County File #DP14-3008: A Development Plan Modification (DPM) to modify the current Development Plan for Byron Airport to permit all of the proposed new land uses either by-right or with approval of a land use permit. The DPM would also establish development standards, such as maximum building heights, maximum lot coverage, landscaping requirements, etc. Additionally, the Airport Land Use Compatibility Plan (ALUCP) would be updated with new policies and maps specific to Byron Airport, which would reflect the 2017 Airport Layout Plan for Byron Airport, the 2005 Byron Airport Master Plan, and guidance set forth in the most recent version of the Caltrans *California Airport Land Use Planning Handbook*.

County File #RZ21-3262: A rezone from Heavy Agricultural District (A-3) to Planned Unit District (P-1) for the subject 11.7-acre parcel to be acquired by the County to be part of the Byron Airport Development Program.
