REQUERED CLEARANCE AT LOW VOLUME
SUBDIVISION STREET INTERSECTIONS

NOTES:
1. This plan is intended for use on low volume subdivision streets. For commercial or high volume streets refer to the California Department of Transportation Highway Design Manual, Chapter 400, Section 405- "Intersection Design Standards, Sight Distance".
2. For utility clearances, see Standard Plan CL160.
3. For mailbox locations, see Standard Plan CA80.
4. For sign locations, see Standard Plan CRS1.
5. For Driveway set back, see Standard Plan CA10.
