CONTRA COSTA COUNTY
ASSESSMENT APPEALS BOARD

Rule A. Defective Applications and Amendments

1. If an application is filed within the time required by law, it may be amended to avoid invalidity, subject nevertheless to Rule 305 (e) [Title 18, California Administrative Code Sec. 305 (e)], and these local rules.

2. The Clerk of the Assessment Appeals Board is authorized, but not required, to notify applicants respecting possible defects in an application, and of the applicant’s right to amend such application.

3. When the Clerk has given notice to an applicant of a possible defect in an application, and the defect has not been remedied within 15 days of the date of mailing of such notice, the Clerk shall place the application on the Board agenda for a hearing on the validity of the application, and all parties shall be given notice of such hearing.

4. If the Board determines an application is valid, it shall be heard on its merits or the Clerk shall set it for hearing on the merits at a later date. If the Board finds the application invalid, it shall not thereafter be heard, acted upon, or amended.

5. Notwithstanding the above procedures, the question of the validity of an application may be raised and decided at the time of the hearing on applicant’s request for reduction of assessment, providing no prior decision has been made by the Board on the specific defect placed in issue at the hearing.

6. When the Board has made no determination respecting the validity of an application, it may be amended under local rule A-1 at any time prior to the hearing, but not thereafter, except that with permission of the Board and for good cause such applications may be amended after the hearing has begun but before submission of the matter for decision.
Rule B.  

Late Applications

When it appears that an application has not been filed within the time set by law, the Clerk shall set the application for hearing before the Board on the question of timeliness only, and give notice of such hearing to the parties.

Rule C. Discovery and Prehearings

1. This Rule will apply only to valuation disputes where the Assessor’s opinion of value is $10,000,000 or more or the Assessor has sent an R+TC Sec. 441(d) request for information to the Applicant.

2. Either the Applicant or Assessor may request that the Board hold a discovery prehearing.

3. A discovery prehearing request by the Assessor should be made prior to 6 months before the end of the 2 year period of R+TC Sec. 1604(c) (or the extended time if a waiver has occurred), so as to allow adequate time to resolve discovery issues and timely prepare and complete the hearing.

4. A discovery prehearing request by the Applicant should be made prior to 6 months before the end of the 2 year period of R+TC Sec. 1604(c) (or the extended time if a waiver has occurred), unless the Applicant signs a waiver extending the 2 year period.

5. Pursuant to Rule 309(e) and 305.2(b), the Board will provide the Applicant and Assessor 30 days written notice of the date, time and place of the prehearing, including notice that:

   1) A Rule 305.2 prehearing will be held to determine the status of the Applicant’s compliance with the Assessor’s R+TC Sec. 441(d) request for information or other discovery.

   2) At the prehearing, the Applicant will have an opportunity to protest any denial of hearing within the 2 year period of R+TC Sec. 1604(c) and to explain its position regarding any alleged failure to fully comply with a proper Assessor’s R+TC Sec. 441(d) request for information.

   3) If the Board determines that the Applicant has not complied fully with a proper Assessor’s R+TC Sec. 441(d) request for information, the Board may render a discovery order that (inter alia):

      a) Requires the Applicant to divulge the information needed to fully comply with the Assessor’s request for information.

      b) Specifies that the R+TC Sec. 1604(c) two year limit will be suspended until:

          1) the Applicant fully complies with the request for information,
2)) the Assessor has time to analyze the information provided and request that the valuation hearing be set, and
3)) the Board thereafter sets, hears and decides the matter.

6. At the discovery prehearing, the Applicant will have an opportunity to explain its position regarding any alleged failure to fully comply with a proper Assessor's R+TC Sec. 441(d) request for information and to protest any denial of hearing within the 2 year period of R+TC Sec. 1604(c). The Board may hear any arguments and evidence it deems appropriate regarding the need for discovery and compliance with a discovery request. If the Board determines that the Applicant has not complied fully with a proper Assessor's R+TC Sec. 441(d) request for information, the Board may render a discovery order that (inter alia):

a) Requires the Applicant to divulge the information needed to fully comply with the Assessor's request for information.

b) Specifies that the R+TC Sec. 1604(c) two year limit will be suspended until:
   1)) the Applicant fully complies with the request for information,

Rule D. Decision and Findings

1. Findings must be requested in writing by either the Applicant or Assessor no later than the start of a hearing.

Applicability of Major Case procedure

2. In cases where findings have been requested and the Assessor’s opinion of value is $10,000,000 or more, the Board will follow the “major case” procedure set forth hereinbelow. In other cases where findings have been requested, or when findings have not been requested, the Board may follow any procedure it deems appropriate for making a legally sufficient decision and findings.

Major case procedure

3. A hearing may be completed as to evidence, but will not be deemed concluded until completion of any argument and briefing. A written proposed decision will be rendered by the Board within 45 days of the conclusion of the hearing.

4. The decision will be subject to modification and will not become final until the findings are adopted.

5. If the Board deems that the proposed decision clearly favors one party over the other, the Board may designate the prevailing party to prepare proposed findings. If the Board does not deem that the proposed decision clearly favors one party over the other, both parties may be designated to prepare proposed findings. The party (or parties) designated to submit findings may, but is not required to, submit proposed findings. Proposed findings must be submitted within 15 days of the designation of the party (or parties) to prepare findings. If proposed findings are not submitted by the designated party (or parties), the Board will prepare its own findings.

6. If a prevailing party has been designated to prepare proposed findings, the opposing party may respond to the proposed findings if it does so within 15 days.

7. If both parties have been designated to prepare proposed findings, each party may respond to the proposed findings submitted by the other party if it does so within 15 days.

8. If a party (or parties) designated to prepare findings fails to prepare proposed findings, the party (or parties) shall be deemed to have waived all objections to the findings adopted by the Board. If a party (or parties) fails to respond to
proposed findings prepared by the opposing party, the party (or parties) shall be deemed to have waived all objections to the findings adopted by the Board.

9. The Board may, but is not required to, hold a hearing on the proposed findings and responses thereto. Any such hearing is to be set within 15 days of the time for receiving the responses to proposed findings.

10. The Board shall render its findings within 15 days of the time for receiving the responses to proposed findings or, if a hearing on findings is held, within 15 days of the end of the hearing.

11. The Board may extend any of the forgoing times for up to 45 days; provided, however, that the findings and final decision must be adopted within 180 days of the close of the hearing. Should the extension of times preclude a final decision within two years of filing of the application, the Applicant will be expected to stipulate to said extension of time as well as waive all rights under Rule 309 and Revenue and Taxation Code Section 1604 and any other law during that time period.

12. The proposed decision may be modified to accord with the findings adopted by the Board. The proposed decision will become final upon adoption of the findings.
Rule E.  Continuance for Failure to Confirm Appearance

Not later than fifteen (15) days after the date of the Notice of Hearing, applicants are required to advise the Clerk of the Assessment Appeals Board either (a) that they intend to be present at the hearing as scheduled (b) that they withdraw their application for reduction in assessment, or (c) that they request a different hearing date. In the event that an applicant fails to so advise the Clerk of the Assessment Appeals Board, and the Assessor requests that the hearing be continued to permit preparation of the Assessor’s case, the Assessment Appeals Board, shall grant the Assessor a continuance for not less than fifteen (15) days.

Rule F. Failure to Appear for Hearing

1. The denial of an application by the Assessment Appeals Board under Rule 313 (Title 18, California Administrative Code, Section 313) for lack of appearance by the applicant or his agent is not a decision upon the merits of the application.

2. Not later than 30 days after the Clerk of the Assessment Appeals Board has mailed a copy of any decision denying and application under Rule 313 for lack of appearance, the applicant or his agent may file with the Clerk a written request verified under oath or penalty of perjury, that the Board vacate the denial and set the matter for hearing.

3. A request filed under Local Rule F-2 must include a statement of the particular facts and reasons upon which the applicant bases his claim that the denial should be vacated.

4. After notice to the applicant and the Assessor and after hearing, the Board shall grant or deny the request. Upon hearing, the applicant is required to prove by clear and convincing evidence that his failure to appear, or that of his agent, was the result of unforeseen and compelling circumstances beyond his control, which arose in such manner as to make a timely request for continuance impossible.
