NOTES

511 Contra Costa Presentation

Kirsten Riker, 511 Contra Costa Project Manager, provided a comprehensive list of resources for attendees to reference when preparing for Bike to Work Day and beyond. The presentation was followed by a short Q&A.

Riker’s presentation slides can be found on the Sustainability Exchange website.

Central San “Go with the Flow” Biking/Walking Tour

Ben Lavender, Central Contra Costa Sanitary District (Central San) Community Affairs Representative, shared Central San’s [“Go With the Flow” biking or walking tour](#). The interactive map allows bicyclists and pedestrians alike to follow the path of wastewater infrastructure that would otherwise be hidden in plain sight!

Wrap Up

Here are the other programs the Sustainability Exchange is planning for 2023. We welcome your ideas for speakers, venues, and additional program topics.

- Q2: Field Trip
- Q3: Wildfire
- Q4: Climate Action Planning
