

Project Update For
Danville Boulevard and Orchard Court Complete Streets Improvement

Figure 1. Storm Drain Installation @ new Alamo Plaza Entrance

Figure 2. Re-installed Pedestrian Flashing Xing at Jackson Way

UPDATE:

Contractor continued installation of storm drain structures and pipes along the western half of Danville Boulevard. Continued coordination with existing Utilities for layout and adjustment of facilities to new sidewalk grade. Crews re-connected flashing pedestrian beacon on west side of Danville Blvd. at Jackson Way. Crews will continue to install drainage improvements, aggregate and grade for new sidewalk, curb & gutter.

About the project: The Danville Boulevard and Orchard Court Complete Streets Improvement project will improve safety of vehicle, bicycle, and pedestrian traffic along Danville Boulevard by incorporating the following improvements along the corridor:

- Improving and widening existing sidewalks and providing bicycle facilities along this segment of Danville Boulevard.
- Providing curb extensions and curb ramps compliant with the Americans with Disabilities Act
- Improving pedestrian crossing by shortening the overall length of the crosswalks and providing pedestrian refuge areas in the road medians.
- Constructing a roundabout at the intersection to reduce vehicle speeds and conflicts while maintaining movement of traffic through the intersection.
- Reconstructing sidewalks that will accommodate many of the existing mature trees along Danville Boulevard.
- Providing landscaped greenspace along the project corridor and in the roundabout center.

Contra Costa County Public Works Department

Brian M. Balbas, Director

Deputy Directors
Stephen Kowalewski, Chief
Allison Knapp
Warren Lai
Carrie Ricci
Joe Yee

The project will also include drainage improvements, utility relocations, landscaping improvements, and electrical work. Access to roads and driveways will be maintained throughout the construction of the project.

About Contra Costa County Public Works Department:

Contra Costa County Public Works Department (CCCPWD) maintains over 660 miles of roads, 150 miles of streams, channels and other drainage and over 200 County buildings throughout Contra Costa County. CCCPWD provides services such as Parks and Recreation, Sand Bag Distribution and Flood Control throughout unincorporated areas of Contra Costa County. To learn more about CCCPWD, please visit

www.cccpublicworks.org

CONTACT: For more information, please visit the project website page at

www.contracosta.ca.gov/danvilleblvd . If you have questions or comments about the project, please call the Project Information Line at 800-406-4260 and leave your name, phone number, and the best time to reach you, along with your comments or questions, and a member of the project team will respond within 24 hours.
