June 30, 2009

The Honorable Gayle B. Uilkema
Contra Costa County Board of Supervisors
651 Pine Street, Room 108A
Martinez, CA 94553

Dear Supervisor Uilkema,

Over a year ago, you advised us to let our neighbors know about our sanctuary plans, learn their views and seek their support. We followed this advice, and for the last eighteen months we have been visiting as many neighbors and businesses as we could in the surrounding community. The process of making personal visits has established and strengthened many new relationships with neighbors, and we are grateful for your advice that led us to undertake our "calling program."

Today, we present to you the tangible results of our efforts to date: 1,565 signatures of residents and business owners who support the building of our new sanctuary.

With warm regards and thanks,

Robert Carpenter

FAX: 925-938-1127

The Honorable Gayle B. Uilkema
Contra Costa County Board of Supervisors
651 Pine Street, Room 108A
Martinez, CA 94553

Dear Supervisor Uilkema,

Over the past year, we have continued to follow your suggestion of visiting neighbors to let them know of our sanctuary plans, learn their views and invite their support. This "calling program" has provided a welcome opportunity to strengthen our relationships with many neighbors and establish new ones, and we remain grateful for your suggestion to make these visits.

Today, we present to you the tangible results of our efforts over the last year: 1,157 new signatures of residents and business owners who support the building of our new sanctuary. This means that, together with the 1,565 signatures we submitted a year ago, a total of 2,722 people have expressed their support to the County for our new sanctuary.

With warm regards,

Robert W. Carpenter

Thank you for considering my comments. As a young child, attending the Meher School was a valuable and wonderful experience. Not only was it a superb education, it was also an encouraging, loving and safe place to be a kid. If there were a Meher School in my current area, I would not hesitate to send my own children there. It is my sincere wish to support Sufism Reoriented so that their positive work may continue.
