Fax (925) 646-2649

Kenneth J. Corcoran
Auditor-Controller

Stephen J. Ybarra
Assistant Auditor-Controller

December 4, 2000

Members of the Board of Supervisors and
Citizens of Contra Costa County:

The Comprehensive Annual Financial Report (CAFR) of the County of Contra Costa for the fiscal year of 1999-2000 is presented in compliance with Section 25253 of the Government Code of the State of California. This report was prepared by the Office of the County Auditor-Controller, which is responsible for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures. We believe the data, as presented, are accurate in all material aspects and presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

The CAFR represents the culmination of all budgeting and accounting activities engaged in by management during the year, covering all funds and account groups of the County and its financial transactions. The CAFR is organized into three sections:

- The Introductory Section is intended to familiarize the reader with the organizational structure of the County, the nature and scope of the services it provides, and the specifics of its legal operating environment.
- The Financial Section includes the audited general-purpose financial statements, its notes thereto, supporting statements necessary to fairly present the financial position and the results of operations of the County in conformity with generally accepted accounting principles and the independent auditor's report on the general-purpose financial statements.
- The Statistical Section contains comprehensive statistical data for the County relating to its physical, economic, social and political characteristics.

The County reporting entity includes all the funds and account groups of the primary government as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable or other organizations for which the nature and significance of the relationship with the primary government are such that exclusion would make the enclosed financial statements misleading or incomplete. By this definition, the reporting entity includes 48 component units: the Contra Costa County Public Facilities Corporation, the County of Contra Costa Public Financing Authority, the Housing Authority of Contra Costa County (included as of and for the year ended March 31, 2000), the Contra Costa County Redevelopment Agency, the Contra Costa County Employees' Retirement Association (included as of and for the year ended December 31, 1999), the Contra Costa Children and Families Commission; and 42 County Special Districts and Service Areas.

The reporting entity excludes certain separate legal entities which may have “Contra Costa” in their title, or which are required to keep their funds in the County Treasury or receive their tax apportionment from the County. Examples are school districts, community college district, cities, city redevelopment agencies, the Bay Area Rapid Transit District, the Metropolitan Transportation Commission, and a variety of special purpose districts for cemeteries, mosquito abatement, recreation and parks, etc. These entities are autonomous organizations that handle their own fiscal affairs and for which the Board of Supervisors has no oversight responsibility. Accordingly, they are not included in the accompanying general purpose financial statements, except for their assets, principally cash and investments, which are held by the County Treasurer.

The County provides the full-range of services contemplated by statute. These services include public protection, highways and streets, sanitation, health and social services, planning and zoning and general administrative services.

ECONOMIC CONDITIONS AND OUTLOOK

Contra Costa County was incorporated in 1850 as one of the original 27 counties of the State. It is one of nine counties in the San Francisco-Oakland Bay Area. The County covers about 733 square miles; the western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial and light industrial.

The County has a general law form of government. A five member Board of Supervisors, each elected to four year terms, serves as the legislative body. A County Administrative Officer is appointed by the Board and runs the day-to-day business.

Population and job growth projections remain positive. As of January 1, 2000, the County's population was estimated at 930,025, an increase of 16.6 percent since 1990. A study prepared by the Association of Bay Area Governments projects a 22.1 percent increase in population and a 59.0 percent increase in jobs between 2000 and 2020.

The State's economy continues to be robust. This is supported by current unemployment statistics, which indicate the State's overall jobless rate remained at 5.3 percent in June 2000, the same as it was one year earlier.

The County's June 2000 jobless rate remained at 3.1 percent, the same as it was one year earlier. Consistent with historical performance, it was also significantly below the State-wide average of 5.3 percent. The County's economy is very diverse; major industries include petroleum refining, steel manufacturing, chemicals, electronic equipment, paper products, services and food processing. The combination of the above factors contributes to Contra Costa's consistent ranking as a leading county in both per capita and household income.

MAJOR INITIATIVES AND SERVICE EFFORTS AND ACCOMPLISHMENTS

The following are some of the County's major initiatives and service efforts and accomplishments.

General Government

- The Department of Information Technology (DoIT) has been very active, both directly and indirectly, in improving the efficiency and effectiveness of County operations and services through the use of new technologies. In 1999 it continued its work to insure that the County would avoid the Year 2000 computer problem. DoIT staff, in concert with the Sheriff's Office of Emergency Services (OES), produced a series of live television programs in partnership with the County's cable television network, to alert and educate County citizens on preparations for Year 2000 issues. These programs included presentations by County department staff, local utility and communications companies, and local community-based organization representatives. Because of DoIT's early leadership, the department achieved a high profile statewide and provided assistance to other agencies. As a result of this preparation no disruptions occurred, and each department took the opportunity to review their technological portfolio.

In 1999, the County's Wide Area Network (WAN) transported over forty trillion characters of information each month and servers processed over six million transactions each month. With 100 percent availability as its goal, the 1999 outcome was 99.85 percent availability for the WAN and 99.99 percent availability for server processing.

The entire department migrated to "thin client" technology, creating centralized standards and software, reducing computer operating costs by 40.0 percent.

DoIT inventoried use of technology in the County and found, as of March 2000, that there were 5,206 desktop computers, 148 servers, and 19,494 licenses for software.

The DoIT executive briefing for County decision makers and employees was "New Solutions to Classic Problems." This program brought technology leaders, including Government Technology Magazine, Dell, Xerox, Cisco Systems, and Microsoft to look at new ways to tackle traditional government responsibilities.

- The County has begun to implement e-commerce. Departments currently implementing e-commerce include Animal Services, Assessor, Building Inspection, DoIT, Library, Public Works, and Treasurer-Tax Collector. The Clerk-Recorder has already implemented e-commerce.
- The County's Geographical Information System (GIS) is rapidly expanding and incorporating new data overlays, combining traditional land use information with data needs for social services, health, and crime prevention.

- Library service was significantly enhanced. The Oakley/Freedom High School Joint Use Library opened on August 3, 1999. This was a joint project between the County Library and the Liberty Union High School District. The Oakley Public Library was moved from a 1,200 sq. foot facility into the new High School Library at Freedom High School, which is a 6,000 sq. foot facility. State funding of \$350,000 allowed the Library to double the size of the collection, buy the necessary computers, furniture and shelving to furnish the public library section of the Library and to make some building modifications. The hours of operation were also increased and the result has been a 91.0 percent increase in circulation.

The San Pablo Library opened in a newly renovated facility in November 1999. The new facility is located in the International Marketplace, previously known as the El Portal Shopping Center. County Library staff worked closely with the City of San Pablo staff to create a new and attractive library in a remodeled Safeway store. The Library increased in size from 6,000 sq. feet to 8,000 sq. feet and is now in a more central location.

The Library received a major boost to its training program through the Gates Library Initiative (GLI) and the state-sponsored InFoPeople Project. GLI's two grants provided monies to purchase 11 computers for a new advanced training lab at the Central Library in Pleasant Hill, and 4-6 computers each for four eligible libraries: Antioch, Bay Point, Pittsburg, and San Pablo. InFoPeople supplemented the Gates Library Initiative with funds to purchase 10 additional computers and a high-end projection unit for the Training Lab. The grant specifies that the Training Lab is for staff proficiency training, public literacy training, and public Internet instruction. The public has access when the lab is not in use for staff development and public literacy training.

The Board of Supervisors approved \$581,000 to augment materials and collections in the Library's fiscal year 1999-2000 budget. The funds were allocated to the branches based on the Library's existing allocation formula that is based 50.0 percent on circulation and 50.0 percent on population. Each branch developed a spending plan based on the needs of the community. A particular emphasis was placed upon materials for children, including books, picture books and easy readers. Funds were also allocated to purchase material to support the Library's literacy program. This fund augmentation is expected to greatly increase circulation and customer satisfaction in the coming year.

The goal of the new Contra Costa Reads! 2000 Program is to promote reading and learning among young people and to reinforce the importance of libraries as a resource for life-long learning. Co-sponsored by Pacific Bell, the program is designed to give every second grader in the library service area a library experience and a library card by the end of 2000, and to encourage the students and their parents to use the library services. As of June 2000, 12,580 students in 629 classes at 131 schools have been visited by library staff. 3,200 library cards have been issued resulting in 85.0 percent of second grade children now having a library card.

Project Second Chance expanded the literacy tutorial program. Through expanded availability and use of technology, more than 100 students received individualized instruction in the use of personal computers equipped with software appropriate for literacy students. The program's professional staff and volunteer tutors became increasingly more effective at helping adults with learning disabilities meet their reading and writing goals.

The Library selected and installed a software filtering system for the Children's Internet Personal Computers. The system provides filtered access for children in response to the concerns of parents about objectionable materials on the Internet.

- The Clerk-Recorder Department is the e-commerce leader in Contra Costa County. The Department has developed and implemented technologies to allow customers to order copies of official documents over the Internet (official documents include vital records, real property documents, Fictitious Business Name Statements, etc.). This public service has been available via its web site for more than 18 months (since March 1999), and it has been remarkably successful without any promotion. Currently the e-commerce requests are “turned around” within 48 hours.

The Clerk-Recorder Department expanded their computer system to allow the Assessor’s Office to access the Recorder’s official documents through the WAN. In the past, the Assessor had a copy machine in the Recorder’s Office and manually photocopied the records each day for their use. Now they are able to access the same records via the WAN, through a secure connection. This program saves the Assessor time, equipment, and paper, at very little cost.

The Recorder’s Office currently has a beta test program in progress to allow for electronic submission of documents for recording. Utilizing several security measures (thumbprint identification, encryption, public/private keys), the Recorder’s Office will be ready to move toward paperless recording when legislation allows it. The Recorder’s Office has been striving toward this goal as part of their overall technology program since 1996. It is one of the final steps in creating a truly “paperless” front office.

For the eleventh consecutive election (since November 1997), the Elections Office posted real time election results on its web site. Voters could also look up their polling place (and view a map to it). This reduced phone calls on Election Day and made it easier for voters to find their polling place.

The Elections Office participated in a mock on-line Internet voting trial during the November 7, 2000 general election (one of four counties selected by the Secretary of State to test this system). This is an important step in modeling how an Internet based voting system could work.

- The Offices of Clerk-Recorder, Assessor, and Tax Collector have adopted barcode technology to facilitate timely and accurate processing of their records.
- Major new facility development for government operations that will commence in fiscal year 2000-2001 include the following:
 - A new family law court building for five courts.
 - A new ambulatory care facility and clinical laboratory for the Contra Costa Regional Medical Center.
 - A new East County Employment and Human Services building.
 - Replacement for Juvenile Hall.
 - Replacement for the County animal shelter.
- Building construction in Contra Costa County continues to rise with nearly 60,000 inspections for nearly 11,700 permits prompting an 8.79 percent increase in the County’s assessed valuation.
- The Community Development Department has produced a city-county inventory of under-developed land in an effort to focus new development in areas of existing infrastructure capacity.
- The Assessor, assisted by County Counsel, has successfully withstood challenges of refinery tax appeals and tort claims, saving millions of dollars in judgments and legal fees.

- The County, through Public Works and Community Development Departments, has participated in over \$100 million of improvements in State Route 4.

Public Protection

- The Office of the District Attorney continues to hold a higher conviction rate (97.1 percent) than the statewide rate (95.3 percent).
- The Office of the Sheriff established community beats in the North Richmond, El Sobrante and Bay Point areas and assigned resident deputies to the Discovery Bay, Rodeo and Contra Costa Centre areas of unincorporated Contra Costa County. These community beat and resident deputy programs expand patrol services and increase the positive interaction between law enforcement and the communities served.

To enhance the interaction between law enforcement and local schools and students, one School Resource Officer was assigned to Verde Middle School through a Federal COPS grant, and another was assigned to Monte Vista High School with funding from the Board of Supervisors.

Through funding from the State Department of Boating and Waterways, the Sheriff's Marine Patrol Division removed 65 abandoned, derelict vessels and five barges from the Delta waterways.

Automation and other system improvements resulted in the Sheriff's Forensic Services Division's ability to offer toxicology analysis that is more efficient, and to expand analytical capabilities to more types of drugs. The Forensic Services Division is in the final stages of bringing an automated method of DNA analysis on line. This method will provide genetic data that can be searched against the State's convicted offender DNA database. This system will also have the capability of providing analytical results more rapidly to law enforcement investigators.

The Sheriff's Office of Emergency Services implemented an Area Emergency Manager Program that is tied to the Sheriff's Area Command Stations (Bay, Muir, Valley and Delta). Under this program a specific Emergency Planner is assigned to a station area and has full responsibility for working with all jurisdictions in that area on emergency preparedness.

The Sheriff's Office of Emergency Services sponsored an Operational Area Conference for all County department heads and public safety executives from all counties and cities in the greater Bay Area. It also provided Public Information Officer training, open to all public safety, county and city staff.

Implementation of a new automated Jail Management System (JMS) for the Sheriff's detention facilities was completed. This system includes a program that allows users to access booking photos from any remote JMS location. Technology was further enhanced in the field with the implementation of an automated report writing system in selected areas of the County for use by Sheriff's personnel.

The Sheriff's vehicle abatement program removed 399 abandoned vehicles from the County during the year.

- The Contra Costa County Fire District has opened two new stations. Their Regional Communications Center has developed a user group to analyze and improve dispatch operations. The District is also making improvements to its telecommunications and network systems which will significantly increase the communications capabilities between both station and office locations.

Health and Sanitation

- Contra Costa Health Services (CCHS) initiated a coalition with thirty community-based organizations, public sector programs, and school districts to encourage enrollment in the Medi-Cal and Healthy Families programs. Ensuring that children and families have health benefits is an essential part of the healthcare delivery system. In addition, with Federal welfare reform, families are often not aware that when their cash aid is discontinued they continue to be eligible for Medi-Cal. Outreach education and support is being developed and coordinated so families get the assistance they need to complete the correct application to get these benefits. This effort is expected to expand in the next year through foundation funding which will target enrolling families in the various benefits available, while decreasing barriers among agencies and departments so families can get help in a seamless manner.

CCHS operates the Service Excellence Initiative to provide high quality service with the respect and responsiveness expected by all individuals who use and work in CCHS programs. This long-term initiative will help ensure services are delivered effectively and efficiently.

The Contra Costa Health Plan continues to maintain the strongest market share of all the local initiative Medi-Cal managed care plans in the State with over 77.0 percent of Medi-Cal beneficiaries. They've instituted on-line access between the emergency department and hospital patient records.

Public Assistance

- The Community Services Department was reorganized in 1999, combining the Head Start and the Child Development Divisions into the Family and Child Services Division. Child Start was created as a new, national model for subsidized child care, providing full-day, full-year services for low-income parents. Child Start blends the Federal Head Start program with the State Child Development program, both of which are part-day. The new Child Start program was achieved while meeting all the individual funding and eligibility requirements of these two programs. As a result of the conversion, the Department increased the number of child care/development hours available to low-income families by 1.2 million (or 31.2 percent). At the same time, the hourly cost of child care/development has been reduced by 13.0 percent. In addition, the number of full-day, full-year child care slots has been increased by 39.9 percent to allow more low-income families to seek and gain employment.

The Department added seven child care facilities to provide services to 272 children of low-income families. The Department has increased the number of computers in the classrooms by 54.0 percent, ensuring that every classroom now has a computer available to provide children of low-income families with initial computer literacy.

- In fiscal year 1998-1999, the Board of Supervisors created the Department of Employment and Human Services, combining the Social Services Department with the Private Industry Council. The new Department was created in recognition of the growing convergence of the mission of the two former entities, driven by both the Workforce Investment Act and Federal and State welfare reform. Through the efforts of the new Department, a total of 29.0 percent of the Welfare-to-Work case load had earned income by the first quarter of 2000. The two-year savings in monthly cash grant payments is an estimated \$60 million.

FINANCIAL INFORMATION

County management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the County are protected from loss, theft or misuse, and that accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

Budgetary Controls

The objective of the County's budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Board of Supervisors. Budgetary control is maintained at the object level for all annually budgeted funds; however, the legal level of control is at the department level. Using the County's automated accounting system, the Auditor-Controller restricts each department's expenditures to the amounts appropriated by the Board of Supervisors for the year. Increases in budget appropriations must be approved by the Board of Supervisors as a transfer from the Reserve for Contingencies, as a transfer from another appropriation, or as an appropriation of new or unanticipated revenue. No department is permitted to spend more than its available appropriations. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to fund balance. The year-end fund balance, along with projected revenues, becomes available for appropriation the following year. An encumbrance accounting system is used to facilitate effective budgetary control. An encumbrance reserves a portion of an appropriation at the time a commitment is made to acquire goods or services. Open encumbrances are reported as reservations of fund balances at June 30, 2000, and are re-appropriated as part of the following year's budget.

General Governmental Functions

The general governmental functions are contained in the General, Special Revenue, Debt Service and Capital Projects Funds. Included in these Funds are the special districts governed by the Board of Supervisors and the County's blended component units.

Revenues for County governmental functions (primary government) totaled \$1,050 million in fiscal year 1999-2000, an increase of 11.5 percent from fiscal year 1998-1999. The amount of revenues from various sources and the changes compared to the prior year are shown in the following tabulation (in thousands):

Revenue Source	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) From 1998-99</u>	<u>Percent Change</u>
Taxes	\$ 204,383	19.5 %	\$ 11,468	5.9 %
Licenses, permits, and franchise fees	20,395	1.9	4,174	25.7
Fines, forfeitures, and penalties	19,000	1.8	1,912	11.2
Use of money and property	37,956	3.6	(2,693)	(6.6)
Intergovernmental	564,289	53.8	61,381	12.2
Charges for services	169,240	16.1	24,030	16.5
Other revenue	<u>35,020</u>	<u>3.3</u>	<u>7,737</u>	28.4
Total	<u>\$ 1,050,283</u>	<u>100.0 %</u>	<u>\$ 108,009</u>	11.5 %

Tax revenue increased 5.9 percent compared to the prior year, primarily from increased assessed valuations and sales tax revenues.

Licenses, permits and franchise fees increased 25.7 percent compared to the prior year. There has been a continued increase from construction permits and drainage fees due to new construction projects primarily in East Contra Costa County and increased franchise fee revenue.

Fines, forfeitures and penalties revenue increased 11.2 percent compared to the prior year, primarily due to increased Vehicle Code violation revenue, consumer fraud penalties and other penalties.

Use of money and property revenue decreased by 6.6 percent compared to the prior year, primarily due to the recognition of less lease/rental revenue than in the prior year.

Intergovernmental revenue increased by 12.2 percent compared to the prior year. There was an increase in Employment and Human Services Department revenue due to increased allocations for programs such as Medi-Cal and Calworks and for program support services. There were also funded COLA increases in these programs. There was also an increase in State allocations to the Offices of the Sheriff and District Attorney to support public safety activities. General revenue increased primarily due to an increase in motor vehicle in lieu tax and AB1661 local relief revenues.

Charges for services increased 16.5 percent compared to the prior year. This was primarily due to an increase in road services charges, contract law enforcement services and Medi-Cal services.

Other revenues increased 28.4 percent compared to the prior year. This increase includes proceeds from the sale of Animal Services property.

Expenditures for County governmental purposes (primary government) totaled \$1,025 million in fiscal year 1999-2000, an increase of 5.2 percent compared to fiscal year 1998-1999. Changes in levels of expenditures for major functions of the County compared to the prior year are shown in the following tabulation (in thousands):

Function	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) From 1998-99</u>	<u>Percent Change</u>
General government	\$ 101,772	9.9 %	\$ (7,191)	(6.6) %
Public protection	307,260	30.0	19,722	6.9
Health and sanitation	164,142	16.0	7,101	4.5
Public assistance	302,690	29.5	13,120	4.5
Education	14,216	1.4	1,388	10.8
Public ways and facilities	50,508	4.9	4,653	10.1
Recreation and culture	619	0.1	350	130.1
Debt service	60,635	5.9	(999)	(1.6)
Capital outlay	<u>23,109</u>	<u>2.3</u>	<u>12,627</u>	<u>120.5</u>
Total	<u>\$ 1,024,951</u>	<u>100.0 %</u>	<u>\$ 50,771</u>	<u>5.2</u>

General government expenditures decreased 6.6 percent compared to the prior year. The primary factor was a decline in plant acquisitions.

Public protection expenditures increased 6.9 percent compared to the prior year. This increase was primarily in Sheriff operations and detention and Probation. Most of the increase in Sheriff operations and detention was due to an increase in the number of employees and a cost of living increase. Most of the increase in Probation was due to an increase in expenditures for juvenile services.

Health and sanitation expenditures increased 4.5 percent compared to the previous year primarily due to increased provision for mental health services.

Public assistance expenditures increased by 4.5 percent compared to the prior year. The Employment and Human Services received an allocation increase from the State which allowed for an increase in expenditures. Most of the increased expenditures were for Foster Care payments and Food Stamp eligibility.

Education expenditures increased by 10.8 percent compared to the prior year. This was primarily due to increased library expenditures for salaries, materials and the purchase of computers and software.

Public ways and facilities expenditures increased by 10.1 percent compared to the prior year. There was increased activity for road construction, improvements, and maintenance that included increased work on the State Route 4, Bailey to Railroad and West Gap projects.

Recreation and culture expenditures increased by 130.1 percent compared to the prior year mainly due to construction of a pool in Alamo.

Debt service expenditures decreased by 1.6 percent compared to the prior year. This was primarily due to a decrease in issuance of Tax and Revenue Anticipation Notes due to a decrease in requirements from this funding source, and lower interest rates.

Capital outlay expenditures increased by 120.5 percent compared to the prior year primarily due to fixed asset acquisition by the Housing Authority.

Enterprise Operations

The County Hospital had retained earnings of \$21,913,000 and the Health Maintenance Organization had retained earnings of \$4,045,000, as of June 30, 2000. These amounts were after General Fund contributions of \$13,955,000 and \$3,901,000, respectively. The Major Risk Medical Insurance Enterprise Fund had retained earnings of \$250,000. The Airport Enterprise Fund had a retained deficit of \$399,000 due to an accumulation of annual operating losses, including depreciation. This deficit should be eliminated as rents are received from anticipated fixed-base operators leasing space at the Byron Airport and contractual rent increases at the Buchanan Airport. The Employee Fitness Center Enterprise Fund had maintained a retained deficit for several years. The County was obligated to fulfill the lease agreement for the Employee Fitness Center until its expiration this year. The Board of Supervisors has now closed the Center. The Regency Hills skilled nursing facility was sold in fiscal year 1997-1998 and the Fund has been closed.

Pension Trust Fund Operations

The Employees' Retirement Association's net assets held in trust were \$2,987,089,000 at December 31, 1999, an increase of \$350,069,000 compared to December 31, 1998. Net appreciation in the fair value of pension investments accounted for \$343,669,000 of this increase.

Debt Administration

The County finances its cash requirements prior to collection of taxes by short-term borrowing. The 1999-2000 Tax and Revenue Anticipation Notes of \$88 million received ratings of MIG1 from Moody's Investors Service and SP1+ from Standard and Poor's Corporation. These are the highest ratings for this type of borrowing.

The County has capital lease obligations under lease/purchase agreements for various County buildings and other property. Past agreements have been made principally with the Contra Costa County Public Facilities Corporation, a non-profit public benefit corporation which assists the County in financing public buildings and facilities. Beginning in fiscal year 1997-1998, most new agreements have been and will be made with the County of Contra Costa Public Financing Authority, a joint powers authority consisting of the County and the Redevelopment Agency.

Cash Management

Cash temporarily idle during the year was invested in accordance with California Government Code Sections 53600 (et seq.) which allow investment maximums of 40.0 percent in bankers' acceptances, 30.0 percent in negotiable certificates of deposit, and up to 30.0 percent in commercial paper. There is no limit on investments in collateralized certificates of deposit and U.S. Government issues. The County Treasurer continues to have a more restrictive investment policy than required by law. The Treasurer's investment policy was approved by the Board of Supervisors. In accordance with Government Code Sections 27130-27137, an investment oversight committee has reviewed the quarterly investment reports prepared by the Treasurer. The average yield on investments for the fiscal year ended June 30, 2000, was 6.42 percent.

Risk Management

The County is self-insured for workers' compensation, general and automobile liability, medical malpractice, dental, management long-term disability and unemployment insurance. The County maintains excess insurance policies to cover workers' compensation claims from \$750,000 to \$10 million, and general and automobile liability claims from \$1 million to \$25 million (\$75 million per occurrence for airport catastrophic public liability losses). The County also maintains excess insurance policies to cover medical malpractice claims from \$500,000 to \$11 million. In addition, the County maintains up to \$550 million "All Risk" coverage (including flood insurance) with a \$50,000 deductible and \$350 million earthquake insurance coverage with commercial insurance carriers on all locations.

The County's Risk Management office administers claims for the various programs, provides loss prevention services and minimizes risks through various risk control strategies.

OTHER INFORMATION

Independent Audit

For over 60 years the policy of the County has been to require an annual audit of the financial statements of the County by independent certified public accountants. The Board of Supervisors selected the firm of Macias, Gini & Company LLP to perform the fiscal year 1999-2000 audit.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Contra Costa County for its fiscal year 1998-1999 Comprehensive Annual Financial Report. This was the eighteenth consecutive fiscal year the County has received this award.

In order to be awarded a Certificate of Achievement, the County must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid only for a period of one year. We believe our current report continues to conform to Certificate of Achievement requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

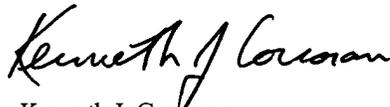

Web Site

The County maintains an Internet web site with an increasing amount of information useful to its citizens at <http://www.co.contra-costa.ca.us>. This document is also available there by selecting "Departments" and then "Auditor-Controller".

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Office of the Auditor-Controller. I would like to express my appreciation to all members of the Office who assisted and contributed to its preparation. I would also like to thank the members of the Board of Supervisors and the County Administrator for their interest and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

Kenneth J. Corcoran
Auditor-Controller

The Honorable Board of Supervisors
 County of Contra Costa
 Martinez, California

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general-purpose financial statements of the County of Contra Costa, California (County), as of and for the year ended June 30, 2000. These general-purpose financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the County as of June 30, 2000 and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 4, 2000 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents as supplemental information are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the County. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

The statistical section listed in the table of contents is presented for purposes of additional analysis and is not a required part of the general-purpose financial statements of the County. Such additional information has not been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, accordingly, we express no opinion on it.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Contra Costa (the "County") conform to generally accepted accounting principles as applicable to governmental entities. The following is a summary of the more significant policies:

A. Definition of Reporting Entity

The County is a political subdivision created by the State of California. As such, it can exercise the powers specified by the Constitution and statutes of the State. The County is governed by a five member elected Board of Supervisors. These financial statements present all the fund types and account groups of the County and its component units. Component units are legally separate entities that are controlled by the County Board of Supervisors, are in a relationship of financial benefit or burden with the County, or would cause the County's financial statements to be misleading if the data from the entity was not included. Blended component units are component units whose governing board is substantially the same as the County Board of Supervisors or that serve the County government exclusively, or almost exclusively. Component units that do not meet this standard are discretely presented in a separate column in the combined financial statements.

Blended Component Units

The Housing Authority of the County of Contra Costa (the "Authority") was established to provide housing for the County's low and moderate income residents. Its board members are the same as the County Board of Supervisors. The financial activities of the Authority are reported in the Special Revenue, Debt Service and Agency Funds and the General Fixed Assets and General Long-Term Obligations Account Groups. The fiscal year of the Authority ends on March 31st and its financial activities are reported as of that date.

The Contra Costa County Redevelopment Agency (RDA) was established for the purpose of redeveloping certain areas of the County designated as project areas. Its board members are the same as the County Board of Supervisors. The financial activities of the RDA are reported in the Redevelopment Agency Special Revenue, Debt Service and Capital Projects Funds and the General Long-Term Obligations Account Group.

The Contra Costa County Public Facilities Corporation (PFC) was established to provide financing for the acquisition, construction, improvement and remodeling of public buildings and facilities for the County. The County appoints a voting majority of the governing board and is able to impose its will on the Corporation. The activities of the Corporation are reported in a Debt Service Fund, the County Hospital Enterprise Fund and the General Long-Term Obligations Account Group.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

The County of Contra Costa Public Financing Authority (PFA) is a joint powers authority consisting of the County and the RDA. The PFA was established to provide for the financing of public improvements, obligations, working capital and liability or other insurance programs of the County and the Agency. The members of the County Board of Supervisors also serve as the Directors of the PFA. The activities of the PFA are reported in a Debt Service Fund, the County Hospital Enterprise Fund and the General Long-Term Obligations Account Group.

The Contra Costa County Employees' Retirement Association (CCCERA) was established to provide retirement benefits to employees of the County and other member agencies. The CCCERA provides services which almost exclusively benefit the County and it is reported as a Pension Trust Fund in the general-purpose financial statements. The fiscal year of the CCCERA ends on December 31st and its financial activities are reported as of that date.

The County has 42 agencies referred to as County Special Districts and Service Areas. Each is established by the County for the purpose of providing specific services in a defined geographic area. Their board members are the same as the County Board of Supervisors. These agencies are reported in Special Revenue Funds. These agencies and the Special Revenue Fund in which each is reported include: Fire Protection - Bethel Island Fire Protection District, Contra Costa Fire Protection District, Crockett-Carquinez Fire Protection District, East Diablo Fire Protection District, Oakley Fire Protection District; Flood Control - Flood Control District, Storm Drainage District, Storm Drain Maintenance District No. 4 and Storm Drain District No. Z-16; Health and Sanitation - Sanitation Districts Nos. 5, 6, 15 and 19; Service Areas - Service Areas D-2, EM-1, L-100, LIB-2, LIB-10, LIB-12, LIB-13, M-1, M-8, M-16, M-17, M-20, M-23, M-25, M-26, M-27, M-28, M-29, R-4, R-7, R-8, R-9, R-10 and RD-4; Law Enforcement - Service Areas P-1, P-2, P-5 and P-6; Other Special Revenue - Contra Costa County Water Agency.

Discretely Presented Component Unit

The Contra Costa Children and Families Commission (the "Commission") was established to implement the provisions of Proposition 10, adopted by the voters in 1998. Proposition 10 added Division 108 (commencing with Section 130100) to the Health and Safety Code. It provides for a State tax on the sale of tobacco products and also provides that this revenue be spent for early childhood development programs by the Commission. The County Board of Supervisors appoints all nine members (and nine alternate members) of the Commission and is able to impose its will on the Commission. Two members of the Board of Supervisors serve on the Commission. The Commission provides most of its services directly to the citizens of the County. The financial activity of the Commission is reported in separate columns on the Combined Balance Sheet - All Fund Types and Account Groups and the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

Complete audited financial statements for each of the individual component units are issued separately and may be obtained at the unit's administrative offices as follows:

Housing Authority of the County of Contra Costa
3133 Estudillo Street, Martinez, CA 94553

1355 Willow Way, Suite 221, Concord, CA 94520

Contra Costa Children and Families Commission
1340 Arnold Drive, Suite 125, Martinez, CA 94553

B. Fund Accounting

The County uses funds and account groups to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental funds are used to account for all or most of the County's general government activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital projects funds), and the servicing of general long-term obligations (debt service funds). The General Fund is used to account for all activities of the County not accounted for in one of the other fund types.

Proprietary funds are used to account for activities similar to those in the private sector, where the measurement focus is upon determination of net income and capital maintenance. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the County (internal service funds).

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

Fiduciary funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include the Pension and Investment Trust Funds and agency funds. The Pension and Investment Trust Funds are accounted for in essentially the same manner as proprietary funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the flow of current financial resources measurement focus. Only current assets and current liabilities generally are included on the balance sheet. Fixed assets purchased with governmental funds are recorded in the General Fixed Assets Account Group. Liabilities, which are expected to be liquidated with expendable available resources, are considered current liabilities and are recorded in the governmental fund types; remaining amounts are reported in the General Long-Term Obligations Account Group. Operating statements of the governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and the Pension and Investment Trust Funds are accounted for using the flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet for proprietary funds, or statement of net assets for Pension and Investment Trust Funds. Fund equity (i.e., net total assets) in proprietary funds is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The modified accrual basis of accounting is used by all governmental fund types, agency funds and the discretely presented component unit. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than principal and interest on long-term obligations, are recorded when the related fund liability is incurred. Principal and interest on general long-term obligations are recorded as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made early in the following year.

The County considers property taxes administered under the alternate method of distribution as available (see Note 3). Unsecured property taxes, not administered under that method, are considered available if they are collected within 60 days after year-end.

Other major revenues susceptible to accrual are tobacco taxes, franchise fees, intergovernmental revenue, interest revenue and charges for services. Vehicle license fees and sales tax revenue reported to the State on behalf of the County for the period ending June 30th, are also recognized as revenues. Fines, fees and permits are not susceptible to accrual as they generally are not measurable until received in cash.

The accrual basis of accounting is utilized by proprietary fund types and Pension and Investment Trust Funds. Under this method, revenues are recorded when earned and expenses are recorded when liabilities are incurred.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

The County reports deferred revenue on its combined balance sheet. Deferred revenue arises when a potential revenue transaction does not meet the "available" criteria for recognition in the current period. Deferred revenue also arises when resources are received by the County before it has a legal claim to them, as when grant monies are received in advance of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for the deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Governmental Accounting Standards Board (GASB) Statement No. 20

The County has elected under Governmental Accounting Standards Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, not to apply Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989. As required under GASB Statement No. 20, the County will continue to apply all applicable GASB pronouncements, as well as statements and interpretations of FASB, the Accounting Principles Board (APB) Opinions and Accounting Research Bulletins (ARB's) of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

E. Cash and Investments

Investment transactions are recorded on the trade date. Investments in non-participating interest-earning investment contracts (certificates of deposit and guaranteed investment contracts) are stated at cost, and all other investments are stated at fair value. Fair value is defined as the amount that the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller and is generally measured by quoted market prices.

Under GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, the Pension Trust Fund reports its investments at year-end at fair value and includes both realized and unrealized gains and losses on investments in its statement of changes in net assets. The fair values of equity and fixed income securities are derived from quoted market prices. The fair values of private market investments are estimated from fair values provided by real estate investments funds, generally using periodic independent appraisals, and alternative investment managers. All investment purchases and sales are recorded on the trade date.

The public school districts, cemetery districts, pest control districts, recreation and park districts and resource conservation districts within the County are required by legal provisions to maintain their cash and investments with the County Treasurer. The County Treasurer maintains individually directed investment accounts for these districts. The cash and investments held for these districts are included in the Investment Trust Fund.

F. Budgets and Budgetary Accounting

In accordance with the provisions of Sections 29000-29144 of the Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares and legally adopts a budget each fiscal year after a series of public hearings. Budgets are adopted for the General, Special Revenue, certain required Debt Service and Capital Projects Funds on the modified accrual basis.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

The results of operations as presented in the budget-to-actual comparison statements are on the generally accepted accounting principles (GAAP) basis. A reconciliation between those funds which are budgeted and those which are not follows (in thousands):

	<u>Debt Service</u>	<u>Capital Projects</u>
Excess (Deficiency) of revenues and other financing sources over expenditures and other financing uses (Budgeted Funds)	\$ 1,461	(312)
Adjustment:		
Budgets not adopted for the:		
Public Financing Authority	(2,200)	
Public Facilities Corporation	(1,402)	
Assessment Districts	<u>205</u>	<u>120</u>
Excess (Deficiency) of revenues and other financing sources over expenditures and other financing uses (All Budgeted and Non-Budgeted Funds)	\$ <u>(1,936)</u>	<u>(192)</u>

Expenditures are controlled by management at the object level within departments for all adopted budgets; however, the legal level of control is at the department level. Any amendments of appropriations for a department, or transfers of appropriations between departments, are approved by the Board of Supervisors, as are supplemental appropriations normally financed by unanticipated revenues received during the year. Approximately \$91,858,000 in supplemental appropriations were added to the budgets for all governmental fund types during the fiscal year, of which \$75,130,000 was for the General Fund. The Board has delegated authority to the County Administrator to approve transfers of appropriations between object level classifications within a department. Budgeted amounts are reported as amended. Individual amendments were not material in relation to the original appropriations. All appropriations lapse at year end.

G. Cash Flows

For the purposes of the statement of cash flows, the County considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

H. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General, Special Revenue and Capital Projects Funds. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

I. Inventories

Inventories are valued at cost, which approximates market. Governmental fund inventories are maintained using the weighted average method. Proprietary fund inventories are maintained using the first-in, first-out method. The costs of governmental fund inventories and proprietary fund inventories are recorded as expenditures/expenses at the time individual items are consumed rather than when purchased.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

J. Fixed Assets

Fixed assets are valued at historical cost. Contributed fixed assets are recorded at fair market value at the time received. Certain assets, for which actual costs are not available, are valued on the basis of a professional valuation which determined their approximate historical cost.

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group rather than in the governmental funds. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings such as roads, bridges, streets and sidewalks, curbs and gutters, drainage systems, and lighting systems are not capitalized as these assets are immovable and of value only to the County. No depreciation has been provided on general fixed assets.

All proprietary fund and Pension Trust Fund fixed assets are depreciated using the straight-line method over the following estimated useful lives: buildings, 25-40 years; improvements, 10-20 years; and equipment, 3-20 years. Depreciation recognized on assets acquired or constructed through resources externally restricted for capital acquisitions is closed to the appropriate contributed capital account and reported on the operating statement as an adjustment to retained earnings.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not included in the General Fixed Assets Account Group or capitalized in the proprietary funds. The capitalization threshold for permanent structures is \$5,000. The capitalization threshold for equipment is \$3,000, except for County Hospital equipment for which the threshold is \$500.

Interest is capitalized on construction in progress in the proprietary funds in accordance with Statement of Financial Accounting Standards No. 62, *Capitalization of Interest Cost in Situations Involving Certain Tax Exempt Borrowings and Certain Gifts and Grants*. Accordingly, interest capitalized is the total interest cost from the date of the borrowing net of any allowable interest carried on temporary investments of the proceeds of those borrowings until the specified asset is ready for its intended use.

K. Vacation and Sick Leave

Under terms of union contracts, County employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation hours. Employees are not reimbursed for accumulated sick leave except management employees who are eligible for a payoff of unused sick leave accruals at resignation. Management employees must have a balance of at least 70.0 percent of their sick leave accruals and have been employed three years or more to be eligible for this benefit. The maximum amount payable under this Sick Leave Incentive Plan is 50.0 percent of accrued sick leave, however, the amount of sick leave payable is de minimis. Accordingly, no accrual for sick leave has been made in the accompanying financial statements. Accrued vacation at June 30, 2000, is valued at \$34,505,000 which includes \$28,569,000 attributable to the General and Special Revenue Funds, \$5,861,000 recorded in Enterprise Funds and \$75,000 recorded in the Pension Trust Fund. Amounts attributable to the General and Special Revenue Funds are expected to be claimed in future periods and paid with future resources. Accordingly, this liability is reflected in the General Long-Term Obligations Account Group. In proprietary funds, accumulated vacation is recorded as an expense and liability as the benefits accrue to employees. In compliance with GASB Statement No. 16, *Accounting for Compensated Absences*, the amounts reported include estimated employer liability for taxes and workers' compensation premiums.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

M. Bond and Certificate of Participation Discounts and Issuance Costs

In governmental fund types, bond and certificate of participation discounts, issuance costs and losses on defeasance are recognized in the period incurred. In proprietary fund types, these charges are deferred and amortized over the term of the issuance using the straight line method, which approximates the effective interest method.

N. Total Columns on Combined Statements

Total columns on the accompanying combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Such data are not comparable to a consolidation since interfund eliminations have not been made.

O. Effect of New Pronouncements

In December 1998, GASB issued Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions," effective for periods beginning after June 15, 2000. The Statement establishes financial reporting standards to guide state and local governments' decisions about when (in which fiscal year) to report the results of nonexchange transactions (including taxes on retail sales of goods and services, property taxes, and donations by nongovernmental entities) - involving cash and other financial and capital resources. The County is analyzing its current accounting practices to determine the potential impact on the general-purpose financial statements.

In June 1999, GASB issued Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments," effective for periods beginning after June 15, 2001. This Statement establishes new financial reporting requirements for state and local governments throughout the United States. When implemented, it will create new information and will restructure much of the information that governments have presented in the past. GASB Statement No. 34 represents the most important single change in the history of accounting and financial reporting for state and local governments. One of the most significant changes is that all capital assets, including infrastructure, will be reported within the basic financial statements, along with depreciation expense and accumulated depreciation. Currently, infrastructure related to governmental funds is not reported in the financial statements. GASB Statement No. 34 provides an alternative to depreciation for infrastructure, termed the "modified approach". The modified approach requires the use of a qualified asset management system and additional schedules to be reported in another new element of the financial statements, the "Management's Discussion and Analysis (MD&A)" section. The costs to implement GASB Statement No. 34 are unknown at this time.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

The Office of the County Auditor-Controller has established a committee to help the County prepare for the implementation of GASB Statement No. 34. The committee includes members from other departments and plans to conduct training of County staff as appropriate.

2. CASH AND INVESTMENTS

The cash balances of substantially all funds except the Pension and Investment Trust Funds are maintained in the County's internal pool and invested by the County Treasurer. Income from pooled investments is allocated to the funds based on average daily balances. As permitted by the Government Code, legally separate entities that are not part of this reporting entity also have individual investment accounts in the County Treasury. These accounts are separate from the pool and are reported in the Investment Trust Fund. Specific investments are acquired for these individual entities at their direction and the income from and changes in the value of those investments affect only the entity for which they were acquired. The Retirement Board directs the investment activity of the Pension Trust Fund.

Cash and investments at June 30, 2000 (December 31, 1999 for the Pension Trust Fund and March 31, 2000 for the Housing Authority) are as follows (in thousands):

	<u>County (Including Investment Trust Fund)</u>	<u>Pension Trust Fund</u>	<u>Children & Families Commission</u>	<u>Total</u>
Deposits	\$ 68,637	9,550	1,630	79,817
Investments	<u>1,325,428</u>	<u>3,004,231</u>	<u>15,929</u>	<u>4,345,588</u>
Total	<u>\$ 1,394,065</u>	<u>3,013,781</u>	<u>17,559</u>	<u>4,425,405</u>

A. Deposits

Deposits include bank deposits at a carrying amount of \$78,150,000 and the balance reported by various financial institutions was \$53,273,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Of the bank balance, \$659,000 was covered by Federal depository insurance and \$52,614,000 was collateralized by the pledging financial institutions as required by Section 53652 of the California Government Code.

According to Government Code Section 53601, bank obligations such as Certificates of Deposit are considered investments. However, in accordance with generally accepted accounting principles, the County has classified Certificates of Deposit in the amount of \$1,667,000 as deposits. Of the Certificates of Deposit balance, \$221,000 was insured and \$1,446,000 was collateralized by the pledging financial institutions as required by Section 53652 of the California Government Code.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

Under the California Government Code, a financial institution is required to secure deposits in excess of \$100,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110.0 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150.0 percent of the secured public deposits. The collateral must be held at the pledging bank's trust department or other bank, acting as the pledging bank's agent, in the public agency's name.

B. Investments

Statutes authorize the County to invest in obligations of the United States Treasury, Federal agencies, municipalities, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, bankers' acceptances, repurchase agreements, reverse repurchase agreements, medium-term notes, negotiable certificates of deposit, mutual funds and investments in accordance with the statutory provisions governing the issuance of bonds.

Pension Trust Fund investments are authorized by the County Employees' Retirement Law of 1937. Statutes authorize a "prudent investor" guideline as to the form and types of investments which may be purchased.

The County's investments (including the Investment Trust Fund) and those of the Pension Trust Fund are categorized separately on the following page to indicate the level of custodial credit risk assumed by each investment portfolio for their respective year-ends. Category 1 includes investments that are insured or registered, or securities held by the County or its agent in the County's name. Category 2 includes uninsured and unregistered investments with the securities held by the counter-party's trust department or agent in the County's name or in the agent's nominee name with subsidiary records listing the County as the legal owner. Category 3 includes uninsured and unregistered investments, with the securities held by the counter-party or by its trust department or agent but not in the County's name. Investments not evidenced by securities that exist in physical or book form cannot be categorized.

The Local Investment Advisory Board (Board) has oversight responsibility for the State Treasurer's Local Agency Investment Fund (LAIF). The Board consists of five members as designated by State Statute. The value of the pool shares in LAIF which may be withdrawn is determined on an amortized cost basis, which is different from the fair value of the County's position in the pool.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

Investments at fair value as of June 30, 2000 (December 31, 1999 for the Pension Trust Fund and March 31, 2000 for the Housing Authority) are shown as follows (in thousands):

	Category			Carrying Amount at Fair Value

C. Other Financial Instruments

In accordance with California statutes, the County may invest in a wide variety of investment instruments, including asset-backed securities, such as collateralized mortgage obligations and principal-only strips, forward contracts and reverse repurchase agreements.

The Treasurer holds principal-only strip instruments for the benefit of some County school districts. Those school districts utilize the services of an independent financial advisor in determining their investment strategy.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

The CCCERA has investments with trustees who hold part of their portfolio in Government and corporate obligations consisting of asset-backed securities, floating rate notes, constant maturity index Adjustable Rate Mortgages (ARMs), Collateralized Mortgage Obligations and LIBOR indexed ARMs.

The County has entered into one forward contract to obtain a fixed rate of interest on money held for future debt payments.

As of June 30, 2000 the County's proportionate share of structured notes and asset-backed securities held by LAIF was \$18,609,000 or 6.23 percent of the County's investment in LAIF.

Information is not available on whether the various mutual funds in which the County and CCCERA have invested, used, held or wrote derivative financial products during the year.

The investments discussed above, which are included in the accompanying financial statements, represent 10.0 percent of total investments. The Treasurer's investment policy was approved by the Board of Supervisors. In accordance with Government Code Sections 27130-27137, an investment oversight committee reviews the quarterly investment reports prepared by the Treasurer.

D. Securities Lending by the Employees' Retirement Association (Pension Trust Fund)

The CCCERA's investment policy permits the use of a securities lending program with its principal custodian bank. The CCCERA lends U.S. Government obligations and domestic and international bonds and equities to various brokers for collateral that will be returned for the same securities plus a fee in the future. The custodian bank provides loss indemnification to the CCCERA if the borrower fails to return the securities. The custodian bank manages the securities lending program and receives cash and securities as collateral. The collateral cash cannot be invested and the collateral securities cannot be pledged or sold by the CCCERA without borrower default. Securities on loan must be collateralized at 102.0 percent and 105.0 percent of the fair value of domestic securities and non-domestic securities respectively. There are no restrictions on the amount of securities which can be loaned at one time. The term to maturity of the securities loans is generally matched with the term to maturity of the investment of the securities collateral. Such matching existed at December 31, 1999. There were no losses associated with securities lending transactions during the year. At December 31, 1999, CCCERA has no credit risk exposure to borrowers. The fair value of investments on loan at December 31, 1999 is \$83,588,000, which was collateralized by cash and securities in the amount of \$85,969,000.

3. PROPERTY TAX

The County is responsible for assessing, collecting and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property situated in the County. The levy is based on the assessed values as of the preceding January 1st, which is also the lien date. State code requires tax rates to be set no later than the first workday in September unless the Board of Supervisors elects to extend the deadline to October 3rd. Property taxes on the secured roll are due in two installments: November 1st and February 1st and become delinquent after December 10th and April 10th, respectively. Supplemental property taxes are levied based on changes in assessed values between the date of real property sales or construction completion and the preceding assessment date. The additional supplemental property taxes are prorated from the first day of the month following the date of such occurrence. Property taxes on the unsecured roll are due on the lien date (January 1), and become delinquent if unpaid by August 31st.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The County apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the State Revenue and Taxation Code. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1st of each year.

Under the alternate apportionment method, specified amounts of penalties and interest collected on delinquent secured taxes are held in trust in the Tax Losses Reserve Agency Fund. This reserve is used to offset the impact of accumulated delinquency remaining at year end. Property taxes which have been collected in advance of the levy year are reported in unapportioned taxes in the Unapportioned Taxes Agency Fund.

4. NOTES RECEIVABLE

At June 30, 2000, the County had notes receivable balances of \$28,912,000. Deferred revenues were recorded as an offset to these balances because the amounts are not available. The notes receivable balances by fund type were as follows (in thousands):

	<u>Amount</u>
General Fund	\$ <u>21,820</u>
Special Revenue Funds:	
Redevelopment Agency	3,533
Housing Authority	<u>2,299</u>
	\$ <u>5,832</u>
Capital Projects Fund:	
Redevelopment Agency	\$ <u>1,260</u>

The notes receivable balances in the General Fund and Housing Authority Special Revenue Fund consist of loans made with funds provided to the County under Federal Department of Housing and Urban Development programs. The loans are made to carry out activities for affordable housing and economic development. Generally, the loans are either deferred or collected on a residual receipts basis with all remaining principal and interest due on the earlier of the due date of the note or sale or transfer of property. Any repayment of principal or interest is treated as program income, the use of which is restricted by Federal Regulations.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

5. FIXED ASSETS

The following is a summary of changes in general fixed assets for the year ended June 30, 2000 (March 31, 2000 for the Housing Authority) (in thousands):

	Balance July 1, 1999	Additions	Deletions	Transfers	Balance June 30, 2000
Land	\$ 36,703	2,429			39,132
Buildings & improvements	350,103	34,205	(3,458)	1,303	382,153
Buildings & improvements- lease purchase	132,037	504		(1,303)	131,238
Equipment	85,604	12,670	(9,927)	1,809	90,156
Equipment-lease purchase	8,928	1,180		(1,809)	8,299
Total	<u>\$ 613,375</u>	<u>50,988</u>	<u>(13,385)</u>	<u></u>	<u>650,978</u>

Enterprise Fund fixed assets at June 30, 2000 were as follows (in thousands):

	Airport	County Hospital	Health Maintenance Organization	Total Enterprise Funds
Land	\$ 9,003	426		9,429
Buildings & improvements	27,768	121,393	73	149,234
Buildings & improvements- lease purchase	3,316			3,316
Equipment	621	34,660	204	35,485
Equipment - lease purchase	47	317	83	447
Construction-in-progress		8,590		8,590
Total	40,755	165,386	360	206,501
Less accumulated depreciation	<u>(12,528)</u>	<u>(37,966)</u>	<u>(314)</u>	<u>(50,808)</u>
Net fixed assets	<u>\$ 28,227</u>	<u>127,420</u>	<u>46</u>	<u>155,693</u>

The Pension Trust Fund had net fixed assets of \$176,000. This consisted of leasehold improvements and office equipment.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

6. SHORT-TERM NOTES

On June 30, 2000, the County had tax and revenue anticipation notes outstanding in the amount of \$88,000,000 with interest at 4.0 percent per annum. The notes were issued July 1, 1999, and will be redeemed September 29, 2000. Interest is payable on July 1, 2000 and at maturity. The redemption monies were from taxes and other revenues transferred to a fiscal agent during the fiscal year. Total interest incurred on these notes during fiscal year 1999-2000 was \$3,510,000.

7. LEASE COMMITMENTS

A. Operating Leases

Total rental expense for the year ended June 30, 2000 (March 31, 2000 for the Housing Authority) for all operating leases and month-to-month lease arrangements amounted to \$7,617,000 for the General Fund, \$1,085,000 for the Special Revenue Funds and \$2,015,000 for the Enterprise Funds.

At June 30, 2000 (March 31, 2000 for the Housing Authority) the future minimum rental payments required under non-cancelable operating leases for buildings and equipment, other than month-to-month lease arrangements, are as follows (in thousands):

<u>Fiscal Year Ending June 30,</u>	<u>General Fund</u>	<u>Special Revenue Funds</u>	<u>Enterprise Funds</u>
2001	\$ 3,556	56	187
2002	2,866	58	191
2003	2,142	31	136
2004	1,714	8	100
2005	1,113		100
Thereafter	<u>4,048</u>	<u> </u>	<u>1,200</u>
Total	<u>\$ 15,439</u>	<u>153</u>	<u>1,914</u>

B. Capital Leases

The County has capital lease purchase agreements with the Contra Costa County Public Facilities Corporation, the County of Contra Costa Public Financing Authority and with other third parties. The assets acquired under these lease agreements are included in the County's General Fixed Assets Account Group and in the Enterprise Funds. The obligations related to these lease purchase agreements are also included in the County's General Long-Term Obligations Account Group and in the Enterprise Funds, and are summarized in Note 8.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

8. LONG-TERM OBLIGATIONS

Following is a summary of changes in long-term obligations for the year ended June 30, 2000 (March 31, 2000 for the Housing Authority) (in thousands):

	Balance July 1, 1999	<u>Additions</u>	<u>Retirements</u>	Balance June 30, 2000
<u>General Long-Term Obligations</u>				
Employee benefits payable	\$ 25,387	3,182		28,569
Capital lease obligations	8,333	5,500	(3,906)	9,927
Certificates of participation	66,055		(2,235)	63,820
Advances from other funds	10,229		(2,978)	7,251
Pension bonds payable	313,190		(10,915)	302,275
Notes payable	486		(480)	6
Other bonds payable*	4,101		(1,057)	3,044
Lease revenue bonds	90,015		(2,400)	87,615
Tax allocation bonds	56,710		(560)	56,150
Special assessment debt	23,443		(1,791)	21,652
Total	<u>\$ 597,949</u>	<u>8,682</u>	<u>(26,322)</u>	<u>580,309</u>
<u>Enterprise Funds</u>				
Employee benefits payable	\$ 5,391	470		5,861
Capital lease obligations	3,520		(351)	3,169
Certificates of participation, net	125,862		(2,419)	123,443
Notes payable	965		(51)	914
Lease revenue bonds	8,090		(140)	7,950
Total	<u>\$ 143,828</u>	<u>470</u>	<u>(2,961)</u>	<u>141,337</u>

* The July 1, 1999 balance has been restated as discussed in Note 10.A. The effect of the restatement was that the the balance of the General Long-Term Obligations Account Group was reduced by \$1,735,000.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

NOTES:

- (1) Debt service payments are made from lease payments by the County General, Special Revenue and Hospital Enterprise Funds to the Public Facilities Corporation and the Public Financing Authority.
- (2) Debt service payments are made from restricted property taxes and other revenues recorded in the General and Debt Service Funds.
- (3) Debt service payments are made from tax increment financing.
- (4) Debt service payments are made from drainage fees and sanitation fees.
- (5) Debt service payments are made from retirement contributions.
- (6) Debt service payments are made from special assessments levies on properties in each assessment district. The County administers the assessment and repayment of these bonds. Since early redemption is allowed, there may be differences between the earnings on money received from property owners wishing to pay off their debt early and the interest obligation that accumulates on their debt between the time they submit funds to the County and the next available redemption date, as stated in the bond's Official Statement. The County has historically funded this difference, and to that extent may be obligated in some manner for this debt.
- (7) Debt service payments are made from operating revenues.

There are a number of limitations and restrictions contained in the various bond indentures. County management believes that the County is in compliance with all significant limitations and restrictions.

In prior years, the County has defeased certain obligations by placing a portion of the proceeds of new debt issuances in irrevocable trusts to provide for all future debt service payments on the refunded obligations. Accordingly, the trust account assets and the liability of the defeased debt are not included on the financial statements of the County. On June 30, 2000, \$158,804,012 in outstanding obligations are considered to be defeased.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

10. FUND EQUITY

A. Prior Period Adjustments

During the fiscal year ended June 30, 2000 the Housing Authority elected to remove \$1,830,000 (\$1,501,000 for the Housing Authority Special Revenue Funds and \$328,000 for the Housing Authority Debt Service Funds) of account balances associated with bonds payable. These bonds were issued in the name of the Authority, however, all debt service amounts required for these bonds are the responsibility of the U.S. Department of Housing and Urban Development (HUD). Accordingly, the General Long-Term Obligations Account Group was restated and the balance reduced by \$1,735,000.

B. Reserve for Prepaid Items and Deposits

Reserves are less than total prepaid items and deposits because the General Fund advanced \$305,000 to sub-grantees who will use the funds for Federal programs during the first quarter of fiscal year 2000-2001. As funds are spent, the County is reimbursed by the Federal government.

11. RESIDUAL EQUITY TRANSFERS

A residual equity transfer of \$199,000 was made from the Assessment Districts Debt Service Fund to the General Fund in preparation for closing the Blackhawk Redemption Fund.

A residual equity transfer of \$1,000 was made from the General Fund to the Service Areas Special Revenue Fund to clear negative salaries and benefits expenses.

A residual equity transfer of \$139,000 was made from the Regency Hills Enterprise Fund to the County Hospital Enterprise Fund to clear the remaining equity balance of Regency Hills and close the Fund.

12. DEFICIT RETAINED EARNINGS

The Airport Enterprise Fund had a retained deficit of \$399,000 due to an accumulation of annual operating losses, including depreciation. This deficit should be eliminated as rents are received from anticipated fixed-base operators leasing space at the new Byron Airport and contractual rent increases at the Buchanan Airport. The Employee Fitness Center Enterprise Fund had maintained a retained deficit for several years. The County was obligated to fulfill the lease agreement for the Employee Fitness Center until its expiration this year. The Board of Supervisors has now closed the Center. The Regency Hills Enterprise Fund had been operating with contributed capital received from a special district at the time the Fund was established. The Regency Hills skilled nursing facility was sold in fiscal year 1997-1998 and the Fund has been closed.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

Three Internal Service Funds had retained deficits at June 30, 2000. The Medical Liability Insurance Fund had a deficit of \$8,645,000. The County provided \$3,000,000 in fiscal year 2000-2001 to reduce the deficit and plans to further evaluate funding options. The Workers' Compensation Insurance County General Fund had a deficit of \$4,036,000. The County's Risk Manager has re-evaluated its incentive method of establishing amounts charged to departments for funding Workers' Compensation Insurance to ensure adequate funding. The Automotive Liability Insurance Fund had a deficit of \$872,000. It will have sufficient funding from investment earnings and charges to operating funds to cover disbursements as claims are paid.

13. CONTRIBUTED CAPITAL CHANGES

Changes in contributed capital of the Enterprise Funds for the year ended June 30, 2000 are as follows (in thousands):

	<u>Airport</u>	<u>County Hospital</u>	<u>Health Maintenance Organization</u>	<u>Regency Hills</u>	<u>Total</u>
Balance as of July 1, 1999	\$ 25,800	748	1,000	500	28,048

Total equity	24,468		22,634	5,045	250		52,397

The County pays a subsidy to the County Hospital and Health Maintenance Organization Enterprise Funds to provide resources for operating costs which are in excess of operating revenues. Subsidies for the last three years are as follows (in thousands):

Year Ended June 30,	Total Subsidy
1998	\$ 13,665
1999	13,765
2000	17,856

Subsidies have declined since 1995 as certain health and welfare realignment revenues, previously recorded in the General Fund and transferred via subsidy to the Hospital and the Health Maintenance Organization, are now recorded directly to those funds as intergovernmental revenue. In fiscal year 1999-2000, these intergovernmental revenues were \$6,578,000 for the Hospital and \$13,018,000 for the Health Maintenance Organization.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

15. MORTGAGE REVENUE BONDS

Home mortgage revenue bonds have been issued in the County's name to provide mortgage loans secured by first trust deeds on newly constructed and existing residences. The program provides low interest rate mortgage loans to persons who find it difficult to qualify for conventional mortgages at market rates.

The bonds do not constitute an indebtedness of the County. They are payable solely from payments made on and secured by a pledge of the acquired mortgage loans and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. These bonds are not payable from any revenues or assets of the County, and neither the full faith and credit nor the taxing authority of the County, the State, or any political subdivision thereof is obligated for the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded in the General Long-Term Obligations Account Group.

The total amount of mortgage revenue bonds outstanding at June 30, 2000 was \$19,440,000.

16. RISK MANAGEMENT

The County self-insures its unemployment, dental and management long-term disability. The County is self-insured to \$750,000 per occurrence for workers' compensation, and maintains \$10 million of excess insurance coverage per occurrence with commercial insurance carriers. The County is self-insured to \$1 million per occurrence on public and automobile liability, and maintains \$25 million excess insurance coverage with commercial insurance carriers. Liability claims arising from operations at the County's two airports are fully insured to \$100 million under a separate commercial insurance policy. The County is self-insured to \$500,000 per occurrence on medical malpractice and maintains \$11 million of excess insurance with commercial insurance carriers. All claims are adjusted in-house by the County, except for dental which is adjusted by outside parties.

The County maintains up to \$550 million "All Risk" insurance coverage subject to a \$50,000 deductible to cover its property, except for loss by earthquake and flood. Loss by flood is subject to a \$100,000 deductible. With respect to loss from the peril of earthquake, up to \$350 million of protection is available, subject to a 5.0 percent deductible at each location.

The County maintains a separate insurance policy to cover the Sheriff-Coroner's helicopter for \$1.6 million and up to \$50 million for liability arising from the helicopter use.

During the past three years there have been no instances of the amount of claim settlements exceeding insurance coverage.

Internal Service Funds are used to account for the County's self-insurance activities. It is the County's policy to provide in each fiscal year, by charges to affected operating funds, amounts sufficient to cover the estimated expenditures for self-insured claims. Charges to operating funds are recorded as expenditures/expenses of such funds and revenues of the Internal Service Funds. Accrual and payment of claims are recorded in the Internal Service Funds.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

The County has accrued a liability of \$80.3 million at June 30, 2000 for all self-insured claims in the Internal Service Funds which includes an amount for incurred but not reported claims. The self-insurance reserve is based on actuarially determined amounts for workers' compensation, public and automobile liability, and medical liability and based on management's estimates for all other reserves. In the opinion of the County, the amounts accrued are adequate to cover claims incurred but not reported in addition to known claims.

Changes in the Funds' claims liability amount in fiscal years 1999-2000 and 1998-1999 were (in thousands):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year End
1999-2000	\$ 84,198	20,866	(24,727)	80,337
1998-1999	73,353	34,586	(23,741)	84,198

The actuarially determined claims liabilities, including incurred but not reported claims, are based on the estimated ultimate cost of settling the claims, using past experience adjusted for current trends, and any other factors that modify past experience. It also includes incremental claim adjustment expenses. In addition, estimated recoveries on settled and unsettled claims were evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims.

17. COMMITMENTS AND CONTINGENCIES

A. Grants

The County participates in a number of Federal and State grant programs which are subject to financial and compliance audits by the grantors or their representatives. Audits of certain grant programs through June 30, 2000 have not yet been conducted. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The County believes that such disallowances, if any, would not have a material effect on the general-purpose financial statements.

B. Health Insurance

Health care benefits for active and retired employees are jointly financed by the beneficiaries and by the County. Most employees have a choice of participation in five medical plans: Kaiser Permanente, a private health maintenance organization (HMO); Foundation Health Systems, a preferred provider plan (PPO); Health Net (PPO); and the Contra Costa Health Plans (CCHP) A and B, operated by the County Health Services Department. Employees represented by either the Deputy Sheriffs' Association (DSA), District Attorney Investigators' Association (DAIA), or United Professional Fire Fighters' IAFF Local 1230 are eligible to participate in medical plans administered by the California Public Employees' Retirement System (CalPERS).

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

For non-CalPERS administered medical plans, the County subvents 80.0 percent of Kaiser, 63.0 percent Health Net, 80.0 percent of Foundation Health Systems and 98.0 percent of CCHP A and 90.0 percent of CCHP B premiums for plan members. The County subvention for CalPERS administered plans is a flat rate depending on the employees' union representation and the number of dependents covered under the plans. All permanent employees have a choice of three dental plans: a County self-funded plan administered by Delta Dental, and Safeguard A or B plans. The County's self-funded plan is an indemnity program and the Safeguard plans are prepaid programs.

The County's contribution to health and dental plans during fiscal year 1999-2000 for active employees was \$35,268,000. The County's liability for health care benefits is limited to its annual contribution.

C. Post-Employment Benefits Other Than Pensions

In addition to providing retirement benefits as described in Note 18, retired employees are allowed to continue participation in the medical and dental plans described above. As of June 30, 2000, there were 3,786 retired employees participating in the health plans, and the County contributed \$12,250,000 toward payment of the premiums. The cost of retiree health care is recognized when the County makes its contribution on a pay-as-you-go basis and is accounted for in the General Fund, Special Revenue Library and Fire District Funds, Enterprise Funds, or Fiduciary Funds as appropriate. This post-employment benefit was approved by Board of Supervisors resolution number 264 on August 22, 1961 with an effective date of October 1, 1961. To be eligible, the retiring employee must have been a member of a participating health plan for at least five consecutive years.

D. Special Assessment Debt

The County is considered to be "obligated in some manner," as defined by Governmental Accounting Standards Board Statement No. 6, *Accounting and Financial Reporting for Special Assessments*, for its special assessment debt. The County is obligated to foreclose on properties for which owners have failed to pay assessments installments as they fall due and the County may honor deficiencies to the extent that lien foreclosure proceeds are insufficient. The County's obligation to advance monies to pay debt service in the event of delinquent assessment installments is limited to the amount of remaining original bond proceeds and installments received. Special assessment debt is included in the County's General Long-Term Obligations Account Group and special assessment transactions are included in the Assessment Districts Debt Service Fund. Debt service payments are made from special assessments of the related special assessment district.

E. Construction Commitments

The County Hospital had entered into contracts for the construction of certain projects. At June 30, 2000, there were outstanding commitments of \$3,341,000 for improvements to the Los Medanos Health Center and \$4,748,000 for the Clinical and Public Health Laboratory.

The County had entered a contract for the construction of the State Route 4 Bypass Project. At June 30, 2000, there was an outstanding commitment of \$2,468,000 for this project.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

F. Pending Legal Matters

Numerous lawsuits are pending or threatened against the County. The County has recorded actuarially determined reserves in the Internal Service Funds to adequately cover estimated potential material adverse losses at June 30, 2000.

18. PENSION PLAN

A. Plan Description

The Contra Costa County Employees' Retirement Association (CCCERA) is a cost-sharing multiple-employer defined benefit pension plan (the plan) governed by the County Employees' Retirement Law of 1937 (the "1937 Act"). The plan covers substantially all of the employees of the County, its special districts, the Housing Authority and thirteen other member agencies. The plan issues a stand-alone financial statement which can be directly obtained from its office, as indicated in note 1A.

The plan provides for retirement, disability, death and survivor benefits, in accordance with the 1937 Act. Annual cost-of-living adjustments to retirement benefits can be granted by the Retirement Board as provided by State statutes.

The plan is divided into four separate benefit sections of the 1937 Act. These sections are known as: General - Tier I, General - Tier II, General - Tier III and Safety. Tier I includes members not mandated to be in Tier II and reciprocal members that elect Tier I membership. Tier II includes members hired on or after August 1, 1980, by the three employers adopting this benefit provision and their members who elected to transfer from Tier I at that date. Tier III was approved by the Board of Supervisors in January 1998 and implementation began in October 1998. Safety includes members in active law enforcement, active fire suppression work or certain other "Safety" classifications as designated by the Retirement Board.

Service retirement benefits are based on age, length of service and final average salary. For the Tiers I, III and Safety sections, the retirement benefit is based on an average of the 12 highest pay months, in accordance with Government Code Section 31462. For Tier II, the benefit is based on a 36 month average salary.

As of June 30, 2000, 3,286 Tier II employees with five years service were eligible to irrevocably elect Tier III. Members eligible for Tier III are required to elect or decline enrollment. As of June 30, 2000, 2,608 employees elected Tier III. Subsequent enrollments will occur as more employees from Tier II acquire five years of service.

B. Funding Policy

Pursuant to provisions of the 1937 Act, the Retirement Board recommends the annual contribution rates for adoption by the Board of Supervisors. New contribution rates, based on the actuarial study as of January 1, 1999, became effective July 1, 1999. The contribution requirements are determined as a percentage of payroll.

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
 June 30, 2000

The employer rates were calculated on the alternate funding method permitted by Section 31453.5 of the Government Code. The “entry age normal funding” method is used to calculate the rate required to provide all the benefits promised to a new member. Unfunded costs resulting from this calculation are amortized over 20 years from the January 1, 1999 valuation date.

Active plan members are required to contribute an actuarially determined percentage of their annual covered salary. The required percentage rates vary according to the benefit section and entry age of the employee. The rates in effect during fiscal year 1999-2000 (based on covered payroll as of January 1, 1999) ranged from 2.1 percent to 10.4 percent of the employees’ annual covered salary.

The County employer rates of contribution, calculated as a percentage of the County’s covered payroll of \$328,581,000 as of January 1, 1999, for fiscal year 1999-2000 were:

General Members, Tier I	14.84%
General Members, Tier II	8.29
General Members, Tier III	10.08
Safety Members	16.72

The following table shows the County’s required contributions and the percentage contributed, for the 1999 calendar year and each of the two preceding years:

Calendar Year	Annual County Required Contribution (ARC)	Percentage Contributed by County
1997	\$ 28,690,877	100
1998	30,022,276	100
1999	32,565,990	100

COUNTY OF CONTRA COSTA
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
June 30, 2000

19. MEDICARE AND MEDI-CAL PROGRAMS

The County Hospital provides services to eligible patients under Medi-Cal and Medicare programs. For the fiscal year ended June 30, 2000, the Medi-Cal program represented 45.0 percent and the Medicare program represented approximately 19.0 percent of the Hospital's gross patient service revenues. Medi-Cal inpatient services are reimbursed on a per diem basis, outpatient services under a cost-reimbursement methodology. Medicare inpatient services are reimbursed based upon pre-established rates for diagnostic-related groups. Outpatient services and defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost-reimbursement methodology. Final reimbursement is determined as a result of audits by the intermediary of annual cost reports submitted by the Hospital. Reports on the results of such audits have been received through June 30, 1997 and 1998 for Medicare and Medi-Cal respectively. Adjustments as a result of such audits are recorded in the year the amount can be determined. The Hospital Enterprise Fund accounts receivable of \$28,767,000 is reported net of contractual and other allowances of \$39,199,000.

20. EXPENDITURE IN EXCESS OF BUDGET

The Redevelopment Agency (RDA) Debt Service Funds had a negative expenditure variance for interest expense of \$176,000. This was due to the RDA calculating the budget amount on a cash basis while the actual amount was calculated on an accrual basis.

21. SUBSEQUENT EVENTS

2000-2001 Tax and Revenue Anticipation Notes

On July 1, 2000, the County issued \$55,000,000 of short-term tax and revenue anticipation notes. The notes bear interest at 5.25 percent and mature on October 1, 2001.

GENERAL FUND

The General Fund accounts for legally authorized activities of the County not provided for in other restricted funds. General Fund revenues are derived from taxes, licenses, permits, franchise fees, fines, forfeitures and penalties, use of money and property, aid from other governmental agencies, charges for current services and other revenue. General Fund expenditures and encumbrances are classified by the functions of general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreational and cultural services. The resources of the General Fund are generally expended and replenished on an annual basis. The Fund will continue to exist indefinitely.

(concluded)

SPECIAL REVENUE FUNDS

ROAD FUNDS

These Funds were established to provide for maintenance and construction of roadways. Revenues consist primarily of the County's share of State highway user taxes and are supplemented by Federal funds.

LIBRARY FUND

This Fund was established to provide library services for all areas of the County except the City of Richmond. Property taxes provide most of the Fund's revenues.

FIRE PROTECTION FUNDS

These Special District Funds provide fire protection services to both cities and unincorporated areas in the County. They are financed primarily by property taxes.

HEALTH AND SANITATION FUNDS

These Funds provide a variety of health and sanitation services. They are financed by State grants, the County's share of the tobacco tax and user fees.

SERVICE AREAS FUNDS

These Special District Funds provide services such as lighting, park, or street maintenance to specific areas in the County. They are financed by property taxes and user charges.

FLOOD CONTROL FUNDS

These Special District Funds provide services to control flood and storm waters. Revenues are primarily received from property taxes and Federal grants.

LAW ENFORCEMENT FUNDS

These Funds provide for a variety of law enforcement services financed by property taxes, narcotics seizures and court fines and fees.

COURTS AND CRIMINAL JUSTICE FUNDS

These Funds are used for the improvement of court house and criminal justice facilities and related automated information systems. Revenues are derived from court fines and fees.

RECORDER/CLERK MODERNIZATION FUNDS

These Funds provide for automation of civil and small claims functions of the municipal courts and for micrographics and modernization of the Recorder's Office. Revenues received are from filing and recording fees.

LAND DEVELOPMENT FUND

This Fund was established to report growth management related activities, such as Building Inspection, Public Works engineering and Community Development growth management related services.

REDEVELOPMENT AGENCY (RDA) FUNDS

These Funds are used to account for the financial resources designated for the improvement of targeted low to moderate income housing areas and the elimination of blight.

HOUSING AUTHORITY FUNDS

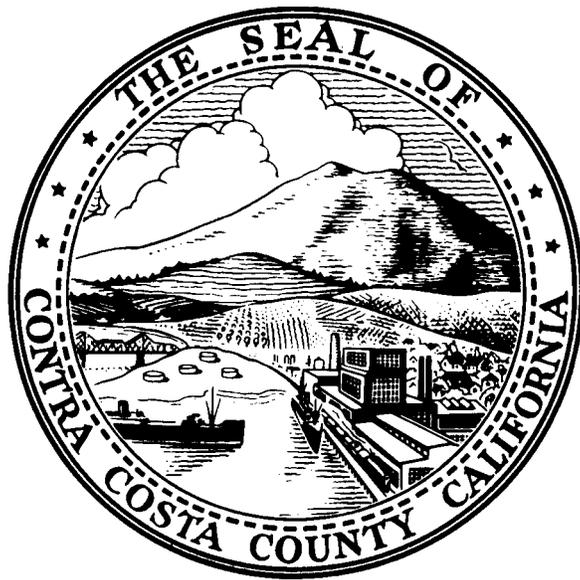

These Funds are used to account for the financial resources designated for housing and housing assistance to low income residents of Contra Costa County.

CHILD DEVELOPMENT FUND

This Fund is used to account for the financial resources designated for the County's Child Development programs.

OTHER SPECIAL REVENUE FUNDS

These Funds account for the activities of several non-grant Special Revenue Funds. They include Fish and Game, Survey Monuments, Victim Assistance, Sans Crainte Drainage and County Water Districts.

DEBT SERVICE FUNDS

RECREATION AND PARK BONDS FUND

This Fund is used to accumulate monies for payment of recreation and park bonds. Financing is provided by specific property tax levies.

STORM DRAINAGE BONDS FUND

This Fund is used to accumulate monies for payment of storm drainage bonds. Financing is provided by specific property tax levies.

PUBLIC FINANCING AUTHORITY FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the various financing activities of the County of Contra Costa Public Financing Authority.

PUBLIC FACILITIES CORPORATION FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the various financing activities of the County of Contra Costa Public Facilities Corporation.

REDEVELOPMENT AGENCY (RDA) FUNDS

These Funds are used to accumulate resources for payment of general long-term debt incurred for the purchase of real property within the area of the Redevelopment Agency.

PENSION BOND FUND

This Fund is used to accumulate monies for payment of taxable pension obligation bonds. These bonds were issued to reduce or extinguish the County's Unfunded Actuarial Accrued Liability (UAAL).

HOUSING AUTHORITY FUNDS

These Funds are used to accumulate monies for payment of Housing Authority debt. Financing is provided by intergovernmental revenues.

ASSESSMENT DISTRICTS FUNDS

These Funds were established to account for the accumulation of monies for payment of Assessment District debt issued to fund Assessment District capital improvement projects.

CAPITAL PROJECTS FUNDS

REDEVELOPMENT AGENCY (RDA) FUNDS

The Redevelopment Agency was formed for the acquisition of real property and construction of improvements thereon in the County's unincorporated areas for the purpose of removing or preventing blight.

COUNTY FACILITIES FUNDS

These Funds were formerly titled West County Jail Capital Projects Funds. They were originally established to account for construction of a 560 bed jail in the City of Richmond and a Women's Project Building. That construction has been completed and the Funds are now used to report improvements to Juvenile Hall facilities and other miscellaneous capital projects.

ASSESSMENT DISTRICTS FUNDS

These Funds were established to account for all the capital improvement projects constructed using Assessment District funds.

ENTERPRISE FUNDS

AIRPORT FUND

This Fund was established to provide for operations and maintenance of Buchanan Field aviation facilities and construction of Byron Airport. Revenues include receipts under rental and lease arrangements involving County airport facilities, and State and Federal aid.

EMPLOYEE FITNESS CENTER FUND

This Fund accounts for the operations of the fitness center in providing facilities and instruction to promote employee fitness. Financing was provided by user fees. The fitness center has now been closed.

COUNTY HOSPITAL FUND

This Fund was established to account for operations of the County hospital, outpatient clinics and other facilities involved in providing health services to County residents. Revenues are principally fees for patient services, payments from Federal and State programs such as Medicare, Medi-Cal and Short-Doyle, realignment revenues and subsidies from the General Fund.

HEALTH MAINTENANCE ORGANIZATION FUND

This Fund accounts for operations of the County's prepaid health plan. Revenues are primarily capitation payments by Medicare and Medi-Cal, premiums by private citizens and realignment revenues. The bulk of medical services required by the plan are provided by the County Hospital Enterprise Fund at charge rates established by the Health Services Department.

MAJOR RISK MEDICAL INSURANCE FUND

This Fund accounts for operations of the County's participation in the State's Major Risk Medical Insurance Program. The Program is designed to provide health insurance to Californians who are unable to obtain coverage on the open market. The Contra Costa Health Plan acts as the fiscal intermediary for the State. The County is not at risk for the costs of services in the Program, which is funded through a combination of subscriber premiums and State funding from tobacco tax monies. Program activities are reported in this Enterprise Fund.

REGENCY HILLS FUND

This Fund was established to account for the operations of the Regency Hills skilled nursing facility. Revenues were principally payments from Federal and State programs such as Medicare, Medi-Cal and Short-Doyle. The nursing facility was sold during fiscal year 1997-1998 and the Fund has now been closed.

INTERNAL SERVICE FUNDS

SELF INSURANCE FUNDS

These Funds are established to account for administrative costs and for payments of claims under the various insurance programs. Revenues are primarily premiums paid by other operating funds and interest on investments. The insurance programs are:

- Employee Dental Insurance
- Employee Medical Insurance
- Long-Term Disability Insurance (Management Employees)
- Workers' Compensation Insurance
- County General
- Fire Protection
- Automotive Liability Insurance
- Public (General) Liability Insurance
- State Unemployment Insurance
- Medical Liability Insurance
- Special District Property Insurance

FIDUCIARY FUNDS

TRUST FUNDS

PENSION TRUST FUND

This Fund, which is under the control of the Board of Retirement, accumulates contributions from the County, its employees and other participating employers, and earnings from the Fund's investments. Disbursements are made from the Fund for retirement allowances, disability and death benefits, and administrative expenses. This Fund includes all assets of the Employees' Retirement Association.

INVESTMENT TRUST FUND

This Fund is used to account for the assets of legally separate entities who make directed investments through the County Treasurer. These include school and community college districts, other special districts governed by local boards, regional boards and authorities, and pass-through funds for tax collections for cities. This Fund represents the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.

AGENCY FUNDS

TAX LOSSES RESERVE

This Fund was established as a reserve for all delinquent secured taxes. It accumulates gains from tax sales and specified amounts of penalties and interest collected on delinquent secured taxes to cover possible future losses on the sale of tax-deeded property.

UNAPPORTIONED TAXES

These Funds account for unsecured taxes receivable, delinquent secured taxes, amounts which are impounded because of disputes or litigation and amounts held pending authority for apportionment.

OTHER AGENCIES

These Funds account for assets held by the County as an agent for individuals, private organizations and other governmental units. These Funds include payroll deductions clearing funds, deposits held by departments, collections clearing funds and flow through funds for Federal and State projects.

NOTE: (1) Article XIII A, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased: a) to reflect annual inflation up to 2 percent; b) to reflect current market value at time of ownership change and c) to reflect market value for new construction.

COUNTY OF CONTRA COSTA
GENERAL TAXES LEVIED AND COLLECTED
 LAST TEN FISCAL YEARS

Fiscal Year Ended June 30,	General Taxes Levied (1)	General Taxes Collected (2)
1991	\$ 541,156,290	\$ 541,156,290
1992	584,221,870	584,221,870
1993	613,933,210	613,933,210
1994	634,276,960	634,276,960
1995	652,943,650	652,943,650
1996	671,464,620	671,464,620
1997	692,421,000	692,421,000
1998	703,148,010	703,148,010
1999	736,995,550	736,995,550
2000	782,875,880	782,875,880

NOTES: (1) General taxes are calculated at 1 percent of total assessed value less local exemptions.

(2) General County taxes collected are the same as the amounts levied, because the County follows California's alternate method of apportionment (the Teeter Plan). Under the Teeter Plan, all amounts levied are apportioned to the County and other taxing agencies regardless of whether they are collected in the current year or not. A tax losses reserve fund insures losses resulting when a property is sold for taxes, and the proceeds are insufficient to pay the outstanding amounts due.

COUNTY OF CONTRA COSTA
SPECIAL ASSESSMENTS LEVIED AND COLLECTED
 LAST TEN FISCAL YEARS (1)

Fiscal Year Ended June 30,	Special Assessments Levied (2)	Special Assessments Collected (3)
1995	\$ 4,809,648	\$ 4,809,648
1996	3,693,552	3,693,552
1997	3,232,099	3,232,099
1998	2,946,192	2,946,192
1999	3,155,064	3,155,064
2000	3,027,937	3,027,937

NOTES: (1) Data for this schedule are provided for years in which special assessment debt with government commitment has been reported separately in the CAFR. Data are not available for prior years.

(2) Special assessments are amounts levied to pay special assessment debt with government commitment.

(3) Special assessments collected are the same as the amounts levied, because the County follows California's alternate method of apportionment (the Teeter Plan). Under the Teeter Plan, all amounts levied are apportioned to the County and other taxing agencies regardless of whether they are collected in the current year or not. A tax losses reserve fund insures losses resulting when a property is sold for taxes, and the proceeds are insufficient to pay the outstanding amounts due.

PROPERTY TAX RATES (1)
DIRECT AND OVERLAPPING GOVERNMENTS
 LAST TEN FISCAL YEARS

Fiscal Year Ended June 30,	County- wide Rate	County Special Districts	Local Special Districts	Agency Districts	Schools	Cities	Total
1991	1.0000	.0013	.0049	.0296	.0153	.0170	1.0681
1992	1.0000	.0012	.0028	.0292	.0193	.0155	1.0680
1993	1.0000	.0011	.0071	.0345	.0153	.0192	1.0772
1994	1.0000	.0011	.0068	.0321	.0190	.0143	1.0733
1995	1.0000	.0010	.0071	.0314	.0206	.0147	1.0748
1996	1.0000	.0010	.0068	.0338	.0223	.0153	1.0792
1997	1.0000	.0010	.0064	.0309	.0263	.0148	1.0794
1998	1.0000	.0009	.0063	.0304	.0297	.0142	1.0815
1999	1.0000	.0008	.0061	.0262	.0342	.0139	1.0812
2000	1.0000	.0006	.0055	.0099	.0135	.0334	1.0629

NOTE: (1) In June, 1978, California voters approved Proposition 13 which restricted the taxing power of local government agencies. Individual agencies do not establish their own property tax rates, except for voter approved indebtedness. Instead, a County-wide rate is levied with the proceeds distributed to all agencies according to formulas specified by the State legislature. The County-wide rate is 1 percent of full cash value (\$1 per \$100 of taxable assessed valuation). The rates shown above are percentages of assessed valuation.
