsive risks, strengths and needs based on criminogenic needs including mental illness and substance abuse, antisocial behavior history, antisocial-procriminal attitudes and associations, personality patterns and familial factors.

As of February 1, 2013, the AB 109 unit actively supervised 465 clients residing in Contra Costa County. Approximately 200 (43%) reside in East County (Antioch, Bay Point, Brentwood, Discovery Bay, Oakley, Pittsburg), approximately 145 (30%) reside in West County (Crockett, El Sobrante, Hercules, Pinole, Richmond, Rodeo, San Pablo), approximately 120 (25%) reside in

Central County (Clayton, Concord, Lafayette, Pacheco, Martinez, Pleasant Hill, Walnut Creek), and 2% reside in other counties (Alameda, Sacramento, Solano, Yolo).

In East County, 88% of AB 109 clients reside in Antioch, Pittsburg and Bay Point. In West County, 83% reside in the cities of Richmond and San Pablo. In Central County, 80% reside in Concord and Martinez. Respondents should demonstrate capacity to provide services in the cities where the majority of AB 109 clients reside.

Respondents are encouraged to target their proposals to serve specific subpopulations of the target population by demonstrating regional, age and/or gender-specific responsiveness and expertise.

VI. Funding

Up to \$120,000 (one hundred twenty thousand dollars) is allocated in the AB 109 Public Safety Realignment Budget to fund the provision of Planning of (3) One-Stop Centers, and the contract period is from June 1, 2013 through June 30, 2014. Planning grants may be awarded up to \$40,000 each for West, Central and East County. The Contra Costa County Administrator's Office (CAO) will administer these funds.

Agencies may submit proposals individually, or may collaborate and work together to provide services in one or more geographic areas of the county. Respondents may submit a proposal to deliver services in one region of the County or in more than one region, depending on their experience and expertise. If applying collaboratively, only one agency may serve as the lead and will be expected to coordinate all fiscal and administrative duties as needed to meet the contractual obligations.

This RFP may result in a single award or multiple awards.

VII. Purpose, Services, and Outcomes

A. Purpose:

“Reentry” is not a specific program, but rather a research-driven process that starts when an offender is initially incarcerated and ends when the offender has been successfully reintegrated in his or her community as a law-abiding citizen. The reentry process includes the delivery of a variety of research- and evidence-based program services in both pre- and post-release settings, designed to ensure that the transition from prison or jail to the community is safe and successful. The planning and implementation of One-Stop Centers, also known as First-Stop Centers or Reentry Resource Centers, can be a significant element of a successful reentry strategy.

The County wishes to establish three (3) Reentry Resource centers—one in each area of the County (West, Central, East), to function as a centralized service and assessment center emphasizing multi-disciplinary service coordination, service referral to community-based support, and collaborative case management. The County's Reentry Resource System would serve as the coordinating hub for multiple resources and partners, providing local residents returning home from incarceration access to the resources, services and support they need to successfully reintegrate into the community.

The County has issued this RFP to identify a highly qualified non-profit or for-profit entity, or collaboration of such entities, to plan for the establishment and operation of a County Reentry Resource Center in the West, Central, and East County regions which would incorporate evidenced-based theories and practices into facility operations and service delivery.

A Reentry Resource Center would establish clear communication with existing service providers to ensure that clients are not sent to agencies where services are no longer available or eligibility

restrictions prevent clients' participation. In addition, staff could assist and advocate for clients navigating complex service systems and identify service gaps and redundancies by ensuring current knowledge of existing services and gathering information on client needs and experiences. Proposed Reentry Resource Center(s) may be co-located in existing facilities, may be a new facility(ies), or may be a network of facilities and/or providers. Services may be co-located at the Reentry Resource Center or part of a broader network of services located in neighborhoods most impacted by crime and reentry.

Presently, Contra Costa County's Workforce Development Board operates five employment-related One-Stop centers throughout the County, in consortium with nine community partners. The EASTBAYWorks One-Stops provide assistance with employment and vocational training to job seekers. They are part of the Workforce Investment Act (WIA) client services. The concept is to integrate the numerous employment and training programs into a single, customer-friendly set of services. EASTBAYWorks One-Stop Centers are open to everyone. There is no eligibility determination. EASTBAYWorks One-Stop Centers are located in San Pablo, Richmond, Concord, Antioch, and Brentwood.

In addition to the five employment-related One-Stop centers, Contra Costa County is home to two financial services-related "one-stop" centers called "SparkPoint." Created by United Way of the Bay Area, SparkPoint Centers are financial education centers that help individuals and families who are struggling to make ends meet. SparkPoint Centers help clients address immediate financial crises, get them back on their feet, and build financially secure futures. SparkPoint Centers bring together a full range of services. Every SparkPoint client gets a coach who helps create a step-by-step plan to set and achieve personal financial goals – from getting out of debt, to going back to school, or finding a job. In Contra Costa County, the two SparkPoint Centers are: SparkPoint East Contra Costa-Bay Point and SparkPoint West Contra Costa-Richmond.

Also in operation in Contra Costa County is Anka Behavioral Health, Inc., a behavioral health, multi-site agency offering varied levels of care to adults and children who are mentally ill, homeless, have substance abuse issues, or involved in the criminal justice system. Anka operates three multi-service centers in Contra Costa County. These centers are located in Antioch, Concord, and San Pablo.

The funding in this solicitation is available for planning services for (3) One-Stops in the West, Central and East County regions. Grant amount: Up to \$40,000 per region. Applicants will facilitate design of a strategic, collaborative implementation plan for the establishment of a regional Reentry Resource Center. Key to the planning category is the development of an effective collaboration representing support from all levels of government, justice, mental health and substance abuse treatment services, transportation, housing, employment, advocates, consumers, victims, and family members.

B. Planning of (3) One-Stop Centers:

Planning services may include, but are not limited to, the following:

1. Leading a series of planning sessions with a core project team and with diverse stakeholders.
2. Engagement and retention of all voices in the process.
3. Developing a strategic vision, a set of operating principles, a governance structure and an implementation plan for the Reentry Resource Center.
4. Developing an MOU template to be signed by partner agencies to adhere to the operating principles and implementation plan.
5. Determining resource allocation and service provider roles, based on a method agreed upon by the planning group.
6. Developing a data and evaluation system for the Reentry Resource Center that includes data sharing across agencies.

C. Outcome measurements:

Expected outcomes of a Planning proposal must include, but are not limited to, the following:

1. A strategic vision that incorporates existing efforts, a set of operating principles, a governance structure, and an implementation plan for the Reentry Resource Center. The implementation plan should address service delivery design, outcome measurement, data sharing, quality assurance, service integration, and delineation of clear ongoing leadership roles for formerly incarcerated individuals in the operation of the center.
2. An agreement by core partners on the goals and operating principles of a Reentry Resource Center, including ancillary services.
3. A common understanding among core partners and stakeholders regarding operational processes, priorities and strategy of the Reentry Resource Center.
4. Determination of roles and responsibilities based on a method agreed upon by the planning group.
5. A first-year budget for the implementation of a Reentry Resource Center including committed and potential sources of funds, and the allocation of funds among different partners.

VIII. Minimum Organizational Requirements

1. *Service History*: A documented history of similar or equivalent service delivery addressing high risk criminal justice populations in the service area for which funding is sought, including successful completion of contract deliverables and participation in outcome evaluation.
2. *Justice System Collaboration*: A history of prior *or commitment to future* successful collaboration with Probation, corrections, local law enforcement or other justice system stakeholders.

Knowledge of and participation in “jail to community” service delivery models is preferred, including demonstrated history of working effectively within a correctional setting and maintaining staff with jail clearances.

3. *Staff Training*: Bidder’s staff must be qualified and adequately trained to provide services and able to maintain confidential offender record information (CORI), as needed. Staff must commit to full participation in trainings provided through the County, including trauma-informed practices among other topics.

County has the discretion to approve or disapprove the qualifications/training level of bidder’s staff working with Probation clients.

4. *Responsivity*: Demonstrated understanding and capacity to deliver responsive services, including cultural and linguistic competency, ties to the local community, field-based service delivery, gender specific programming, targeting multiple learning styles at varied literacy levels and relevant client engagement and retention strategies.

Demonstrated knowledge of and commitment to implement evidence-based practices related to successful engagement and recidivism reduction with high-risk criminal offenders is preferred.

5. *Interagency Collaboration*: Demonstrated interest and intent to collaborate with local county and non-profit service providers to obtain multi-disciplinary service delivery. A documented history of successful collaboration including shared case management and blended funding preferred. Staff must attend regular coordination meetings and collaborate with AB 109 partner agencies.
6. *Data Collection and Reporting*: Demonstrated capacity and commitment to collecting and reporting all required data including service delivery statistics (number served, units of service, dosage by client), and program-related impact and outcome measures.

Commitment to program changes and improvements based upon outcome data, including willingness to reconfigure services to enhance effective coordination through the AB 109

service provider network.

7. *Matching Resources*: Current or potential sources of matching resources to supplement direct funding including leveraged funding or services, and volunteer hours. Since the available funding is not adequate to meet the anticipated level of need, qualified organizations that demonstrate the capacity to access additional funding may be prioritized.
8. *Licensing/Certification Requirements*: Successful bidders must have and maintain all appropriate licenses, permits, and certifications as required by the laws of the United States, State of California, Contra Costa County, and all other appropriate governmental agencies.

- C. Complete program monitoring forms supplied by County.
- D. Maintain adequate records of service provision to document compliance with Service Plan and complete forms supplied.
- E. Cooperate with the collection of other fiscal/administrative/service data as requested by the County.

The CAO will:

1. Monitor subcontracts written by and entered into by the contractor;
2. Provide information to contractors concerning additional State or County data requirements not provided herein.

For all contracts where the total payment limit is above \$500,000, the aforementioned insurance coverage to be provided by Contractor shall have a minimum combined single limit coverage of \$1,000,000, and Contractor shall be required to provide County with a copy of the endorsement making the County an additional insured on all general liability, worker's compensation, and, if applicable, all professional liability insurance policies as required herein no later than the effective date of this Contract.

without the prior approval of the Board of Supervisors. In its County contractor capacity, Contractor shall not publicly attribute qualities or lack of qualities to a particular brand name or commercial product in the absence of a well-established and widely accepted scientific basis for such claims or without the prior approval of the Board of Supervisors. In its County contractor capacity, Contractor shall not participate or appear in any commercially produced advertisements designed to promote a particular brand name or commercial product, even if Contractor is not publicly endorsing a product, as long as the Contractor's presence in the advertisement can reasonably be interpreted as an endorsement of the product by or on behalf of Contra Costa County. Notwithstanding the foregoing, Contractor may express its views on products to other contractors, the Board of Supervisors, County officers, or others who may be authorized by the Board of Supervisors or by law to receive such views.

27. **Required Audit.** (A) If Contractor is funded by \$500,000 or more in federal grant funds in any fiscal year ending after December 31, 2003 from any source, Contractor shall provide to County at Contractor's expense an audit conforming to the requirements set forth in the most current version of Office of Management and Budget Circular A-133. (B) If Contractor is funded by less than \$500,000 in federal grant funds in any fiscal year ending after December 31, 2003 from any source, but such grant imposes specific audit requirements; Contractor shall provide to County an audit conforming to those requirements.
