Important Information

Check to acknowledge that you've read, understand, and agree to comply with each statement:

_____ I will **communicate with all** contractors, waste haulers, and anyone removing debris from the project site to ensure they are aware of this requirement and are taking the necessary steps to meet and prove compliance.

_____ During Construction Activities, I will **collect receipts, and other verifying documentation for any waste load** leaving my project site.

_____ I will call my chosen facility to **verify the process for obtaining C&D recycling receipts** before hauling any loads away from my project site.

_____ Prior to leaving facility, I will **confirm that all receipts received from facilities include date, facility name, type of material, amount, and unit of measurement** for each load.

_____ If I use a **facility that is NOT on the "Approved C&D Processing Facilities" list**, I will pay **the associated fee** and submit a Diversion Certification Form along with receipts and appropriate documentation. I understand that I will not receive recycling credit unless Diversion Certification Form adequately demonstrates the level of recycling to DCD.

_____ After construction activities have ended, I will **complete the required CalGreen Report** electronically, attach all receipts and other verifying documentation, and submit them collectively via e-mail to recycling@dcd.cccounty.us.

_____ I understand that Land Clearing Debris (plant, tree, dirt/soil, sand, and rock) receipts will not count towards CalGreen's 65% recycling rate requirement.

_____ I understand that the **project's final inspection will NOT be scheduled** if CalGreen Report and documentation does not adequately demonstrate 65% by weight of Construction and Demolition Debris was diverted (recycled or reused) from the landfill.

_____ If I am not the property owner for this project, I **promise to provide the property owner with a copy of this CalGreen Plan and Letter of Acknowledgement** being submitted on their behalf.
