Re: Supplemental Environmental Impact Report to Amend Land Use Permit  
2020-89 for Keller Canyon Landfill  
County File #LP08-2026  
State Clearinghouse No. 1989040415

Dear Mr. Brockbank:

Miller Starr Regalia represents Mt. Diablo Recycling. We are in receipt of the Notice of Preparation that the County issued on October 15, 2015 for the above-entitled project. My client is interested in staying informed about the County's consideration of this project and, therefore, requests that future notices concerning the project and any document prepared under the California Environmental Quality Act be provided to me, by email if possible, pursuant to the Public Resources Code and other applicable law.

Very truly yours,

MILLER STARR REGALIA
