## NOTICE OF PREPARATION of a Draft Supplemental Environmental Impact Report

TO: RESPONSIBLE AGENCIES AND INTERESTED ORGANIZATIONS & INDIVIDUALS

The Department of Conservation and Development will prepare a Supplemental Environmental Impact Report (SEIR) as the Lead Agency for the project identified below. Your agency has been identified as one of the agencies that will need to use the SEIR prepared by our agency when considering your permit or other approval for the project. We are **seeking input germane to your agency's statutory responsibilities** related to this proposed project, regarding the **scope and content of environmental information that must be included** in the SEIR. Pursuant to §15082(b)(1) of the State CEQA Guidelines, responses sent by agencies should: (A) include *significant environmental issues and reasonable alternatives and mitigation measures that the agency will need to have explored* in the EIR, and (B) specify *whether the agency will be a responsible agency or trustee agency* for the project.

See reverse for a brief description of this project, visit the County's website at [www.cccounty.us/kcl](http://www.cccounty.us/kcl) for a more detailed project description, including figures. Potential environmental effects of the project are expected to be directly related to land use, air quality, traffic or noise issues. A copy of the Initial Study ( is not) attached. We expect to circulate a Draft SEIR in the Summer of 2009. An agency scoping meeting is expected to be held in early January, tentatively on January 7, 2009 (actual date, time and location to be determined).

Due to the time limits mandated by State law, **your response must be sent** at the earliest possible date but **no later than 30 days after receipt of this notice**. Please send *your response to Deidra Dingman at the address shown above*. Background documents and files relating to the proposed project are available for review, by appointment, at the address above. Please provide us with the **name for a contact person in your agency that should receive future notices/correspondence related to this project**, including the Notice for the agency scoping meeting.

**Project:** Application (LP082026) to Amend Land Use Permit 2020-89 Conditions of Approval for the Keller Canyon Landfill

**Applicant:** Keller Canyon Landfill Company

**Date:** December 15, 2009

**Signature:**   
Deidra Dingman, Conservation Programs Manager
