

Project Update For
Danville Boulevard and Orchard Court Complete Streets Improvement

Figure 1. Crews placing formwork for the driveway and curb ramps at the Jackson Intersection

UPDATE: Work continues at the northernmost driveway access to the Alamo Shopping Plaza. The driveway will remain closed for approximately 2 more weeks. Crews completed work to install the underground portion of the new pedestrian flashing beacon as well as formwork for the new driveway, valley gutter, and curb ramps. Contractor plans to pour concrete for these areas as soon as later this week. Heavy rain and upcoming weather conditions could affect the current schedule.

About the project: The Danville Boulevard and Orchard Court Complete Streets Improvement project will improve safety of vehicle, bicycle, and pedestrian traffic along Danville Boulevard by incorporating the following improvements along the corridor:

- Improving and widening existing sidewalks and providing bicycle facilities along this segment of Danville Boulevard.
- Providing curb extensions and curb ramps compliant with the Americans with Disabilities Act
- Improving pedestrian crossing by shortening the overall length of the crosswalks and providing pedestrian refuge areas in the road medians.
- Constructing a roundabout at the intersection to reduce vehicle speeds and conflicts while maintaining movement of traffic through the intersection.
- Reconstructing sidewalks that will accommodate many of the existing mature trees along Danville Boulevard.
- Providing landscaped greenspace along the project corridor and in the roundabout center.

Contra Costa County Public Works Department

Brian M. Balbas, Director

Deputy Directors
Stephen Kowalewski, Chief
Allison Knapp
Warren Lai
Carrie Ricci
Joe Yee

The project will also include drainage improvements, utility relocations, landscaping improvements, and electrical work. Access to roads and driveways will be maintained throughout the construction of the project.

About Contra Costa County Public Works Department:

Contra Costa County Public Works Department (CCCPWD) maintains over 660 miles of roads, 150 miles of streams, channels and other drainage and over 200 County buildings throughout Contra Costa County. CCCPWD provides services such as Parks and Recreation, Sand Bag Distribution and Flood Control throughout unincorporated areas of Contra Costa County. To learn more about CCCPWD, please visit www.cccpublicworks.org

CONTACT: For more information, please visit the project website page at www.contracosta.ca.gov/danvilleblvd . If you have questions or comments about the project, please call the Project Information Line at 800-406-4260 and leave your name, phone number, and the best time to reach you, along with your comments or questions, and a member of the project team will respond within 24 hours.
