Addendum to
Contra Costa County's 2019 Request for Interest:
RFI #1902-325
AB 109 Civil Legal Services
Response to Questions Received

Written Questions: RFI #1902-325

1. Whether an applicant can focus on a subset of the legal services listed (specifically item 11: deportation defense and other related immigration actions). If this is a possibility, would we still need to reach 100 clients?

The County's intent is to have the array of services described available to 100 individuals across the County. A Responder who only provides one or two of the services described in the RFI would not be qualified alone, but may be part of a collaborative effort to provide the services as described.
