Telephone (925) 646-2181
Fax (925) 646-2649

Kenneth J. Corcoran
Auditor-Controller
Stephen J. Ybarra
Assistant Auditor-Controller

December 20, 2002

Members of the Board of Supervisors and Citizens of Contra Costa County:

The Comprehensive Annual Financial Report (CAFR) of the County of Contra Costa for the fiscal year of 2001-2002 is presented in compliance with Section 25253 of the Government Code of the State of California. The Office of the County Auditor-Controller, which is responsible for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, prepared this report. We believe the data, as presented, are accurate in all material aspects and presented in a manner designed to fairly set forth the financial position and changes in financial position of the County as measured by the financial activity of its various funds and component units and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

This year our CAFR will be significantly different and improved from those issued in prior years. This is the result of a major new reporting standard, Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. In addition to the fund financial statements and statistical section that we have presented in the past, we will now present more information to better enable readers to determine the cost of County services and how effectively it has used its resources. This includes the following:

- Management's Discussion and Analysis (MD&A) is a formal narrative by the County's management to provide an overview and analysis of the County's financial activity for the year and any known facts that may significantly affect future activity. Some of the information that was previously presented in this Introductory Section is now in the Management's Discussion and Analysis.
- Government-wide Financial Statements provide a broad overview of the County's finances in a manner similar to a private-sector business. The new statement of net assets presents all of the assets, including capital and infrastructure assets, net of all liabilities including long-term debt. In addition to general revenues (i.e. taxes and investment earnings), the new statement of activities presents the program revenues and expenses associated with the various functions of County government, its business-type activities and its component units.

- Required Supplementary Information (other than MD&A) consists of the General Fund’s budgetary comparisons.

The CAFR represents the culmination of all budgeting and accounting activities engaged in by management during the year, covering all of its financial transactions. The CAFR is organized into three sections:

- The Introductory Section is intended to familiarize the reader with the organizational structure of the County, the nature and scope of the services it provides, and the specifics of its legal operating environment.
- The Financial Section includes the independent auditor’s report on the basic financial statements, MD&A, audited basic financial statements, note disclosures and supporting statements and schedules necessary to provide readers with a comprehensive understanding of the County’s financial activities of the past fiscal year.
- The Statistical Section contains comprehensive statistical data for the County relating to its physical, economic, social and political characteristics.

THE REPORTING ENTITY

The County reporting entity includes all the financial balances and activities of the primary government as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable or other organizations for which the nature and significance of the relationship with the primary government are such that exclusion would make the enclosed financial statements misleading or incomplete. For further information on these component units see Note 1.A in the Notes to the Basic Financial Statements section of this report.

The reporting entity excludes certain separate legal entities which may have “Contra Costa” in their title, or which are required to keep their funds in the County Treasury or receive their tax apportionment from the County. Examples are school districts, the community college district, cities, city redevelopment agencies, the Bay Area Rapid Transit District, the Metropolitan Transportation Commission, and a variety of special purpose districts for cemeteries, mosquito abatement, recreation and parks, etc. These entities are autonomous organizations that handle their own fiscal affairs and for which the Board of Supervisors has no oversight responsibility. Accordingly, they are not included in the accompanying basic financial statements, except for their assets, principally cash and investments, which are held by the County Treasurer.

Contra Costa County was incorporated in 1850 as one of the original 27 counties of the State. It is one of nine counties in the San Francisco-Oakland Bay Area. The County covers about 733 square miles; the western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial and light industrial.

The County has a general law form of government. A five member Board of Supervisors, each elected to four year terms, serves as the legislative body. A County Administrative Officer is appointed by the Board and runs the day-to-day business.

The County provides the full-range of services contemplated by statute. These services include public protection, highways and streets, sanitation, health and social services, planning and zoning and general administrative services.

ECONOMIC CONDITIONS AND OUTLOOK

Long-term population and job growth projections remain positive. As of January 1, 2002, the County's population was estimated at 981,555, an increase of 23.1 percent since 1990. A study prepared by the Association of Bay Area Governments projects a 36.0 percent increase in population between 2000 and 2040.

The County's October 2002 jobless rate increased from 3.6 percent to 5.1 percent since October 2001. Consistent with historical performance, it was significantly below the State-wide average of 6.2 percent. The County's economy is very diverse; major industries include petroleum refining, steel manufacturing, chemicals, electronic equipment, paper products, services and food processing. The County consistently ranks as a leading county in both per capita and household income.

Additional information on the County's economic conditions and outlook is presented in the MD&A and in the Notes to the Basic Financial Statements.

MAJOR INITIATIVES AND SERVICE EFFORTS AND ACCOMPLISHMENTS

The County continued to explore and initiate ways to improve its operations to provide the most efficient and effective level of service to the public. The following highlights some of the County's major accomplishments, initiatives and service-level efforts for fiscal year 2001-2002:

- The County has been successful in maintaining favorable bond ratings, which continue to produce significant taxpayer savings through lower borrowing costs. Debt issuances during the period included:
 - The County sold \$70 million in Tax and Revenue Anticipation Notes in September 2001.
 - Private placement leases were refunded with upfront debt-service savings of \$280,000.
 - The County of Contra Costa Public Financing Authority issued \$12,650,000 in lease revenue bonds in June 2002.
- The County continued its efforts to conserve energy and successfully completed ten energy conservation projects in nine buildings and the Main Detention Facility, which included replacing 15-30 year-old heating, ventilation and air conditioning (HVAC) systems and upgrading digital control systems. The completion of these projects will result in estimated cost savings in excess of \$200,000 per year. The funding for these projects came from low-interest loans from the California Energy Commission.

- The County also continued to explore new ways to save energy and, consistent with the County’s sustainable building policy, developed the solar 309 KVP Photovoltaic System projects. The \$2 million project was financed 50 percent by receiving \$1 million in grant funding from P G & E to install photovoltaic roof panels at 50 Douglas Drive and the Main Detention Facility. This is the first installation of photovoltaic panels by the County and is estimated to annually reduce energy costs by approximately \$80,000.
- This year the County redesigned its Recommended Budget format to link departmental budgets with actual performance. The new Recommended Budget format includes performance measures and workload and outcome indicators. This change increases departmental accountability and assists the Board of Supervisors in making sound policy and budgetary decisions.
- Because of the County’s continued efforts to assess program costs with actual performance and benefits, the County secured a three-year grant for performance software for the “Spirit of Caring” initiative (Mental Health Services). This software is expected to generate data about costs, services, and performance outcomes that will lay the foundation for a cost/benefit analysis of prevention/early intervention efforts (Contra Costa Futures Initiative).
- The Community Services Department was recognized as a “Program of Achievement” by the National Head Start Association, which affirms that a program has successfully performed at a very high level of quality over a sustained period of time. This recognition was given to Community Services as the first such award in the history of California and as the second such award in the West Coast Region IX.
- The County continued to focus on public outreach and information. The County’s Government Access Channel, CCTV, received nine awards for excellence in cable programming, including two national Telly awards and seven Western Access Video Excellence (WAVE) awards.
- Library service throughout the County continued to be enhanced. In 2001-2002, the Board of Supervisors provided \$1.3 million from the County’s General Fund to the Library. This funding assisted in enabling the following:
 - Creating a strong partnership with cities by requiring cities to match the County’s contribution in order to receive County funds.
 - Providing fair and equitable library service throughout the County, including the County funding the contribution match for unincorporated areas.
 - As a result of the County’s efforts and commitment to enhancing library services, the number of library hours per week increased by 22 percent over the prior year and the libraries were accessible for additional evening hours.
 - For the first time, library circulation reached the 4 million mark; library circulation was not this high even when libraries were open 60 hours a week.

- The County Library received a \$2 million donation from Mirant California, LLC which will provide \$400,000 annually over the span of five years. In accepting these funds, the Board of Supervisors requested the East Region Library Board to develop a service plan utilizing these funds. The East Region Library Board recommended, and the County's Board of Supervisors approved, using these funds to increase library services in East County by purchasing additional books and implementing after-school library programs.
- The County continued to improve assistance to low-income parents by acquiring a new Head Start Center in Antioch. This newly acquired campus will allow the County to expand services provided by Head Start. The Head Start Program is critical in the County's efforts to assist low-income parents in becoming successful participants in the work force and/or move from welfare to work.
- The County continued its commitment to provide excellent health care in a quality environment:
 - The Pittsburg Health Center was relocated from a very antiquated building to a newly renovated Los Medanos Community Clinic in February 2002.
 - Construction of a Martinez Ambulatory Care building at the hospital campus in Martinez.
- An excellent quality of health care continued to be provided and expanded. The Contra Costa Health Plan's Advice Nurse Program became the first public entity to receive accreditation from the Utilization Review Accreditation Commission. The program was expanded to provide services under contract to eight other counties and now covers 245,000 citizens.

FINANCIAL INFORMATION

County management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the County are protected from loss, theft or misuse, and that accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

Budgetary Controls

The objective of the County's budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Board of Supervisors. Budgetary control is maintained at the object level for all annually budgeted funds; however, the legal level of control is at the department level. Using the County's automated accounting system, the Auditor-Controller restricts each department's expenditures to the amounts appropriated by the Board of Supervisors for the year. Increases in budget appropriations must be approved by the Board of Supervisors as a transfer from the Reserve for Contingencies, as a transfer from another appropriation, or as an appropriation of new or unanticipated revenue. No department is permitted to spend more than its available appropriations. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to fund balance. The year-end fund balance, along with projected

revenues, becomes available for appropriation the following year. An encumbrance accounting system is used to facilitate effective budgetary control. An encumbrance reserves a portion of an appropriation at the time a commitment is made to acquire goods or services. Open encumbrances are reported as reservations of fund balances at June 30, 2002, and are re-appropriated as part of the following year's budget.

Additional information on budget policy and control is presented in the Note to Required Supplementary Information on page 80.

General Governmental Functions

The financial activities of the general governmental functions are reported in the General, Special Revenue, Debt Service, Capital Projects and Permanent Funds. Included in these Funds are the special districts governed by the Board of Supervisors and the County's blended component units except for the Housing Authority, which is included in enterprise operations.

Enterprise Operations

The County's business-type activities are reported in the Enterprise Funds. These include the County Hospital, Health Maintenance Organization, Airport, Housing Authority, Sheriff Law Enforcement Training Center and the Major Risk Medical Insurance Enterprise Funds.

Cash Management

Cash temporarily idle during the year was invested in accordance with California Government Code Section 53600 (et seq.) which allows investment maximums of 40.0 percent in bankers' acceptances, 30.0 percent in negotiable certificates of deposit, and up to 30.0 percent in commercial paper. There is no limit on investments in collateralized certificates of deposit and U.S. Government issues. The County Treasurer continues to have a more restrictive investment policy than required by law. The Treasurer's investment policy was approved by the Board of Supervisors. In accordance with Government Code Sections 27130-27137, an investment oversight committee has reviewed the quarterly investment reports prepared by the Treasurer. The average yield on investments for the fiscal year ended June 30, 2002, was 3.27 percent.

Debt Administration

The County finances its cash requirements prior to collection of taxes by short-term borrowing. The 2001-2002 Tax and Revenue Anticipation Notes of \$70,000,000 received ratings of MIG 1 from Moody's Investors Service and SP-1+ from Standard and Poor's Corporation. These are the highest ratings for this type of borrowing. For long term obligations Standard and Poor's Corporation has given the County an Issuer Credit Rating of AA.

The County has capital lease obligations under lease/purchase agreements for various County buildings and other property. Past agreements have been made principally with the Contra Costa County Public Facilities Corporation, a non-profit public benefit corporation which assists the County in financing public buildings and facilities. Beginning in fiscal year 1997-1998, most new agreements have been and will be made with the County of Contra Costa Public Financing Authority, a joint powers authority consisting of the County and the Redevelopment Agency.

Risk Management

The County is self-insured for workers' compensation, general and automobile liability, medical malpractice, dental, management long-term disability and unemployment insurance. The County maintains excess insurance policies with private insurers to cover additional losses.

The County's Risk Management office administers claims for the various programs, provides loss prevention services and minimizes risks through various risk control strategies.

For specific information on coverage see Note 18 in the Notes to the Basic Financial Statements.

Pension Trust Fund Operations

The County participates in and contributes to a cost-sharing, multi-employer defined benefit pension plan that is governed by the County Employees Retirement Law of 1937 and which is administered by the Contra Costa County Employees' Retirement Association (the Association). Financial activities of the plan are reported in the County's Pension Trust Fund and a Comprehensive Annual Financial Report is available from the Association. Additional information about the plan is also presented in Note 15 in the Notes to the Basic Financial Statements in this report. The Association's address can be found in Note 1.A.

OTHER INFORMATION

Independent Audit

For over 60 years the policy of the County has been to require an annual audit of the financial statements of the County by independent certified public accountants. The Board of Supervisors selected the firm of Macias, Gini & Company LLP to perform the fiscal year 2001-2002 audit.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Contra Costa County for its fiscal year 2000-2001 Comprehensive Annual Financial Report. This was the twentieth consecutive fiscal year the County has received this award.

In order to be awarded a Certificate of Achievement, the County must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. Such a report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid only for a period of one year. We believe our current report continues to conform to Certificate of Achievement requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Web Site

The County maintains an Internet web site with an increasing amount of information useful to its citizens at <http://www.co.contra-costa.ca.us>. This document is also available there.

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Office of the Auditor-Controller. I would like to express my appreciation to all members of the Office who assisted and contributed to its preparation. I would also like to thank the members of the Board of Supervisors and the County Administrator for their interest and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

A handwritten signature in black ink, reading "Kenneth J. Corcoran". The signature is written in a cursive style with a large, stylized initial 'K'.

The Honorable Board of Supervisors
 County of Contra Costa
 Martinez, California

INDEPENDENT AUDITOR’S REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Contra Costa, California (County), as of and for the fiscal year ended June 30, 2002, which collectively comprise the County’s basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County’s management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Contra Costa County Housing Authority (Authority), a blended component unit of the County, which represents 10.8 percent of the assets and 16.3 percent of the revenues of business-type activities and represents 0.8 percent of the assets and 2.2 percent of the revenues of the aggregate remaining fund information. Also, we did not audit the financial statements of the Contra Costa Children and Families Commission (Commission), a discretely presented component unit of the County, which represents 100.0 percent of the discretely presented component unit opinion unit. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Authority and Commission, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of June 30, 2002, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1.B to the basic financial statements, the County adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis –for State and Local Governments*; GASB Statement No. 37, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus*; GASB Statement No. 38, *Certain Financial Statement Note Disclosures*; and GASB Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, effective July 1, 2001.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2002, on our consideration of the County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

OFFICE LOCATIONS

Sacramento • Los Angeles • Fresno • San Francisco Bay Area

The management's discussion and analysis and general fund budgetary comparison schedule, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and do not express an opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, accordingly, we express no opinion on them.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the County of Contra Costa's (County) Comprehensive Annual Financial Report presents a discussion and analysis of the financial activities of the County for the fiscal year ended June 30, 2002. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The assets of the County exceeded its liabilities at the close of fiscal year 2001-2002 by \$895,371,000 (net assets). Of this amount, \$148,090,000 (unrestricted net assets) may be used to meet the County's ongoing obligations to citizens and creditors, \$270,857,000 is restricted for specific purposes (restricted net assets) and \$476,424,000 is invested in capital assets, net of related debt.
- The County's total net assets increased by \$48,623,000 during the fiscal year.
- As June 30, 2002, the County's governmental funds reported ending fund balances of \$468,266,000. Approximately 79.2 percent of this total amount, \$370,868,000, is unreserved fund balance.
- As of June 30, 2002, unreserved fund balance for the General Fund was \$115,658,000 or 12.5 percent of total General Fund expenditures of \$925,684,000.
- The County's total debt decreased by \$9,570,000 or 1.3 percent during fiscal year 2001-2002.
- The downturn in the equity markets has resulted in reduced state revenues and losses in the investments of the Contra Costa County Employees' Retirement Association (CCCERA).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three parts: (1) **Government-wide** financial statements, (2) **Fund** financial statements, and (3) **Notes** to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The **statement of net assets** presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

The **statement of activities** presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, health and sanitation, public assistance, education, public ways and facilities and recreation and culture. The business-type activities of the County include the County Hospital, Health Maintenance Organization, Airport, Housing Authority, Sheriff Law Enforcement Training Center and Major Risk Medical Insurance.

Fund Financial Statements

The fund financial statements report groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities and objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: **governmental** funds, **proprietary** funds, and **fiduciary** funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of resources that are available for spending as well as on balances of resources that are available for spending at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 26 individual governmental funds (e.g. General, special revenue, debt service, capital projects and permanent) for reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements and schedules elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

Proprietary funds used by the County are of two different types: enterprise funds and internal service funds. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail.

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the operations of its County Hospital, Health Maintenance Organization, Airport, Housing Authority, Sheriff Law Enforcement Training Center and Major Risk Medical Insurance.
- **Internal service funds** are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its administrative costs and payment of claims for its various insurance programs to protect County assets and employees. They have been allocated between the governmental functions and business-type activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds are used to account for resources held for the benefit of entities legally separate from the County and individuals, which are not part of the reporting entity. The Contra Costa County Employees' Retirement Association pension plan, the County's investment trust fund, private-purpose trust fund and agency funds are reported under fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the County's General Fund budget and actual comparisons and progress in funding its obligation to provide pension benefits to employees.

Combining Statements and Schedules

The combining statements and schedules referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information (other than MD&A).

Component Units

The blended component units, as described in Note 1.A in the notes to the basic financial statements are included in all three parts of the County's basic financial statements. The County and its blended component units constitute the primary government. In addition to the blended component units, the government-wide financial statements and the notes to the basic financial statements also include the discretely presented component unit described in Note 1.A in the notes to the basic financial statements.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This is the first year the County has reported its financial activities and balances in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. The County has not restated prior year information for the purpose of providing the comparative data for the Management's Discussion and Analysis (MD&A) because some of that information was not readily available. However, in future years, prior year information will be available and a comparative analysis of government-wide data will be presented.

COUNTY'S NET ASSETS

June 30, 2002

(In Thousands)

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Total</u>
Assets:			
Current and other assets	\$ 1,049,662	125,383	1,175,045
Capital assets	<u>633,982</u>	<u>191,534</u>	<u>825,516</u>
Total Assets	<u>1,683,644</u>	<u>316,917</u>	<u>2,000,561</u>
Liabilities:			
Current and other liabilities	183,899	82,365	266,264
Long-term liabilities	<u>671,106</u>	<u>167,820</u>	<u>838,926</u>
Total Liabilities	<u>855,005</u>	<u>250,185</u>	<u>1,105,190</u>
Net Assets:

Total Net Assets	<u>\$ 828,639</u>	<u>66,732</u>	<u>895,371</u>

Analysis of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The County's assets exceeded liabilities by \$895,371,000 at June 30, 2002.

The largest portion of the County's net assets, \$476,424,000, or 53.2 percent, reflects its investment in capital assets (e.g., land, infrastructure, buildings, machinery, and equipment), less any related debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

An additional portion of the County's net assets, \$270,857,000, or 30.3 percent, represents resources that are subject to external restrictions on how they may be used. The major restriction on net assets, \$232,651,000, is for legally segregated taxes, grants and fees. The remaining balance, \$148,090,000 or 16.5 percent, is unrestricted net assets and may be used to meet the County's ongoing obligations to citizens and creditors.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

Analysis of the Changes in Net Assets

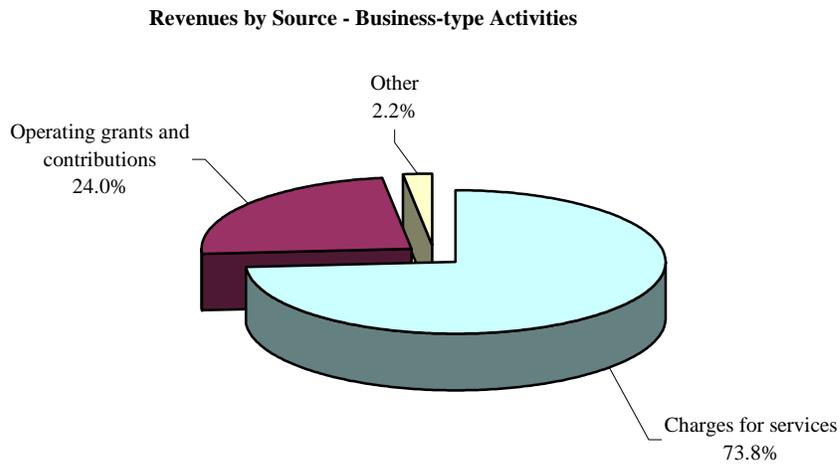

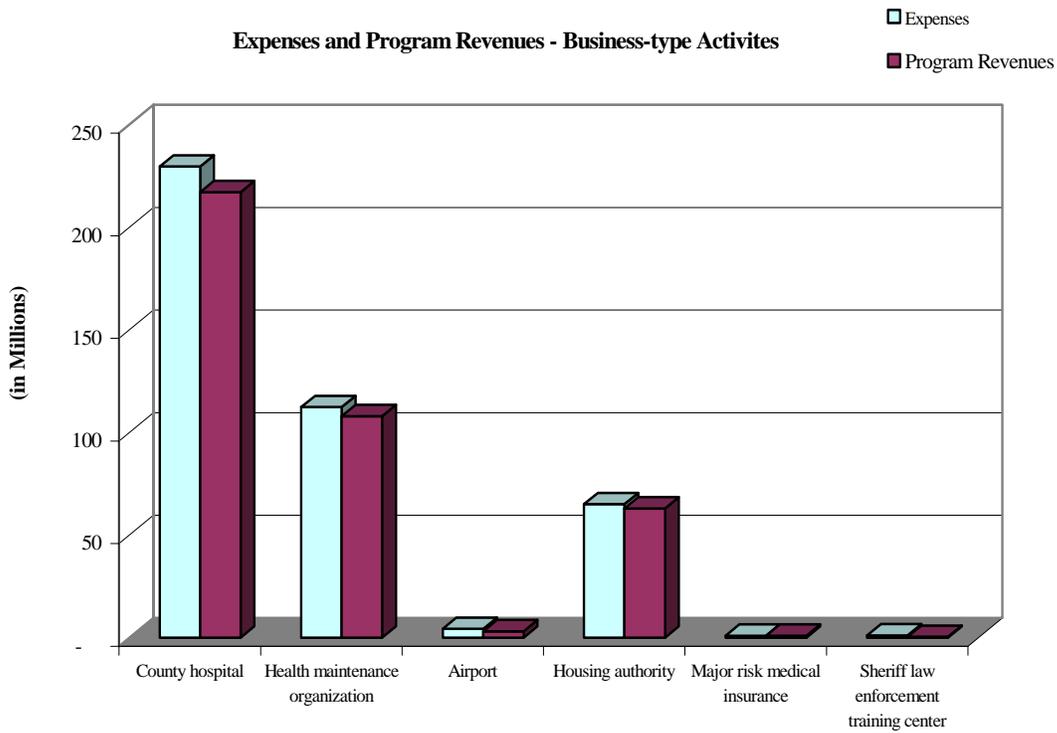

The County's net assets increased \$48,623,000 during fiscal year 2001-2002. Governmental activities increased net assets by \$57,020,000; however, business-type activities decreased net assets by \$8,397,000. The changes are explained below in the governmental activities and business-type activities discussions.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

Governmental activities increased the County's net assets by \$57,020,000, which was partially offset by a reduction in net assets from business-type activities.

- Property taxes increased as a result of a 10.5 percent increase in assessed valuation. This was due to strength in the real estate market and construction activity in a period of historically low interest rates.
- Grants and contributions were up due to increased State funding for public safety services, family income maintenance and other social services. There was also increased Federal funding for childcare, highway construction and family support services.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

Business-type activities decreased the County's net assets by \$8,397,000. Expenses exceeded program revenues in the County Hospital, Health Maintenance Organization, Airport, Housing Authority and Sheriff Law Enforcement Training Center.

- The cost of medical services and supplies exceeded the increases in funding sources for the costs.
- The Sheriff Law Enforcement Training Center began operation in fiscal year 2001-2002 and incurred start-up costs that were not yet recovered.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As noted earlier, this is the first year the County has reported its financial activities and balances in accordance with GASB Statement No. 34. To comply with this Statement, many of the financial balances and activities previously reported in trust and agency funds were reclassified and are now reported in governmental funds. The County has not restated prior year information for the purpose of providing the comparative data for the Management's Discussion and Analysis (MD&A) because some of that information was not readily available. However, in future years, that prior year information will be available and a comparative analysis of County fund data will be presented. The following is an analysis of the activities of the County's funds for fiscal year 2001-2002 as reported in the fund-basis statements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of government funds reported by the County include the General, special revenue, debt service, capital projects and permanent funds.

As of June 30, 2002, the County's governmental funds reported combined ending fund balances of \$468,266,000, an increase of \$20,227,000 in comparison with the prior year. Approximately \$370,868,000, or 79.2 percent of these fund balances, constitutes unreserved fund balances, which are available for spending at the County's discretion. The remainder of fund balances is reserved to indicate that it is not available for new spending because it has already been committed: (1) for encumbrances - to liquidate contracts and purchase orders of the prior period (\$57,608,000), (2) to reflect advances due from other funds and inventories (\$6,893,000), (3) to pay debt service (\$27,464,000), or (4) for miscellaneous other restricted purposes (\$5,433,000).

The General Fund is the primary operating fund of the County. At June 30, 2002, unreserved fund balance of the General Fund was \$115,658,000, while total fund balance reached \$169,402,000. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 12.5 percent of total General Fund expenditures, while total fund balance represents 18.3 percent.

In the Public Financing Authority Debt Service Fund, which is reported as part of the nonmajor governmental funds, capital outlay expenditures exceeded proceeds from the issuance of debt in fiscal year 2001-2002 by

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

approximately \$12,000,000. This resulted in a similar reduction in fund balance. It is not unusual to have timing differences between funding and expenditures for capital projects.

Proprietary Funds

As mentioned earlier, the County's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

Net assets at June 30, 2002, were \$20,858,000 for the County Hospital Enterprise Fund, \$5,458,000 for the Health Maintenance Organization Enterprise Fund and \$48,611,000 for the other enterprise funds. As a result of operations during the year, net assets of the County Hospital Enterprise Fund decreased by \$4,562,000, net assets of the Health Maintenance Organization Enterprise Fund increased by \$99,000 and the net assets of the other enterprise funds decreased by \$2,571,000.

Net assets of the internal service funds were a deficit of \$11,830,000. As a result of operations during the year, net assets of the Workers' Compensation Insurance County General Internal Service Fund decreased by \$11,799,000, the net assets of the Workers' Compensation Insurance Fire Protection Internal Service Fund decreased by \$2,167,000 and the net assets of the other internal service funds increased by \$394,000. The County accelerated its Workers' Compensation claim processing to reduce the future effects of rising medical treatment costs but this resulted in the actuary further increasing the reserve for benefits and claim expense. See Note 3 in the notes to the basic financial statements for further information.

GENERAL FUND BUDGETARY HIGHLIGHTS

The County's final budget differs from the original budget in that it contains carry-forward appropriations for various programs and projects, and supplemental appropriations approved during the fiscal year. Total budgeted revenues were increased \$138,116,000 or 15.5 percent, in the final budget. Actual revenues were less than final budgeted revenues by \$43,114,000, or 4.2 percent. Total budgeted expenditures were increased \$141,434,000 or 14.7 percent, in the final budget. Actual expenditures were less than final budgeted expenditures by \$179,058,000, or 16.2 percent. Significant factors affecting these changes were as follows:

Original Budget vs. Final Budget

Revenue Variances

- Budgeted Intergovernmental revenues were increased because of additional state and federal grants. State grant increases were for Medi-Cal health care, family income maintenance, public safety services, other social services and miscellaneous State aid. Federal grant increases were for of childcare, highway construction and family support.
- Budgeted Charges for services and Other revenues were increased to include additional funding for remodeling and construction projects.

Expenditure Appropriation Variances

- The Final Budget for General Government - Building Maintenance was increased to reclassify interfund charges as expenditures, which were previously recorded as transfers.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

- The Final Budget for General Government - Plant Acquisition included additional appropriations for building and improvement projects that were funded during the year.
- The Final Budget for Public Assistance - Community Development was increased for greater than expected affordable housing construction and acquisition activity under HUD Block Grants.
- The Final Budget for Public Assistance - Employment and Human Services Department (EHSD) Child and Family Services was increased due to additional spending requirements for Foster Care and Aid To Adoption programs.
- The Final Budget for Public Ways and Facilities - Road Construction was increased for projects identified and funded during the year.

Final Budget vs. Actual Amounts

Revenue Variances

- Property taxes were greater than expected as real estate valuations were stronger than anticipated and projected, given the recession.
- Licenses, permits and franchise fees revenue included gas surcharge payments received from Pacific Gas and Electric Company (PG&E). These payments were greater than budgeted, as the increase in energy prices was not anticipated.
- Intergovernmental revenues were less than budgeted because the budgeted revenues included full funding of capital projects and these projects were not completed during the year. State reimbursements to the Employment and Human Services Department were less than expected.
- Charges for services revenues were less than budgeted because some County construction projects were not completed during the year, as planned. The related funding for construction services from other County funds and external sources was not realized.
- Other revenue was less than budgeted because some County construction projects were not completed during the year, as planned. The related funding for other construction costs from other County funds and external sources was not realized.

Expenditure Variances

- The Final Budget for General Government - Employee Benefits included appropriations to fund employee benefits, improve the countywide payroll system, and manage the employee benefit programs that were less than anticipated.
- The Final Budget for General Government - Plant Acquisition included appropriations for various building improvement and construction projects that were not completed during the year.
- The Final Budget for Public Assistance - EHSD Workforce Services included appropriations based on expected Intergovernmental revenues that were not realized.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

- The Final Budget for Public Ways and Facilities - Public Works included appropriations for the design, construction and maintenance of County roads that were not completed during the year.
- The Final Budget for Public Ways and Facilities - Road Construction included appropriations for construction of the State Route 4 Bypass project that was not completed during the year.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Capital Assets

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

COUNTY'S CHANGES IN CAPITAL ASSETS
 (Net of Depreciation)
 (In Thousands)

	Governmental activities		Business-type activities		Total		Increase/ (Decrease)
	2002	2001 as restated	2002	2001 as restated	2002	2001 as restated	Percent Change
Infrastructure	\$ 239,221	227,837			239,221	227,837	5.0 %
Land and easements	60,108	59,997	10,464	10,464	70,572	70,461	0.2
Structures and improvements	238,772	232,544	130,564	136,806	369,336	369,350	
Equipment	42,379	41,284	13,967	18,795	56,346	60,079	(6.2)
Construction in progress	53,502	22,810	36,539	25,051	90,041	47,861	88.1
Total	\$ 633,982	584,472	191,534	191,116	825,516	775,588	6.4 %

The County's investment in capital assets for its governmental and business type activities as of June 30, 2002, amounted to \$825,516,000 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads, highways, drainage systems, and bridges. The total increase in the County's investment in capital assets for fiscal year 2001-2002 was 6.4 percent (an 8.5 percent increase for governmental activities and a 0.2 percent increase for business-type activities).

Major capital asset events during fiscal year 2001-2002 included the following:

- Construction in progress on two office buildings for the Employment and Human Services Department in Antioch amounted to \$12,110,000 for the year.
- Construction in progress on a 242-bed expansion of Juvenile Hall amounted to \$10,386,000 for the year.
- Construction in progress on a new five-courtroom Family Law Center amounted to \$6,491,000 for the year.
- Construction in progress on roads amounted to \$8,070,000 for the year.
- Construction in progress on drainage systems amounted to \$14,187,000 for the year.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2002

- Construction in progress on hospital ambulatory care clinics amounted to \$9,778,000 for the year.

At June 30, 2002, the County had construction commitments totaling \$36,063,000 as described in Note 19.E in the notes to the basic financial statements. Additional information on the County's capital assets can be found in Note 7 in the notes to the basic financial statements.

Long-Term Debt

Long-term debt for the governmental and business-type activities are presented below to illustrate changes from the prior year:

COUNTY'S OUTSTANDING DEBT

Capital Lease Obligations, Certificates of Participation, Pension Obligation Bonds, Notes Payable, Other Bonds Payable,
 Lease Revenue Bonds, Tax Allocation Bonds and Special Assessment Debt
 (In Thousands)

	<u>Governmental activities</u>		<u>Business-type activities</u>		<u>Total</u>		<u>Increase/ (Decrease)</u>

Total	\$ 548,917	554,185	167,440	171,742	716,357	725,927	(1.3) %

At June 30, 2002, the County had total long-term debt outstanding of \$716,357,000. The County's legal debt limit was \$4,674,510,000. The County's total debt decreased by \$9,570,000, or 1.3 percent, during fiscal year 2001-2002.

In June 2002, the County of Contra Costa Public Financing Authority issued \$12,650,000 in lease revenue bonds to finance various capital projects of the County.

The County's credit ratings for pension obligation bonds are AA- by Standard & Poors and Aa3 by Moody's Investors Service. Its credit ratings for lease revenue bonds and certificates of participation are AA- by Standard & Poors and A1 by Moody's Investors Service.

Additional information of the County's long-term debt can be found in Note 11 in the notes to the basic financial statements.

**KNOWN FACTS, DECISIONS AND CONDITIONS THAT ARE EXPECTED TO HAVE A
 SIGNIFICANT EFFECT ON FINANCIAL POSITION OR RESULTS OF OPERATIONS**

- The State has suffered from the economic slowdown, and the threat of terrorist activities. Due in part to its diversity, the County's economy has been fairly resilient, as evidenced by only a 1.5 percent increase in

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2002

unemployment since October 2001. However, governmental revenues have been hit harder than the overall economy. The State benefited substantially from income taxes received from capital gains and stock options during the market rise in the late 1990's to 2001. In fiscal year 2000-2001, State revenue from this source peaked at \$17.7 billion, which amounted to nearly 25 percent of State General Fund revenue. One year later, this revenue fell \$8.2 billion to \$9.5 billion. As a result of this and other factors, the State is addressing a \$35 billion shortfall of projected revenues compared to expenditures for the 18-month period of January 1, 2003, through June 30, 2004. This is expected to lead to a significant, but undetermined, reduction of County revenue. The County receives approximately 20 percent of its revenues from taxes and a significant portion of the remainder is provided by the State.

- To attract and maintain a high quality workforce the County must provide salaries and benefits competitive with other potential employers such as the State, other governmental entities and the private sector. In recognition of this fact, the Board of Supervisors and most of the employee organizations agreed to extend their current labor agreements another three years, with new cost-of-living adjustments and an enhanced retirement benefit. The cost-of-living adjustments range from five to six percent for the first year and from three to five percent for each of the second and third years covered by the agreement. The new retirement benefit is commonly known as "3 percent at 50" (for safety members) and "2 percent at 55" (for general members). A further explanation of the retirement benefit can be found in Note 15 in the notes to the basic financial statements.
- As a result of decisions in various lawsuits affecting retirement benefits and the enhanced benefits noted above, the Unfunded Actuarial Accrued Liability (UAAL) for the County is estimated to be \$406,000,000 as of December 31, 2001. In addition, approximately \$473,000,000 of retirement investment losses attributable to the County had not been recognized as of June 30, 2002. These factors will result in higher costs to the County in future years.
- General Fund subsidies to the County Hospital and Health Maintenance Organization increased \$6,249,000 from the prior year to \$31,401,000 and \$4,811,000, respectively. State budget cuts are expected and costs continue to rise more rapidly than revenue. Even with cost containment efforts in place, similar subsidies are expected to recur in fiscal year 2002-2003.
- All of these factors were considered in preparing the County's budget for fiscal year 2002-2003.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Auditor-Controller, 625 Court Street, Room 103, Martinez, CA 94553-1282.

COUNTY OF CONTRA COSTA
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
 TO THE STATEMENT OF NET ASSETS**

JUNE 30, 2002
 (In Thousands)

Fund balances - total governmental funds (page 20)	\$	468,266
Amounts reported for governmental activities in the statement of net assets are different because:		
The pension assets resulting from contributions in excess of the annual required contribution in 2001 are not financial resources and therefore not reported in the funds.		278,723
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		633,982
Accrued revenue, which is not available soon enough to pay for the current period's expenditures, is deferred in the governmental funds.		1,937
Notes receivable are not available to pay current-period expenditures and, therefore, are deferred in the governmental funds.		36,525
Internal service funds are used by management to charge the costs of self insurance to individual funds. The assets and liabilities of these funds, except for the medical liability insurance fund, are included as governmental activities in the statement of net assets.		(3,639)
Interest on long-term debt is recognized as it accrues, regardless of when it is due.		(3,888)
Costs of issuance on 2002 lease revenue bond are not recognized as current year expenditures and are deferred.	\$ 412	
Current year amortization of costs of issuance on 2002 lease revenue bond.	<u>(1)</u>	411
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Certificates of participation	(58,665)	
Lease revenue bonds	(111,420)	
Tax allocation bonds	(54,525)	
Special assessment bonds	(18,589)	
Other bonds payable	(8,055)	
Pension obligation bonds	(281,425)	
Capital lease obligations	(16,238)	
Compensated absences	<u>(34,761)</u>	<u>(583,678)</u>
Net assets of governmental activities (page 17)	\$	<u><u>828,639</u></u>

COUNTY OF CONTRA COSTA
**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT
OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
STATEMENT OF ACTIVITIES**
FOR THE FISCAL YEAR ENDED JUNE 30, 2002
(In Thousands)

Net change in fund balances - total governmental funds (page 22)	\$	20,227
Amounts reported for governmental activities in the statement of activities are different because:		
Revenues that were deferred in the governmental funds because they were unavailable are reported as current revenue.		12,953
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	\$ 88,677	
Less loss on sale/retirement of capital assets	(3,753)	
Less current year depreciation	<u>(35,414)</u>	49,510
Some income reported in the governmental funds was previously reported in the statement of activities and therefore is not reported as current income.		(500)
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		
Proceeds from lease revenue bonds	(12,650)	
Deferral of bond issuance cost	412	
Principal payments	27,768	
Issuance of capital lease	<u>(9,907)</u>	5,623
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in long-term compensated absences	(3,601)	
Amortization of pension asset	(14,835)	
Amortization of bond issuance cost	(1)	
Change in accrued interest payable	<u>(142)</u>	(18,579)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of the internal service funds is reported with governmental activities.		<u>(12,214)</u>
Change in net assets of governmental activities (page 19)	\$	<u><u>57,020</u></u>

See accompanying notes to the basic financial statements.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Contra Costa (the County) conform to accounting principles generally accepted in the United States of America as applicable to governmental entities. The following is a summary of the more significant policies:

A. Definition of Reporting Entity

The County is a political subdivision created by the State of California. As such, it can exercise powers specified by the Constitution and statutes of the State. The County is governed by a five member elected Board of Supervisors (the Board). The Board is responsible for the legislative and executive control of the County. The County provides various services on a countywide basis including law and justice, education, detention, social, health, hospital, fire protection, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the County's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the County.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the County's Board.

Blended Component Units

Housing Authority of the County of Contra Costa

The Housing Authority of the County of Contra Costa (Housing Authority) was established to provide housing for the County's low and moderate income residents. Its board members are the same as the County Board of Supervisors. The financial activities of the Housing Authority are reported as an Enterprise Fund. The fiscal year of the Housing Authority ends on March 31st and its financial activities are reported as of that date.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

Contra Costa County Redevelopment Agency

The Contra Costa County Redevelopment Agency (RDA) was established for the purpose of redeveloping certain areas of the County designated as project areas. Its board members are the same as the County Board of Supervisors. The financial activities of the RDA are included in the special revenue, debt service and capital projects funds which are reported as nonmajor governmental funds.

Contra Costa County Public Facilities Corporation

The Contra Costa County Public Facilities Corporation (PFC) was established to provide financing for the acquisition, construction, improvement and remodeling of public buildings and facilities for the County. The County appoints a voting majority of the governing board and is able to impose its will on the Corporation. The activities of the Corporation are included in a debt service fund which is reported as part of the nonmajor governmental funds and in the County Hospital Enterprise Fund.

County of Contra Costa Public Financing Authority

The County of Contra Costa Public Financing Authority (PFA) is a joint powers authority consisting of the County and the RDA. The PFA was established to provide for the financing of public improvements, obligations, working capital and liability or other insurance programs of the County and the RDA. The members of the County Board of Supervisors also serve as the Directors of the PFA. The activities of the PFA are included in a debt service fund which is reported as part of the nonmajor governmental funds and in the County Hospital Enterprise Fund.

Contra Costa County Employees' Retirement Association

The Contra Costa County Employees' Retirement Association (CCCERA) was established to provide retirement benefits to employees of the County and other member agencies. The CCCERA provides a majority of its services for the benefit of the County and, therefore, is reported as a pension trust fund in the basic financial statements. The fiscal year of the CCCERA ends on December 31st and its financial activities are reported as of that date.

In-Home Supportive Services Public Authority

The Contra Costa County Board of Supervisors, pursuant to Welfare and Institutions Code Section 12301.6, established the In-Home Supportive Services Public Authority (IHSS). This Authority provides screening, training and referral of in-home supportive service providers and assists recipients in finding qualified persons to assist eligible individuals who are unable to care for themselves at home. The activities of the IHSS are included in a special revenue fund which is reported as part of the nonmajor governmental funds.

Special Districts and Service Areas

The County has 41 agencies referred to as County Special Districts and Service Areas. Each is established by the County for the purpose of providing specific services in a defined geographic area. Their board members are the same as the County Board of Supervisors. These agencies and the

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

Special Revenue Fund in which each is included are: Fire Protection - Bethel Island Fire Protection District, Contra Costa Fire Protection District, Crockett-Carquinez Fire Protection District, East Diablo Fire Protection District, Oakley Fire Protection District; Flood Control - Flood Control District, Storm Drainage District, Storm Drain Maintenance District No. 4 and Storm Drain District No. Z-16; Health and Sanitation - Sanitation Districts Nos. 5 and 6; Service Areas - Service Areas D-2, EMS-1, L-100, LIB-2, LIB-10, LIB-12, LIB-13, M-1, M-8, M-16, M-17, M-20, M-23, M-25, M-26, M-27, M-28, M-29, M30, R-4, R-7, R-9, R-10, RD-4 and Discovery Bay West Parking District; Law Enforcement - Service Areas P-1, P-2, P-5 and P-6; Other Special Revenue - Contra Costa County Water Agency. These special revenue funds are reported as nonmajor governmental funds.

Discretely Presented Component Unit

Children and Families First Commission

The Contra Costa Children and Families First Commission (the Commission) was established to implement the provisions of Proposition 10, adopted by the voters in 1998. Proposition 10 added Division 108 (commencing with Section 130100) to the Health and Safety Code. It provides for a State tax on the sale of tobacco products and also provides that this revenue be spent for early childhood development programs by the Commission. The County Board of Supervisors appoints all nine members (and nine alternate members) of the Commission and is able to impose its will on the Commission. Two members of the Board of Supervisors serve on the Commission. The Commission provides most of its services directly to the citizens of the County. The financial activity of the Commission is reported in separate columns on the government-wide financial statements.

Complete audited financial statements for each of the individual component units are issued separately and may be obtained at the unit's administrative offices as follows:

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

B. New Accounting Pronouncements Implemented During the Year

New Reporting Model: GASB Statement No. 34

In June 1999, The Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. GASB Statement No. 34 provides for the most significant change in financial reporting in over twenty years with changes to governmental financial reporting, including changes in the basic financial statements. This new governmental reporting model is effective for the County beginning with fiscal year 2001-2002, the period covered by these statements.

GASB Statement No. 34, requires the presentation of government-wide financial statements and fund financial statements. The new government-wide financial statements are prepared using the accrual basis of accounting and the economic resources measurement focus. The government-wide financial statements include the reporting of long-term liabilities and capital assets such as buildings, roads, drainage facilities, and other infrastructure within the governmental and the business-type activities. Depreciation expenses and accumulated depreciation, which were not previously reported for governmental funds, are also displayed on the government-wide financial statements. The capital assets and related depreciation also include the costs and depreciation of infrastructure assets, which were not previously capitalized and depreciated.

The fund financial statements for the governmental funds continue to be prepared under the modified accrual basis of accounting. Fund financial statements are shown separately for specific major governmental funds, and in total for all other nonmajor governmental funds.

Effects of New Pronouncements

The following summarizes recent GASB pronouncements and their impact, if any, on the financial statements:

GASB Statement No. 34 establishes new financial reporting requirements for all governments, nationwide. The main purpose is to provide more understandable and useful governmental financial reports to a wider range of users and enhance the comparability of financial statements.

Under GASB Statement No. 34, the County’s basic financial statements present the following components in addition to the fund financial statements and other required supplementary information:

- Management’s Discussion and Analysis (MD&A) - The MD&A is the new easily readable narrative that introduces the basic financial statements and provides an analytical overview of the County’s financial activities. The narrative should include currently known facts, decisions or conditions that are expected to have a significant effect on the financial position or changes in financial position.
- Government-wide Financial Statements – These financial statements report the financial position and operating results of the County as an economic entity, excluding the information about

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

fiduciary activities, and are prepared using the economic resources measurement focus and the accrual basis of accounting. The government-wide financial statements include the statement of net assets and the statement of activities.

GASB Statement No. 37

In June 2001, GASB issued Statement No. 37, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus – an Amendment of GASB Statements No. 21, Accounting for Escheat Property and No. 34*. This statement is effective for the same period as GASB Statement No. 34 and either clarifies or modifies certain provision in GASB Statements No. 21 and No. 34. It establishes guidance in the following areas: reporting of escheat property, topics for discussion in the MD&A, program revenue classifications, the minimum level of detail required for business-type activities in the statement of activities, etc.

GASB Statement No. 38

In June 2001, the GASB issued Statement No. 38, *Certain Financial Statement Note Disclosures*. This statement modifies, adds and deletes various note disclosure requirements. Those requirements address revenue recognition policies, debt service requirements, receivable and payable balances, interfund transfers and balances, and short-term debt.

GASB Interpretation No. 6

In March 2000, the GASB issued Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*. This interpretation clarifies the application of standards for modified accrual recognition of certain liabilities and expenditures in areas where differences have arisen, or potentially could arise, in interpretation and practice.

The County has implemented GASB Statement Nos. 34, 37 and 38 and Interpretation No. 6 and these statements are presented according to those requirements. A summary of the adjustments required to implement these statements is presented in Note 2.

C. Basis of Presentation

Government-Wide Financial Statements

GASB Statement No. 34 mandates the presentation of two basic government-wide financial statements, the *Statement of Net Assets* and the *Statement of Activities*. The statement of net assets and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component unit. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of net assets reports the County's financial and capital resources, including infrastructure, as well as the County's long-term obligations. The difference between the County's assets and liabilities is its net assets. Net assets represent the resources that the County has available for use in providing services after its debts are settled.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the governmental activities and each segment of the business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs, including fines and forfeitures, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, management has discretion as to which resources to apply. Generally, restricted resources are depleted before unrestricted. However, when prudent, unrestricted resources may be used first.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The County reports the General Fund as a major governmental fund. The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. In addition to general administration, the General Fund includes such activities as public protection, health and sanitation, public assistance, education, and public ways and facilities.

The County reports the following major enterprise funds:

- The *County Hospital (the Hospital)* accounts for hospital operations involved in providing health services to County residents. Revenues are principally fees for patient services, payments from Federal and State programs such as Medicare, Medi-Cal and Short-Doyle, realignment revenues and subsidies from the General Fund.
- The *Health Maintenance Organization* accounts for the operations of the County's prepaid health plan. Revenues are primarily capitation payments by Medicare and Medi-Cal, premiums by private citizens and realignment revenues.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

The County reports the following additional fund types:

- *Internal Service Funds* account for the County's self-insurance programs – employee dental insurance, employee medical insurance, long-term disability, workers' compensation, automotive liability insurance, general liability insurance, state unemployment insurance, medical liability insurance and special district property insurance, on a cost-reimbursement basis.
- The *Pension Trust Fund* accumulates contributions from the County, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula) and administrative expenses. This fund includes all assets of the CCCERA.
- The *Investment Trust Fund* accounts for the assets of legally separate entities who make directed investments through the County Treasurer. These entities include school and community college districts, other special districts governed by local boards, regional boards and authorities and pass through funds for tax collections for cities. These funds represent the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.
- The *Private-Purpose Trust Fund* accounts for assets held in trust for the City of Oakley related to its redevelopment project area, as well as assets held in trust for others.
- The *Agency Funds* account for assets held by the County as an agent for various local governments.

D. Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County is giving (or receiving) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

For its business-type activities and enterprise funds, the County has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes accounting principles generally accepted in the United States of America for governmental units. The

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

County has elected not to follow subsequent private-sector guidance of the Financial Accounting Standards Board after November 30, 1989.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes are accrued when their receipt occurs within sixty days after the end of the accounting period, all other revenues, the majority of which are from the state and federal government are accrued when their receipt occurs within one year after the end of the accounting period so as to be both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are generally recorded when payment is due. However, where resources have been provided during the current year for payment of interest due early in the following year, the expenditure and related liability are accrued. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

E. Noncurrent Governmental Assets/Liabilities

GASB Statement No. 34 eliminates the presentation of account groups, and instead incorporates the information into the governmental activities column in the government-wide statement of net assets.

F. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents. Also included is restricted cash. The restricted cash has been restricted for repayment of debt or as reserves.

G. Investments

Investment transactions are recorded on the trade date. Investments in non-participating interest-earning investment contracts (certificates of deposit and guaranteed investment contracts) are stated at cost, and all other investments are stated at fair value. Fair value is defined as the amount that the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller and is generally measured by quoted market prices.

Under GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, the Pension Trust Fund reports its investments at fair value and includes both realized and unrealized gains and losses on investments in its statement of changes in net assets. The fair values of equity and fixed income securities are derived from quoted market prices. The fair values of private market investments are estimated from fair values provided

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

by real estate investment funds, generally using periodic independent appraisals, and alternative investment managers. All investment purchases and sales are recorded on the trade date.

The public school districts, cemetery districts, pest control districts, recreation and park districts and resource conservation districts within the County are required by legal provisions to maintain their cash and investments with the County Treasurer. The County Treasurer maintains individually directed investment accounts for these districts. The cash and investments held for these districts are included in the Investment Trust Fund.

H. Inventories

Inventories are valued at cost, which approximates market. Governmental fund inventories are maintained using the weighted average method. Proprietary fund inventories are maintained using the first-in, first-out method. The costs of governmental fund inventories and proprietary fund inventories are recorded as expenditures/expenses at the time individual items are consumed rather than when purchased. Reported inventories of governmental funds are equally offset by a fund balance reservation to indicate that a portion of the fund balance is not available for future appropriation.

I. Notes Receivable

The notes receivable balances in the General Fund consist of loans made with funds provided to the County under the U.S. Department of Housing and Urban Development programs. The loans are made to carry out activities for affordable housing and economic development. Generally, the loans are either deferred or collected on a residual receipts basis with all remaining principal and interest due on the earlier of the due date of the note or sale or transfer of property. Any repayment of principal or interest is treated as program income, the use of which is restricted by federal regulations. As such, these notes receivable are recorded with an offset to deferred revenue in the fund financial statements because the amounts are unavailable.

J. Prepaid Pension Asset

On March 1, 1994, the CCCERA received a payment of \$333,724,000 from the County as proceeds from the issuance of pension obligation bonds. The proceeds were used to reduce the County's Unfunded Actuarial Accrued Liability (UAAL) at that time.

K. Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed fixed assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) consisting of certain improvements including roads, bridges, water/sewer, lighting system, drainage systems, and flood control. The capitalization threshold for infrastructure is \$25,000. The capitalization threshold for permanent structures is \$5,000. The capitalization threshold for equipment and vehicles was increased from \$3,000 to \$5,000 effective July 1, 2001. Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

the capital lease period or their estimated useful lives in the activities within the government-wide financial statements, proprietary funds and the pension trust fund.

The estimated useful lives are as follows:

Infrastructure	25-50 years
Buildings	25-40 years
Improvements	10-20 years
Equipment and vehicles	3-20 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities or extend useful lives, are capitalized. Upon sale or retirement of fixed assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Interest is capitalized on construction in progress in the proprietary funds in accordance with Statement of Financial Accounting Standards No. 62, *Capitalization of Interest Cost in Situations Involving Certain Tax Exempt Borrowings and Certain Gifts and Grants*. Accordingly, interest capitalized is the total interest cost from the date of the borrowing net of any allowable interest carried on temporary investments of the proceeds of those borrowings until the specified asset is ready for its intended use.

L. Bond and Certificate of Participation Discounts, Issuance Costs and Deferred Amounts on Refundings

In governmental fund financial statements, bond and certificate of participation discounts, issuance costs and deferred amounts on refundings are recognized in the period incurred. In the government-wide and proprietary fund financial statements, these charges are deferred and amortized over the term of the issuance using the straight-line method, which approximates the effective interest method.

M. Property Tax Levy, Collection and Maximum Rates

The County is responsible for assessing, collecting and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property situated in the County. The levy is based on the assessed values as of the preceding January 1st, which is also the lien date. State code requires tax rates to be set no later than the first workday in September unless the Board of Supervisors elects to extend the deadline to October 3rd. Property taxes on the secured roll are due in two installments: November 1st and February 1st and become delinquent after December 10th and April 10th, respectively. Supplemental property taxes are levied based on changes in assessed values between the date of real property sales or construction completion and the preceding assessment date. The additional supplemental property taxes are prorated from the first day of the month following the date of such occurrence. Property taxes on the unsecured roll are due on the lien date (January 1st), and become delinquent if unpaid by August 31st.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

Supplementary taxes that have been collected but unapportioned at year-end and unsecured taxes collected in advance are reported in unapportioned taxes in the Unapportioned Taxes Agency Fund. Secured property taxes are recorded as revenue in the fiscal year of the levy. The County apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4701 (et al) of the State Revenue and Taxation Code (The Teeter Plan). This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1st of each year.

Under the alternate apportionment method, specified amounts of penalties and interest collected on delinquent secured taxes are held in the Tax Losses Reserve Agency Fund (TLRF). This reserve is used to offset the impact of accumulated delinquency remaining at year-end. The County's management believes that any ownership rights to the TLRF the County may have, are effective only upon transfer or to the extent of losses related to the sale of tax defaulted property. The County has the authority to transfer any amounts in the fund that exceed a legally defined threshold, which when calculated was \$5,138,000 at June 30, 2002. The year-end balance in the TLRF was \$27,095,000. Amounts in the TLRF are considered to be held in a custodial capacity for the participants in the County's Teeter Plan.

N. Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

O. Vacation and Sick Leave

Under terms of union contracts, County employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation hours. Employees are not reimbursed for accumulated sick leave except management employees who are eligible for a payoff of unused sick leave accruals at resignation. Management employees must have a balance of at least 70.0 percent of their sick leave accruals and have been employed three years or more to be eligible for this benefit. The maximum amount payable under this Sick Leave Incentive Plan is 50.0 percent of accrued sick leave, however, the amount of sick leave payable is considered de

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

minimis. Accordingly, no accrual for sick leave has been made in the accompanying basic financial statements.

Accrued vacation at June 30, 2002, is valued at \$42,060,000, which includes \$34,761,000 attributable to the General and Special Revenue Funds, \$7,031,000 recorded in Enterprise Funds and \$268,000 recorded in the Pension Trust Fund. Amounts attributable to the General and Special Revenue Funds are expected to be claimed in future periods and paid with future resources. Accordingly, this liability is reflected in the government-wide statement of net assets. In the proprietary funds and the Pension Trust Fund, accumulated vacation is recorded as an expense and liability as the benefits accrue to employees. In compliance with GASB Statement No. 16, *Accounting for Compensated Absences*, the amounts reported include estimated employer liability for taxes and workers' compensation premiums.

P. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. FUND EQUITY

A. Restatement of Fund Equity/Net Assets

Fund Reclassifications

Agency Funds – During the current year, the County evaluated its agency funds and moved funds that did not meet the definition of an agency fund under GASB Statement No. 34 to the General Fund, nonmajor governmental funds, nonmajor enterprise funds and private-purpose trust fund. Previously the County had included the following activities in agency funds: road improvement fee receipts, receipts from the U.S. Department of Housing and Urban Development and receipts from benefit districts.

Expendable Trust Funds – GASB Statement No. 34 eliminated the use of expendable trust funds to account for assets held by the County in a trustee capacity for other governmental units. Assets held on behalf of the City of Oakley Redevelopment Agency in connection with the Jurisdictional Transfers Agreement have been retroactively reclassified to a private-purpose trust fund.

Employee Medical Insurance Internal Service Fund – The County evaluated the Employee Medical Insurance Internal Service Fund and determined that it was no longer going to charge other departments on a cost-reimbursement basis for the administration activities related to its health plan, supplemental life insurance, and state disability insurance and its employees' video display terminal benefits. As a result, the functions related to these activities were reclassified from the Internal Service Fund to the General Fund at the beginning of the year. The remaining functions were terminated during the year.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

Other Adjustments

Public Financing Authority - The County made an adjustment in the amount of \$3,355,000 to the Public Financing Authority's fund balance to adjust for amounts that should have been paid by the Public Facilities Corporation. The County made an adjustment in the amount of \$662,000 to the Public Financing Authority's fund balance to adjust for the lease revenue bond cost of issuance to the County Hospital Enterprise Fund.

Interfund Advances - The County made an adjustment to the Flood Control nonmajor special revenue fund to adjust a prior year's advance in the amount of \$600,000 to reflect receipts on an advance made in a prior fiscal year. In addition, the County made an adjustment of \$6,801,000 to nonmajor governmental funds to record previous year's interfund advances within the Flood Control Funds.

Enterprise Fund Capital Assets - During the year, the County performed a detailed analysis of the enterprise funds' capital assets and initiated cost adjustments to record the proper book value of its capital assets.

Housing Authority Enterprise Fund Adjustments - During the year, the Housing Authority wrote off prior year construction in progress costs totaling \$691,000 that were originally associated with the Low Rent Aided Housing Program but did not directly enhance its value. The Housing Authority also adjusted beginning deferred revenue balance related to its Community Development Block Grant and Rental Rehabilitation programs (\$621,000), recorded a notes payable (\$185,000), and adjusted beginning net assets related to the capital grant program (\$125,000).

Other Miscellaneous Adjustments - The County made miscellaneous adjustments to the nonmajor governmental funds to adjust prior year's activity for the Child Development Program (\$122,000), revenue accrual adjustments in the Pension Obligation Bond Fund (\$37,000), the Assessment District Debt Service Fund (\$10,000), and the Assessment District Capital Projects Fund (\$19,000). The County also made adjustments to the Redevelopment Agency in the amount of \$974,000 in the Special Revenue Funds and \$122,000 in the Capital Projects Funds for land held for resale.

Pension Trust Fund Adjustments

Paulson Lawsuit Settlement - The Pension Trust Fund's beginning net assets were reduced by \$27,600,000 as a result of the Paulson Lawsuit settlement (see Note 16).

City of Pittsburg - The beginning net assets were decreased by \$810,000 for an amount still owed to CalPERS for membership withdrawal plus the remaining contract balance owed by the City of Pittsburg for prior service, as well as the reduction of the designations for facilities/system enhancements and capital outlay that were used by CCCERA during the initial phase of the office expansion project in 2000.

B. Schedule of Beginning Net Assets for Governmental Activities on the Government-wide Statement of Activities

The following is a reconciliation of beginning fund balances, as previously reported for governmental funds to beginning net assets reported for governmental activities on the statement of activities.

Fund balances, beginning of the year, as previously reported	\$	401,624
Change in accounting principles and prior period adjustments, as noted		46,415
Internal service funds, as restated		8,574
Capital assets reported in the general fixed assets account group at June 30, 2001	\$ 586,239	
Record infrastructure assets	286,475	
Record infrastructure assets - accumulated depreciation	(58,638)	
Record accumulated depreciation for structures, improvements and equipment	(249,157)	
Record construction in progress for roads and drainage	18,899	
Correct entries made on equipment in prior years	654	584,472
Net pension asset		293,558
Interest payable at June 30, 2001		(3,746)
Long-term obligations reported in the general long-term debt account group at June 30, 2001 (Excludes Claims Payable - Reported with Internal Service Funds)		(585,095)
Revenue earned but not considered available previous to July 1, 2001		25,817
Net assets, beginning of year, as reported in the statement of activities	\$	771,619

C. Reserve for Prepaid Items and Deposits

Reserves are less than total prepaid items and deposits because the General Fund advanced \$409,000 to subgrantees who will use the funds for federal programs during fiscal year 2002-2003. As funds are spent, the federal government reimburses the County.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2002

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Deficit Net Assets

The Child Development Special Revenue Fund, which is reported as part of the nonmajor governmental funds, had a fund balance deficit of \$79,000 at June 30, 2002. The Child Development Program incurred increased costs while the Program was being reorganized. The activities of the restructured program are projected to restore the Fund's fund balance to a positive balance in fiscal year 2002-2003.

Three Internal Service Funds had net assets deficits at June 30, 2002. The Medical Liability Insurance Fund had a deficit of \$4,137,000. The County provided \$4,000,000 in fiscal year 2002-2003 to reduce the deficit and plans to further evaluate funding options. The Workers' Compensation Insurance Funds, County General and Fire Protection, had deficits of \$18,321,000 and \$683,000, respectively. The County is currently negotiating with labor representatives to strengthen cost containment for the workers' compensation program and has increased rates to enhance revenues for fiscal years 2002-2003 and 2003-2004 so as to reverse the negative trend in net assets.

The Sheriff Law Enforcement Training Center Enterprise Fund, which is reported as part of the nonmajor enterprise funds, had a deficit of \$675,000. The deficit is the result of one-time start-up costs. The Sheriff-Coroner expects to recoup these costs from future training program tuition fees collected.

4. CASH AND INVESTMENTS

The cash balances of substantially all funds, except the Pension and Investment Trust Funds, are maintained in the County's internal pool and invested by the County Treasurer. Income from pooled investments is allocated to the funds based on average daily balances. As permitted by the Government Code, legally separate entities that are not part of this reporting entity also have individual investment accounts in the County Treasury. These accounts are separate from the pool and are reported in the Investment Trust Fund. Specific investments are acquired for these individual entities at their direction and the income from and changes in the value of those investments affect only the entity for which they were acquired. The Retirement Board directs the investment activity of the Pension Trust Fund.

Cash and investments at June 30, 2002 (December 31, 2001, for the Pension Trust Fund and March 31, 2002, for the Housing Authority), are reported as follows (in thousands):

	<u>Deposits</u>	<u>Investments</u>	<u>Total</u>
Primary Government	\$ 12,032	626,662	638,694
Children and Families First Commission	5,381	33,558	38,939

Investment Trust Fund	35,253	798,336	833,589
Private-Purpose Trust Fund	6,162	2,986	9,148
Agency Funds		<u>129,591</u>	<u>129,591</u>
Total	<u>\$ 64,722</u>	<u>4,304,224</u>	<u>4,368,946</u>

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

A. Deposits

Deposits include bank deposits at a carrying amount of \$61,803,000. The balance reported by various financial institutions was \$75,846,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Of the bank balance, \$1,358,000 was covered by Federal depository insurance and \$74,488,000 was collateralized by the pledging financial institutions as required by Section 53652 of the California Government Code.

According to Government Code Section 53601, bank obligations such as Certificates of Deposit are considered investments. However, in accordance with generally accepted accounting principles in the United States of America, the County has classified Certificates of Deposit in the amount of \$2,919,000 as deposits. Of the Certificates of Deposit balance, \$1,308,000 was insured and \$1,611,000 was collateralized by the pledging financial institutions as required by Section 53652 of the California Government Code.

Under the California Government Code, a financial institution is required to secure deposits in excess of \$100,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110.0 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150.0 percent of the secured public deposits. The collateral must be held at the pledging bank's trust department or other bank, acting as the pledging bank's agent, in the public agency's name.

B. Investments

Statutes authorize the County to invest in obligations of the United States Treasury, federal agencies, municipalities, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, bankers' acceptances, repurchase agreements, reverse repurchase agreements, medium-term notes, negotiable certificates of deposit, mutual funds and investments in accordance with the statutory provisions governing the issuance of bonds.

Pension Trust Fund investments are authorized by the County Employees' Retirement Law of 1937. Statutes authorize a "prudent investor" guideline as to the form and types of investments, which may be purchased.

The County's investments (including the Investment Trust Fund) and those of the Pension Trust Fund are categorized separately on the following page to indicate the level of custodial credit risk assumed by each investment portfolio for their respective year-ends. Category 1 includes investments that are insured or registered, or securities held by the County or its agent in the County's name. Category 2 includes uninsured and unregistered investments with the securities held by the counterparty's trust department or agent in the County's name or in the agent's nominee name with subsidiary records listing the County as the legal owner. Category 3 includes uninsured and unregistered investments, with the securities held by the counterparty or by its trust department or agent but not in the County's

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

name. Investments not evidenced by securities that exist in physical or book form cannot be categorized.

The Local Investment Advisory Board (Board) has oversight responsibility for the State Treasurer's Local Agency Investment Fund (LAIF). The Board consists of five members as designated by State Statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different from the fair value of the County's position in the pool. Information is not available on if the mutual funds in which the County has invested, had used, held or wrote derivative products during the year ended June 30, 2002.

Investments at fair value as of June 30, 2002 (December 31, 2001, for the Pension Trust Fund and March 31, 2002, for the Housing Authority), are shown as follows (in thousands):

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

C. Other Financial Instruments

In accordance with California statutes, the County may invest in a wide variety of investment instruments, including asset-backed securities, such as: collateralized mortgage obligations and principal-only strips and forward contracts.

The Treasurer holds principal-only strip instruments for the benefit of some County school districts. Those school districts utilize the services of an independent financial advisor in determining their investment strategy.

The CCCERA has investments with trustees who hold part of their portfolio in government and corporate obligations consisting of asset-backed securities, floating rate notes, constant maturity index Adjustable Rate Mortgages (ARMs), Collateralized Mortgage Obligations and LIBOR indexed ARMs.

As of June 30, 2002, the County's proportionate share of structured notes and asset-backed securities held by LAIF was \$16,896,000 or 3.086 percent of the County's investment in LAIF.

Information is not available on if the various mutual funds in which the County and CCCERA have invested, had used, held or wrote derivative financial products during the year.

The investments discussed above, which are included in the accompanying financial statements, represent 10.0 percent of total investments. The Treasurer's investment policy was approved by the Board of Supervisors. In accordance with Government Code Sections 27130-27137, an investment oversight committee reviews the quarterly investment reports prepared by the Treasurer.

D. Securities Lending by the Employees' Retirement Association (Pension Trust Fund)

The CCCERA's investment policy permits the use of a securities lending program with its principal custodian bank. The CCCERA lends domestic and international bonds and equities to various brokers for collateral that will be returned for the same securities plus a fee in the future. The custodian bank provides loss indemnification to the CCCERA if the borrower fails to return the securities. The custodian bank manages the securities lending program and receives cash and securities as collateral. The collateral cash cannot be invested and the collateral securities cannot be pledged or sold by the CCCERA without borrower default. Securities on loan must be collateralized at 102.0 percent and 105.0 percent of the fair value of domestic securities and non-domestic securities, respectively. There are no restrictions on the amount of securities, which can be loaned at one time. The term to maturity of the security loans is generally matched with the term to maturity of the securities collateral. Such matching existed at December 31, 2001. There were no losses associated with securities lending transactions during the year. At December 31, 2001, CCCERA has no credit risk exposure to borrowers. The fair value of investments on loan at December 31, 2001, is \$115,197,000, which was collateralized by cash and securities in the amount of \$117,874,000.

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 138
Nonmajor Governmental Funds	Nonmajor Governmental Funds	<hr/> 4,883
Total		<hr/> \$ 5,021 <hr/>

The interfund balances resulted from the time lag between the dates that: (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, (3) payments between funds are made and (4) interfund loans. Interfund balances in the agency funds result from interfund borrowings.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

Transfers

Transfers are indicative of funding for capital projects, lease payments or debt service, subsidies of various County operations and re-allocations of special revenues. The following schedule briefly summarizes the County's transfer activity (in thousands):

A. Between Governmental and Business-type Activities:

<u>Transfer From</u>	<u>Transfer To</u>	<u>Amount</u>	<u>Purpose</u>
General Fund	County Hospital Enterprise	\$ 31,401	Provide subsidy to cover portion of Hospital's operation.
General Fund	Health Maintenance Organization Enterprise	4,811	Provide subsidy to cover portion of HMO's operation.
General Fund	Internal Service Funds	3,000	Transfer funds from the General Fund to the Medical Liability Internal Service Fund.
County Hospital Enterprise*	General Fund	22,383	Transfer funds to reimburse the General Fund for intergovernmental transfer (IGT) payments, including a \$702,000 prior year expenditure accrual.
County Hospital Enterprise	Nonmajor Governmental Fund	6,042	Transfer a portion of the Salaries and Benefits Expense to Pension Obligation Bond.
Health Maintenance Organization Enterprise	Nonmajor Governmental Fund	240	Transfer a portion of the Salaries and Benefits Expense to Pension Obligation Bond.
County Hospital Enterprise	Nonmajor Governmental Fund	443	Transfer of funds to cover the County Hospital and Health Maintenance Organization's pro rata share of certain project lease payments.
Health Maintenance Organization Enterprise	Nonmajor Governmental Fund	196	Transfer of funds to cover the County Hospital and Health Maintenance Organization's pro rata share of certain project lease payments.
Nonmajor Governmental Funds	County Hospital Enterprise	1,225	Transfer interest earnings from the PFA to subsidize the Los Medanos project.
Nonmajor Enterprise Funds	Nonmajor Governmental Funds	70	Transfer a portion of the Salaries and Benefits Expense to Pension Obligation Fund.
		<u>\$ 69,811</u>	

* The County's required transfer payment to the State Disproportionate Share and Emergency Services Fund was \$24,064,000 and was recorded in the General Fund as a health expenditure. The revenue is recorded in the Hospital Enterprise Fund as patient service revenue. Reimbursement to the General Fund is recorded as an operating transfer from the Hospital to the General Fund.

<u>Transfer From</u>	<u>Transfer To</u>	<u>Amount</u>	<u>Purpose</u>
Nonmajor Governmental Funds	Nonmajor Governmental Funds	1,122	Transfer a portion of the Salaries and Benefits Expense to Pension Obligation Bond.
	Nonmajor Governmental Funds	15	Transfer available funds from a Service Area Special Revenue Fund to the Assessment District Special Revenue Fund.
Total		<u>\$ 42,856</u>	

The County pays a subsidy to the County Hospital and Health Maintenance Organization Enterprise Funds to provide resources for operating costs which are in excess of operating revenues. Subsidies for the past three years are as follows (in thousands):

<u>Year Ended June 30,</u>	<u>Total Subsidy</u>
2000	\$ 17,856
2001	29,963
2002	36,212

Certain health and welfare realignment revenues, previously recorded in the General Fund and transferred via subsidy to the Hospital and the Health Maintenance Organization, are now recorded directly to those funds as intergovernmental revenue. In fiscal year 2001-2002, these intergovernmental revenues were \$18,879,000 for the Hospital and \$2,757,000 for the Health Maintenance Organization.

* As indicated in Note 1.K, the County increased the capitalization threshold for equipment from \$3,000 to \$5,000. Consequently, the equipment costing less than \$5,000 was removed from the accounts. The book value of the equipment removed from the general fixed assets was \$1,430,000. The book value of the equipment removed from the County Hospital Enterprise Fund was \$644,000, the Health Maintenance Organization Enterprise Fund was \$6,000 and nonmajor enterprise funds were \$5,000.

At July 1, 2001 the County made the following restatements to capital assets (in thousands):

<i>Business-type activities capital assets</i> as reported in the prior year:	\$ 185,993
Reclassify costs identified in the structures and improvements to construction in progress	431
Record cost adjustments for structures and improvements and equipment	1,042
Record adjustments to accumulated depreciation for structures and improvements and equipment	3,650
Business-type activities capital assets as restated - July 1, 2001	\$ 191,116

The Pension Trust Fund had net capital assets of \$574,000. This consisted of leasehold improvements and office equipment.

Depreciation

Depreciation expense was charged to governmental functions as follows (in thousands):

General government	\$ 20,767
Public protection	8,714
Health and sanitation	229
Public assistance	689
Education	369
Public ways and facilities	4,428
Recreation and culture	<u>218</u>
Total depreciation expense - governmental functions	\$ <u><u>35,414</u></u>

Depreciation expense was charged to the business-type functions as follows (in thousands):

County Hospital	\$ 6,530
Health Maintenance Organization	14
Nonmajor enterprise funds	<u>4,839</u>
Total depreciation expense - business-type functions	\$ <u><u>11,383</u></u>

8. SHORT-TERM NOTES PAYABLE

On June 30, 2002, the County had tax and revenue anticipation notes outstanding in the amount of \$70,000,000 with interest at 3.0 percent per annum. The notes were issued September 6, 2001, and will be redeemed October 4, 2002. Interest is payable on September 5, 2002, and at maturity. The redemption monies were from taxes and other revenues transferred to a fiscal agent during the fiscal year. Total interest incurred on these notes during fiscal year 2001-2002 was \$1,717,000. These notes were issued to finance seasonal cash flow requirements for fiscal year ended June 30, 2002.

As of July 1, 2001, the County had tax and revenue anticipation notes outstanding in the amount of \$55,000,000. This amount was repaid on October 1, 2001.

2008-2012	9,835	16	500		10,351
2013-2017	2,555		500		3,055
	<u>\$ 32,798</u>	<u>106</u>	<u>1,584</u>	<u>12</u>	<u>34,500</u>

* Includes only Housing Authority amounts.

B. Capital Leases

The County has capital lease purchase agreements for various County buildings and improvements and equipment. The assets acquired under these lease purchase agreements are included in the County's capital assets. The costs of these assets were \$16,858,000 for buildings and improvements and \$8,413,000 for equipment. The obligations related to these lease purchase agreements are also included in the County's long-term obligations, Note 11.

New capital lease obligations for the fiscal year ended June 30, 2002 were \$9,907,000. Of this amount, \$7,415,000 was used to obtain various assets during the fiscal year. Remaining unspent proceeds will be used in subsequent years.

NOTES:

- (1) Debt service payments are made from lease payments by the County General, Special Revenue and Hospital Enterprise Funds to the PFC and the PFA.
- (2) Debt service payments are made from restricted property taxes and other revenues recorded in the General and Debt Service Funds.
- (3) Debt service payments are made from tax increment financing.
- (4) Debt service payments are made from all County revenues.
- (5) Debt service payments are made from special assessments levies on properties in each assessment district. The County administers the assessment and repayment of these bonds. Since early redemption is allowed, there may be differences between the earnings on money received from property owners wishing to pay off their debt early and the interest obligation that accumulates on their debt between the time they submit funds to the County and the next available redemption date, as stated in the bonds' official statements. The County has historically funded this difference and to that extent may be obligated in some manner for this debt.
- (6) Debt service payments are made from operating revenues.

There are a number of limitations and restrictions contained in the various bond indentures. County management believes that the County is in compliance with all significant limitations and restrictions.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2002

Following is a schedule of debt payment requirements to maturity for governmental activities for long-term obligations, excluding compensated absences and claims payable that have indefinite maturities, outstanding at June 30, 2002 (in thousands):

Issuance of New Debt

Public Financing Authority

In June 2002, the County of Contra Costa Public Financing Authority issued \$12,650,000 in lease revenue bonds (2002 Series A), with interest rates ranging from 2.75 to 5.00 percent. The costs of issuance amounted to \$412,000. The proceeds will be used to finance various capital projects of Contra Costa County, purchase a reserve fund surety bond, and pay costs of issuance relating to the 2002 Series A bonds.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

Defeased Obligations

In prior years, the County has defeased certain obligations by placing a portion of the proceeds of new debt issuances in irrevocable trusts to provide for all future debt service payments on the refunded obligations. Accordingly, the trust account assets and the liability of the defeased debt are not included on the financial statements of the County. On June 30, 2002, \$156,014,000 in outstanding obligations is considered to be defeased.

Legal Debt Limit

As of June 30, 2002, the County's debt limit (5 percent of valuation subject to taxation) was \$4.674 billion. The total amount of debt applicable to the debt limit was \$336 million, net of assets in the debt service funds and other deductions allowed by law. The resulting legal debt margin was \$4.338 billion.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. The County engages consultants to perform calculations of excess investment earnings on tax-exempt bonds and as of June 30, 2002, does not expect to incur a liability.

12. CONDUIT DEBT

From time to time Multifamily/Single Family Housing Revenue Bonds have been issued in the County's name to provide mortgage loans secured by first trust deeds on newly constructed and existing housing and to provide funds to builders for construction/remodeling of housing projects.

The bonds do not constitute an indebtedness of the County. They are payable solely from payments made on and secured by a pledge of the acquired mortgage loans or housing units and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. The County is not obligated in any manner for repayment of the indebtedness. Accordingly, no liability has been recorded in the basic financial statements.

As of June 30, 2002, the County had participated in the issuance of twenty-nine series of Multifamily or Single Family Housing Revenue Bonds. The aggregate principal amount remaining payable for the bonds issued was \$315,966,000.

Not included in the above amount is a defeased issue of \$43,115,000.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

13. NET ASSETS/FUND BALANCES

The government-wide financial statements and proprietary and fiduciary fund financial statements utilize a net assets presentation. Net assets are categorized as invested capital assets (net of related debt), restricted and unrestricted.

- *Invested in capital assets, net of related debt* - This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted net assets* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted net assets* – This category represents net assets of the County, not restricted for any project or other purpose.

In the governmental fund financial statements, reserves segregate portions of fund balance that are either not available or have been earmarked for specific purposes. The various reserves are established by actions of the Board and management and can be increased, reduced or eliminated by similar actions.

As of June 30, 2002, reservations of fund balance are described below:

- *Encumbrances* – to reflect the outstanding contractual obligations for which goods and services have not been received.
- *Inventories* – to reflect the portion of assets which do not represent available spendable resources.
- *Advances to other funds* – to reflect the amount due from other funds that are long-term in nature. Such amounts do not represent available spendable resources.
- *Prepaid items and deposits* – to reflect amounts paid in advance by the County for goods not yet received or services not yet performed.
- *Land held for resale* – to reflect investment in land which does not represent available spendable resources.
- *Housing Projects* - to account for financial resources designated for increasing and improving the supply of housing for persons and families of low or moderate income.
- *Debt service* – to reflect the funds held by trustees or fiscal agents for future payment of bond principal and interest or as reserves. These funds are not available for general operations.
- *Nonexpendable Permanent Funds* – to reflect the fund's principal balance which is not expendable.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

14. PERMANENT FUND

The Permanent Fund accounts for the financial activities and balances of donor-restricted endowments for the County's libraries. Interest income may be used for the establishment and furnishing of children's areas within libraries, literacy programs and the acquisition of books that meet the criteria of the endowments. In accordance with the terms of the endowments and California Government Code Section 25355, only the interest income may be used; any unused income may be used in a subsequent year. The amount available for spending, \$353,000 at June 30, 2002, is shown on the Statement of Net Assets as Net Assets Restricted for Permanent Fund - Expendable.

15. EMPLOYEES' RETIREMENT PLAN

A. Plan Description

The Contra Costa County Employees' Retirement Association (CCCERA) is a cost-sharing multiple-employer defined benefit pension plan (the plan) governed by the County Employees' Retirement Law of 1937 (the 1937 Act). The plan covers substantially all of the employees of the County, its special districts, the Housing Authority and thirteen other member agencies. The plan issues stand-alone financial statements which can be directly obtained from its office, as indicated in Note 1.A.

The plan provides for retirement, disability, death and survivor benefits, in accordance with the 1937 Act. Annual cost-of-living adjustments to retirement benefits can be granted by the Retirement Board as provided by State statutes.

The plan is divided into four separate benefit sections of the 1937 Act. These sections are known as: General - Tier I, General - Tier II, General - Tier III and Safety. Tier I includes members not mandated to be in Tier II and reciprocal members that elect Tier I membership. Tier II includes members hired on or after August 1, 1980, by the three employers adopting this benefit provision and their members who elected to transfer from Tier I at that date. Tier III was approved by the Board of Supervisors in January 1998, and implementation began in October 1998. Safety includes members in active law enforcement, active fire suppression work or certain other "Safety" classifications as designated by the Retirement Board.

Service retirement benefits are based on age, length of service and final average salary. For the Tiers I, III and Safety sections, the retirement benefit is based on a one-year average salary, in accordance with Section 31462 of the Government Code. For Tier II, the benefit is based on a three-year average salary.

As of June 30, 2002, 3,733 Tier II employees with five years service were eligible to irrevocably elect Tier III. Members eligible for Tier III are required to elect or decline enrollment. As of June 30, 2002, 3,015 employees elected Tier III. Subsequent enrollments will occur as more employees from Tier II acquire five years of service.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2002

B. Funding Policy

Pursuant to provisions of the 1937 Act, the Retirement Board recommends the annual contribution rates for adoption by the Board of Supervisors. New contribution rates, based on the actuarial study as of December 31, 2000, became effective July 1, 2001. The contribution requirements are determined as a percentage of payroll.

The employer rates were calculated on the alternate funding method permitted by Section 31453.5 of the Government Code. The “entry age normal funding” method is used to calculate the rate required to provide all the benefits promised to a new member. Unfunded costs resulting from this calculation are amortized over 17 years from the December 31, 2000, valuation date.

Active plan members are required to contribute an actuarially determined percentage of their annual covered salary. The required percentage rates vary according to the benefit section and entry age of the employee. The rates in effect during fiscal year 2001-2002 (based on covered payroll as of January 1, 2001) ranged from 3.99 percent to 10.37 percent of the employees’ annual covered salary.

The County employer rates of contribution, calculated as a percentage of the County’s covered payroll of \$427,866,000 as of January 1, 2001, for fiscal year 2001-2002, were:

General Members, Tier I	19.09%
General Members, Tier II	13.67
General Members, Tier III	14.75
Safety Members	20.84

The County’s annual pension cost and prepaid pension asset, computed in accordance with GASB 27, *Accounting for Pensions by State and Local Governmental Employers*, for the year ended June 30, 2002, were as follows:

Annual required contribution (County fiscal year basis)	\$ 43,833,000
Interest on pension asset	(23,484,000)
Adjustment to the annual required contribution	<u>38,319,000</u>
Annual pension cost	58,668,000
Contributions made	<u>43,833,000</u>
Decrease in pension asset	(14,835,000)
Pension asset, beginning of year	<u>293,558,000</u>
Pension asset, end of year	<u><u>\$ 278,723,000</u></u>

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2002

The following table shows the County’s annual pension cost and the percentage contributed, for the 2002 fiscal year and each of the two preceding years:

Fiscal Year Ended June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2000	\$ 43,313,000	78.05%	\$ 305,576,000
2001	50,921,000	76.40%	293,558,000
2002	58,668,000	74.71%	278,723,000

The County has made its annual required contribution (ARC) for each of the past three years. The difference between the ARC and the annual pension cost (APC) is due to the amortization of the Net Pension Asset.

See Note 20.D – Subsequent Events for additional information.

16. PAULSON LAWSUIT SETTLEMENT

During the year ended December 31, 1999, CCCERA settled its litigation, entitled Vernon D. Paulson, et al. v. Board of Retirement of the Contra Costa Employees’ Retirement Association, et al. As of October 14, 1999, all legal documents to finalize the case settlement were signed by the court.

The consolidated lawsuit was brought on behalf of a class of retired members of CCCERA regarding the inclusions and the exclusions from “final” compensation that are used in calculating members’ retirement benefits as a result of the Ventura Decision. The Ventura Decision held that a County Retirement System operating under provisions of the County Employees Retirement Law of 1937 must include certain types of cash incentive payments and additional pay elements received by an employee, within the employees’ “compensation earnable” and “final” compensation when calculating the employee’s retirement benefits. A settlement agreement has been entered into with all parties and a petitioners’ class has been certified consisting of all retired members of CCCERA whose effective retirement date was on or before September 30, 1997 (i.e., the period prior to the October 1, 1997 effective date of the Ventura Decision).

The Board has designated \$90 million from unrestricted excess earnings to cover the anticipated liability of the settlement. Interest at the actuarially assumed rate (currently 8.50 percent per annum) is credited to the settlement amount until the final liability is determined. As claim forms are submitted, benefits recalculated and paid, the funds will be transferred to the Employer Advance Reserve to cover the liability. The costs will then be “funded” to the Retiree Reserves. It is anticipated that it could take another year for CCCERA to determine the final effect of this case.

The recalculation and distribution of past and future benefits will be conducted in batches. As of December 31, 2001, CCCERA has already recalculated and paid 16 batches (3,203 claimants), for a total of \$50.8 million. As of March 2002, CCCERA has recalculated batches 17 through 19 (462 claimants), for a total of \$3.0 million in past benefits. Of the \$29.8 million paid and accrued for 2001, \$2.2 million

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

pertains to the current year and \$27.6 million is for periods prior to the year ended December 31, 2001, and is recorded as a prior period adjustment on the Statement of Changes In Fiduciary Net Assets – Fiduciary Funds. The liability for past benefits cannot be reasonably estimated due to the complexity involved in calculating the “Paulson Benefit.” As calculations are completed, the liability for the past benefits will be recognized. As of December 31, 2001, the Paulson Lawsuit settlement designation is \$53.1 million.

17. PATIENT SERVICE REVENUE AND RECEIVABLES

The County Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Charges for services are reported at estimated net realizable amounts from patients, third-party payers and others for services rendered and include estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, or investigations.

Laws and regulations governing the Medicare and Medi-Cal programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The County Hospital’s Medicare and Medi-Cal cost reports have been audited by the fiscal intermediary through June 30, 2000. As such, the cost reports for the prior year are still under review by fiscal intermediaries and have not been settled due to certain unresolved reimbursement issues. The County believes it has adequately provided for any liabilities that may arise from the fiscal intermediaries’ audits.

Net receivables from patients and third-party payers at June 30, 2002, are summarized as follows:

Medicare	\$ 13,617,000
Medi-Cal	10,322,000
Insurance and other third-party payers	<u>4,137,000</u>
Total	<u>\$ 28,076,000</u>

18. RISK MANAGEMENT

The County self-insures its unemployment, dental and management long-term disability. The County is self-insured to \$750,000 per occurrence for workers' compensation, and maintains \$10 million of excess insurance coverage per occurrence with commercial insurance carriers. The County is self-insured to \$1 million per occurrence on public and automobile liability, and maintains \$30 million excess insurance coverage with commercial insurance carriers. Liability claims arising from operations at the County’s two airports are fully insured to \$100 million under a separate commercial insurance policy. The County is self-insured to \$500,000 per occurrence on medical malpractice and maintains \$10 million of excess insurance with commercial insurance carriers. The County adjusts all self-insured claims in-house.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2002

The County maintains up to \$600 million "All Risk" insurance coverage subject to a \$50,000 deductible to cover its property, except for loss caused by earthquake or flood. Loss caused by earthquake is insured to \$90 million and is subject to a minimum \$1 million deductible. Loss caused by flood is insured to \$200 million and is subject to a \$100,000 deductible.

The County maintains a separate insurance policy to cover the Sheriff-Coroner's helicopter for \$1.6 million and up to \$50 million for liability arising from the helicopter use.

During the past three years there have been no instances of the amount of claim settlements exceeding insurance coverage.

Internal Service Funds are used to account for the County's self-insurance activities. It is the County's policy to provide in each fiscal year, by charges to affected operating funds, amounts sufficient to cover the estimated expenditures for self-insured claims. Charges to operating funds are recorded as expenditures/expenses of such funds and revenues of the Internal Service Funds. Accrual and payment of claims are recorded in the Internal Service Funds.

The County has accrued a liability of \$95.1 million at June 30, 2002, for all self-insured claims in the Internal Service Funds, which includes an amount for incurred but not reported claims. The self-insurance reserve is based on actuarially determined amounts for workers' compensation, public and automobile liability, and medical liability and based on management's estimates for all other reserves. In the opinion of the County, the amounts accrued are adequate to cover claims incurred but not reported in addition to known claims.

Changes to the Internal Service Funds' claims liability amount for fiscal years 2000-2001 and 2001-2002 are as follows (in thousands):

Liability at June 30, 2000	\$	80,337
Current year claims and changes in estimates		24,119
Claim payments		<u>(24,435)</u>
Liability at June 30, 2001		80,021
Current year claims and changes in estimates		57,740
Claim payments		<u>(42,706)</u>
Liability at June 30, 2002	\$	<u><u>95,055</u></u>

The actuarially determined claims liabilities, including incurred but not reported claims, are based on the estimated ultimate cost of settling the claims, using past experience adjusted for current trends, and any other factors that modify past experience. It also includes incremental claim adjustment expenses. In addition, estimated recoveries on settled and unsettled claims were evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

19. COMMITMENTS AND CONTINGENCIES

A. Grants

The County participates in a number of federal and State grant programs which are subject to financial and compliance audits by the grantors or their representatives. Audits of certain grant programs through June 30, 2002, have not yet been conducted. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The County believes that such disallowances, if any, would not have a material effect on the basic financial statements.

B. Health Insurance

Health care benefits for active and retired employees are jointly financed by the beneficiaries and by the County. Most employees have a choice of participation in five medical plans: Kaiser Permanente, a private health maintenance organization (HMO); Health Net (HMO); Health Net (PPO); and the Contra Costa Health Plans (CCHP) A and B, operated by the County Health Services Department. Employees represented by either the Deputy Sheriffs' Association (DSA), District Attorney Investigators' Association (DAIA), or United Professional Fire Fighters' IAFF Local 1230 are eligible to participate in medical plans administered by the California Public Employees' Retirement System (CalPERS).

For non-CalPERS administered medical plans, the County subvents 80.0 percent of Kaiser, 80.0 percent Health Net (HMO), 60.0 percent Health Net (PPO) and 98.0 percent of CCHP A and 90.0 percent of CCHP B premiums for plan members. The County subvention for CalPERS administered plans is a flat rate depending on the employees' union representation and the number of dependents covered under the plans. All permanent employees have a choice of two dental plans: a County self-funded plan administered by Delta Dental, and a PMI Delta Care Plan. The County's self-funded plan is an indemnity program and the PMI Delta Care plan is a prepaid program.

The County's contribution to health and dental plans during fiscal year 2001-2002 for active employees was \$47,711,000. The County's liability for health care benefits is limited to its annual contribution.

C. Postemployment Benefits Other Than Pensions

In addition to providing retirement benefits as described in Note 15, retired employees are allowed to continue participation in the medical and dental plans described above. As of June 30, 2002, there were 4,040 retired employees participating in the health plans, and the County contributed \$16,335,000 toward payment of the premiums. The cost of retiree health care is recognized when the County makes its contribution on a pay-as-you-go basis and is accounted for in the General Fund, Special Revenue Library and Fire District Funds, Enterprise Funds, or Fiduciary Funds as appropriate. This postemployment benefit was approved by Board of Supervisors resolution number

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

264 on August 22, 1961, with an effective date of October 1, 1961. To be eligible, the retiring employee must have been a member of a participating health plan at the date of retirement.

D. Special Assessment Debt

The County is considered to be “obligated in some manner,” as defined by GASB Statement No. 6, *Accounting and Financial Reporting for Special Assessments*, for its special assessment debt. The County is obligated to foreclose on properties for which owners have failed to pay assessment installments as they fall due and the County may honor deficiencies to the extent that lien foreclosure proceeds are insufficient. The County’s obligation to advance monies to pay debt service in the event of delinquent assessment installments is limited to the amount of remaining original bond proceeds and installments received. Special assessment debt is included in the County’s statement of net assets and special assessment transactions are included in the Assessment Districts Debt Service Fund. Debt service payments are made from special assessments of the related special assessment district.

E. Construction Commitments

The County had entered into contracts for the construction of certain projects. At June 30, 2002, there were outstanding commitments of \$6,067,000 for the Martinez Health Center project, \$20,109,000 for the Juvenile Hall Replacement project, \$5,422,000 for the Family Law Center project, and \$4,465,000 for the new Powers Child Care Center project.

F. Pending Legal Matters

Numerous lawsuits are pending or threatened against the County. The County has recorded actuarially determined reserves in the Internal Service Funds to adequately cover estimated potential material adverse losses at June 30, 2002.

20. SUBSEQUENT EVENTS

A. 2002-2003 Tax and Revenue Anticipation Notes

On October 17, 2002, the County issued \$55,000,000 of short-term tax and revenue anticipation notes. The notes bear interest at 2.50 percent and mature on November 17, 2003.

B. 2002 Lease Revenue Bonds, Series B

In September 2002, the County of Contra Costa Public Financing Authority issued \$25,440,000 in lease revenue bonds (2002 Series B), with interest rates ranging from 2.0 to 4.6 percent. The proceeds will be used to defease \$25,870,000 of 1992 Certificates of Participation (Consolidated Capital Projects issue).

C. Consolidation of East County Fire Districts

As of November 1, 2002, the Bethel Island, East Diablo and Oakley Fire Protection Districts will be consolidated into a new district called the East Contra Costa Fire Protection District. An informal study concluded that this consolidation allows for a more cost-effective application of existing

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2002

resources to provide a higher level of fire protection and emergency medical response services in the Bethel Island, East Diablo, and Oakley Fire Protection District areas. Funding for the new district will come primarily from property taxes; and, it will also receive funds through County Service Area EMS-1 (emergency medical services). There will be no change in the governance of the new district, as the Board of Supervisors will remain the governing body.

D. Contra Costa County Employees' Retirement Association (CCCERA)

On October 1, 2002, the Board of Supervisors approved revised retirement benefits for CCCERA members. The revised benefits include a 3 percent of eligible salary per year of service to safety employees retiring at age 50, and 2 percent of eligible salary per year of service to regular employees retiring at age 55 and also a cost of living adjustment (COLA) for safety employees and regular employees. Also approved was a \$200 per month additional benefit for retirees who retired prior to January 1, 1983.

In the past, CCCERA has been able to contribute a portion of excess earnings from its investment portfolio to the County in the form of subsidies to cover a portion of the County's required retirement contributions. However, CCCERA's investment portfolio has experienced a decline in market value and CCCERA has recently informed the County that subsidies would cease after December 2002. The additional net County cost of retirement contributions is expected to be \$12 million in fiscal year 2002-2003 and \$25 million in fiscal year 2003-2004.

E. State Budget

The State is addressing a \$35 billion shortfall of projected revenues compared to expenditures for the 18-month period of January 1, 2003, through June 30, 2004. This is expected to lead to a significant, but undetermined, reduction of County revenue. The County receives approximately 20 percent of its revenues from taxes and a significant portion of the remainder is provided by the State.

COUNTY OF CONTRA COSTA

COUNTY OF CONTRA COSTA
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2002

BUDGETS AND BUDGETARY ACCOUNTING

After a series of public hearings and in accordance with the provisions of Sections 29000-29145 of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County Board of Supervisors legally adopts a budget for each fiscal year on or before October 2. This budget establishes the maximum authorized expenditures for the fiscal year that cannot be exceeded except by subsequent amendments to the budget by the Board of Supervisors. Budgets are adopted for the General Fund on the modified accrual basis.

Expenditures are controlled by management at the object (summary accounts) level within budget units (departments) of the County. The legal level of control is at the department level. Supplemental appropriations, which are normally financed by unanticipated revenues during the year, and any amendments or transfers of appropriations between summary accounts or departments must be approved by the Board of Supervisors. Pursuant to a Board of Supervisors Resolution, the County Administrator is authorized to approve transfers of appropriations among summary accounts within a department as deemed necessary and appropriate. Accordingly, the legal level of budgetary control by the Board of Supervisors is at the department level. Budgeted amounts in the budgetary comparison schedule are reported as originally adopted and as amended during the fiscal year by resolutions approved by the Board of Supervisors.

The County uses an encumbrance system as an extension of normal budgetary accounting. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as reservations of fund balance since they do not constitute expenditures or liabilities. Encumbrances are combined with expenditures for budgetary comparison purposes. Unencumbered appropriations lapse at year-end.

The amounts reported as expenditures by department include amounts charged each department to service the pension obligation bond debt because the budget includes these amounts as expenditures. "UAAL Pension Bond Debt Service Transfer" is a reporting adjustment made at the function level to achieve agreement with the financial statements where these expenditures are reported as transfers in accordance with GAAP.

Nonmajor Special Revenue Funds

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues that are restricted by law or administrative action to expenditures for specified purposes. Nonmajor special revenue funds used by the County are listed below:

ROAD FUNDS

These Funds were established to provide for maintenance and construction of roadways. Revenues consist primarily of the County's share of State highway user taxes and are supplemented by Federal funds.

LIBRARY FUND

This Fund was established to provide library services for all areas of the County except the City of Richmond. Property taxes provide most of the Fund's revenues.

FIRE PROTECTION FUNDS

These Special District Funds provide fire protection services to both cities and unincorporated areas in the County. They are financed primarily by property taxes.

HEALTH AND SANITATION FUNDS

These Funds provide a variety of health and sanitation services. They are financed by State grants, the County's share of the tobacco tax and user fees.

SERVICE AREAS FUNDS

These Special District Funds provide services such as lighting, park, or street maintenance to specific areas in the County. They are financed by property taxes and user charges.

FLOOD CONTROL FUNDS

These Special District Funds provide services to control flood and storm waters. Revenues are primarily received from property taxes and federal grants.

LAW ENFORCEMENT FUNDS

These Funds provide for a variety of law enforcement services financed by property taxes, narcotics seizures and court fines and fees.

COURTS AND CRIMINAL JUSTICE FUNDS

These Funds are used for the improvement of courthouse and criminal justice facilities and related automated information systems. Revenues are derived from court fines and fees.

RECORDER/CLERK MODERNIZATION FUNDS

These Funds provide for automation of civil and small claims functions of the courts and for micrographics and modernization of the Recorder's Office. Revenues received are from filing and recording fees.

LAND DEVELOPMENT FUND

This Fund was established to report growth management related activities, such as Building Inspection, Public Works engineering and Community Development growth management related services.

REDEVELOPMENT AGENCY (RDA) FUNDS

These Funds are used to account for the financial resources designated for the improvement of targeted low to moderate income housing areas and the elimination of blight.

CHILD DEVELOPMENT FUND

This Fund is used to account for the financial resources designated for the County's Child Development programs.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY (IHSS) FUND

This Fund is used to provide services to both providers and recipients of in-home care delivered through the In-Home Supportive Services program.

OTHER SPECIAL REVENUE FUNDS

These Funds account for the activities of several non-grant Special Revenue Funds. They include Fish and Game, Survey Monuments, Victim Assistance, Sans Crainte Drainage and County Water Districts.

Nonmajor Debt Service Funds

DEBT SERVICE FUNDS

Debt Service Funds are used to account for accumulation of resources for, and payment of, principal and interest on the County's general long-term debt.

RECREATION AND PARK BONDS FUND

This Fund is used to accumulate monies for payment of recreation and park bonds. Financing is provided by specific property tax levies.

STORM DRAINAGE BONDS FUND

This Fund is used to accumulate monies for payment of storm drainage bonds. Financing is provided by specific property tax levies.

PUBLIC FINANCING AUTHORITY FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the various financing activities of the County of Contra Costa Public Financing Authority.

PUBLIC FACILITIES CORPORATION FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the various financing activities of the Contra Costa County Public Facilities Corporation.

REDEVELOPMENT AGENCY (RDA) FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the purchase of real property within the area of the Redevelopment Agency.

PENSION BOND FUND

This Fund is used to accumulate monies for payment of taxable pension obligation bonds. These bonds were issued to reduce or extinguish the County's Unfunded Actuarial Accrued Liability (UAAL).

ASSESSMENT DISTRICTS FUNDS

These Funds were established to account for the accumulation of monies for payment of Assessment District debt issued to fund Assessment District capital improvement projects.

Nonmajor Capital Projects Funds

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition of land or acquisition and construction of major facilities other than those financed in the proprietary fund type.

REDEVELOPMENT AGENCY (RDA) FUNDS

The Redevelopment Agency was formed for the acquisition of real property and construction of improvements thereon in the County's unincorporated areas for the purpose of removing or preventing blight.

COUNTY FACILITIES FUNDS

These Funds are used to report improvements to Juvenile Hall facilities and other miscellaneous capital projects.

ASSESSMENT DISTRICTS FUNDS

These Funds were established to account for all the capital improvement projects constructed using Assessment District funds.

Nonmajor Governmental Fund

PERMANENT FUND

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs. The County's permanent fund is included in the combining financial statements of the nonmajor governmental funds (starting on page 81).

LIBRARY GIFT PERMANENT FUND

This fund is used to account for principal trust amounts received and related interest income. The interest portion of the fund is used to support the County Libraries.

Nonmajor Enterprise Funds

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is to have the costs (expenses, including depreciation and amortization) of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or where the County has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

AIRPORT FUND

This Fund was established to account for the financial activities of the Buchanan Field and Byron Airport aviation facilities. Revenues include receipts under rental and lease arrangements involving County airport facilities, and State and Federal aid.

HOUSING AUTHORITY FUNDS

These Funds are used to account for the financial resources designated for housing and housing assistance to low income residents of Contra Costa County.

SHERIFF LAW ENFORCEMENT TRAINING CENTER FUND

This Fund was established to account for the financial activities of the Sheriff Law Enforcement Training Center. The Center provides training to law enforcement personnel from the County Sheriff's Office and other agencies. Revenues include tuition fees paid by the student or law enforcement agency and State aid.

MAJOR RISK MEDICAL INSURANCE FUND

This Fund accounts for operations of the County's participation in the State's Major Risk Medical Insurance Program. The Program is designed to provide health insurance to Californians who are unable to obtain coverage on the open market. The Contra Costa Health Plan acts as the fiscal intermediary for the State. The County is not at risk for the costs of services in the Program, which is funded through a combination of subscriber premiums and State funding from tobacco tax monies.

FIDUCIARY FUNDS

AGENCY FUNDS

TAX LOSSES RESERVE

This Fund was established as a reserve for all delinquent secured taxes. It accumulates gains from tax sales and specified amounts of penalties and interest collected on delinquent secured taxes to cover possible future losses on the sale of tax-deeded property.

UNAPPORTIONED TAXES

These Funds account for unsecured taxes receivable, delinquent secured taxes, amounts which are impounded because of disputes or litigation and amounts held pending authority for apportionment.

OTHER AGENCIES

These Funds account for assets held by the County for individuals, private organizations and other governmental units. These funds include payroll deduction clearing and collections clearing funds.

NOTE: (1) Article XIII A, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased: a) to reflect annual inflation up to 2 percent; b) to reflect current market value at time of ownership change; and c) to reflect market value for new construction.

COUNTY OF CONTRA COSTA
GENERAL TAXES LEVIED AND COLLECTED
 LAST TEN FISCAL YEARS

Fiscal Year Ended June 30,	General Taxes Levied (1)	General Taxes Collected (2)
1993	\$ 613,933,210	\$ 613,933,210
1994	634,276,960	634,276,960
1995	652,943,650	652,943,650
1996	671,464,620	671,464,620

2000	782,875,880	782,875,880
2001	846,279,780	846,279,780
2002	934,902,000	934,902,000

-
- NOTES: (1) General taxes are calculated at 1 percent of total assessed value less local exemptions.
- (2) General County taxes collected are the same as the amounts levied, because the County follows California's alternate method of apportionment (the Teeter Plan). Under the Teeter Plan, all amounts levied are apportioned to the County and other taxing agencies regardless of whether they are collected in the current year or not. A Tax Losses Reserve Fund insures losses resulting when a property is sold for taxes, and the proceeds are insufficient to pay the outstanding amounts due.

COUNTY OF CONTRA COSTA
SPECIAL ASSESSMENTS LEVIED AND COLLECTED

2001	3,030,800	3,030,800
2002	2,600,958	2,600,958

-
- NOTES: (1) Data for this schedule are provided for years in which special assessment debt with government commitment has been reported separately in the CAFR. Data are not available for years prior to fiscal year 1994-1995.
- (2) Special assessments are amounts levied to pay special assessment debt with government commitment.
- (3) Special assessments collected are the same as the amounts levied, because the County follows California's alternate method of apportionment (the Teeter Plan). Under the Teeter Plan, all amounts levied are apportioned to the County and other taxing agencies regardless of whether they are collected in the current year or not. A Tax Losses Reserve Fund insures losses resulting when a property is sold for taxes, and the proceeds are insufficient to pay the outstanding amounts due.

2000	1.0000	.0006	.0055	.0091	.0334	.0135	1.0621
2001	1.0000	.0006	.0047	.0067	.0318	.0131	1.0569
2002	1.0000	.0005	.0044	.0074	.0357	.0133	1.0613

NOTE: (1) In June, 1978, California voters approved Proposition 13 which restricted the taxing power of local government agencies. Individual agencies do not establish their own property tax rates, except for voter approved indebtedness. Instead, a countywide rate is levied with the proceeds distributed to all agencies according to formulas specified by the State legislature. The countywide rate is 1 percent of full cash value (\$1 per \$100 of taxable assessed valuation). The rates shown above are percentages of assessed valuation.
