CENSUS 2020 in Contra Costa

Participate in Census Solutions Workshops in June 2019

***See REVISED date & location for South County Event**

(Martinez, CA) – The future of your community starts here. The census provides a once a decade count of every person in the United States. This count determines representation in Congress and funding for our communities, including roads, affordable housing, schools, and parks.

Contra Costa County's Census 2020 Complete Count Steering Committee seeks to increase awareness and motivate residents to respond to the 2020 Census. In order to get a complete count, it will require strong collaboration between the County, cities, and community partners.

Here is how you can help:

- Provide insight about your community to inform a local outreach effort.
- Learn about potential mini-grant programs to reach hard-to-count populations.

The Census Solutions Workshops are focused on potential organizations, businesses, and agencies serving hard to count populations in Contra Costa County. Participate in a workshop to learn about the importance of the Census in your community ([register online](#)):

June 8, 9am – 11:30am

West County Census Solutions Workshop
