

Wildfire Mitigation Program

Anyone within Contra Costa County, regardless of their local fire district or department, can apply for a Wildfire Mitigation Program, as long as they meet the requirements for the specific program.

For more information, scan the QR code on the reverse side to visit our webpage.

Community Chipping Day

Chipping crews are provided to chip vegetation in Firewise Communities or neighborhoods with at least 10 homes participating in fuel reduction.

Low Income Exterior Hazard Control Program

Reimbursement of up to \$1,500 for property owner expenses spent on exterior hazard control or weed abatement.

Evacuation Route/Fire Trail Clean Up

This program focuses on maintaining fire access routes and includes vegetation management.

Removal of Dead Trees

Requests must be located on common or open spaces and the trees must be endangering structures.

Firewise Strategic Plan Projects

Firewise is a national program helping neighbors work together with their local fire jurisdiction to protect communities from wildfire danger.

Shaded Fuel Break

The objective of a shaded fuel break is to reduce, modify, and manage fuels in order to enhance mitigation efforts in the event of a wildfire.

Home Hardening Outreach Program

Prepare your home to increase its likelihood of survival from a wildfire.

Vegetation Management and Fuel Reduction

This program focuses on treating, clearing, or reducing debris and other types of combustible fuels.
